GUEST LECTURE ON

"AUTONOMOUS CAR AND DEEP LEARNING"

DATE: 10-10-2018

Guest Lecture on "Autonomous Car and Deep Learning" organized on 10th October 2018. The Department of Electronics and Communication Engineering organized a Guest lecture on "Autonomous Car and Deep Learning" on 10th October 2018. The speaker for the lecture was Dr. R.J. Anandhi, Professor and Head of the Department of Information Science & Engineering at New Horizon College of Engineering, Bengaluru.

Dr. R.J. Anandhi gave an insightful glimpse into the world of Autonomous Car and Deep Learning to the enthusiastic and interested audience. She also introduced the participants to many exclusive examples and challenges in the world at large with reference to the ethical aspects which is a sensitive issue for driverless vehicles and also gave **an insight to Machine Learning which is an emerging area of research**. Audience were also introduced to live examples of how people now interact with systems based on machine learning every day, **creating an awareness in new trends** for example in image recognition systems, such as those used on social media; voice recognition systems, used by virtual personal assistants; and recommendation systems, such as those used by online retailers where machine learning shows promise of supporting potentially transformative advances in a range of areas. She

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

mentioned that the future will see plenty of social and economic opportunities coming up as a result of Deep Learning.

The excellent and most illuminating technical lecture by the Guest speaker was received with great enthusiasm. After the speech she encouraged audience to ask clarifications and they were equally enthusiastic in the questions raised and answers received. Besides students and faculty, the program was attended by Pro Vice Chancellor, Deans and Head of the Department of E & C department, Prof Shilpa Mehta.

RECENT DEVELOPMENTS IN POWER SECTOR

DATE: 18/09/2019

Department of Electrical & Electronics Engineering of Presidency University has formed forum "FLASHOVER". Various technical events are conducted to expose students to recent advances in the field of electrical engineering.

1st technical talk of this ODD semester 2019-20 was organised under FLASHOVER by Dr. Vasudev, Retired Additional Director, CPRI, Bangalore on 18th September 2019.

Brief Introduction of about the speaker:

Dr. N. Vasudev, M.E (Power System), PhD; He retired as Additional Director, CPRI; Group Head High Voltage, Insulation, Training Division at Bangalore and Ultra high voltage Laboratory at Hyderabad.

Objective:

Dr. Vasudev highlighted on the areas of present status of generation and transmission in India, growth of energy and power sector for the growth of economy, power demand in India. He also explained and showed real time insulation testing and assembly through videos, in addition he also shared his various Testing & Commissioning of HV equipment's and energy audit experiences during his services at CPRI.

The technical talk was very engaging and useful for students and faculty in updating their facts about present power sector status in India.

ELECTRO MECHANICAL ACTUATORS IN AIRCRAFTS

DATE: 23-10-2019

Department of Electrical & Electronics Engineering of Presidency University has formed forum "FLASHOVER". Various technical events are conducted to expose students to recent advances in the field of electrical engineering.

Another technical talk of this ODD semester 2019-20 was organized under FLASHOVER by on Dr. V.P.S Naidu, Scientist F, NAL, Bengaluru on 23rd October 2019.

Objective:

Dr. Naidu highlighted on the areas of modern machine diagnostics in aerodynamic systems. He showed some interesting videos related to condition monitoring of systems with the help of sensors and data acquisition devices. He also explained and showed some simulation models in MATLAB on the drive systems used in flights. He put some light on the fact that, in future, all types of mechanical failures can be detected with the help of only current sensor and position sensor. The technical talk was very engaging and useful for students and faculty in updating their facts about the present electro-mechanical actuators in flight systems.

EXPLORING THE FUNDING OPPORTUNITIES FOR STUDENTS AND FACULTY MEMBERS OF PU AT MSME TO TRANSFORM AS ENTREPRENEURS

DATE: 04-02-2020

Department of Electrical & Electronics Engineering of Presidency University has formed forum "FLASHOVER". Various technical events are conducted to expose students to recent advances in the field of electrical engineering. 1st technical talk of this EVEN semester 2020-21 was organized under FLASHOVER by Rangaprasad S N, Consultant and Former Director at MSME Development Institute, Govt. of India, Bangalore on 4th February 2020. Guest Speaker of the event - Rangaprasad S N, Consultant and Former Director at MSME DEVELOPMENT INSTITUTE, GOVT.OF INDIA.

Objective:

Mr. Rangaprasad explained how MSMEs constitute the backbone of the Indian economy, employing more than 40% of the workforce, contributing enormously to the country's GDP drawing the attention of all students. The speaker shared various challenges and opportunities to understand MSMEs. He stressed upon how Micro, Small and Medium Enterprises (MSME) sector has emerged as a highly vibrant and dynamic sector of the Indian economy over the last five decades and in addition said that MSMEs not only play crucial role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural & backward areas, thereby, reducing regional imbalances, assuring more equitable distribution of national income and wealth.

He also explained various schemes under MSME which provide financial assistances to facilitate R&D activities. The session was very useful for faculty and especially students on creating awareness on how they can explore various job opportunities through MSME.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Mr Rangaprasad S, Consultant and former director at MSME development Institute, Govt of India for** delivering a Guest Lecture on **"Exploring the funding opportunities for students and Faculty Members of PU at MSME ", on 04-02-2020 at Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for reaching, in spite of your busy schedule. Overall, the participants were enriched with your talk and gained adequate knowledge on the funding opportunities available to students and faculty members at PU which would boost the entrepreneurship sector. Once again, thank you for making the event successful and I expect your continuous support in future too.

Re: Invitation For a Talk on Importance of Professional Memberships in Higher Educational Institutes on 1st October, 6PM to 7PM.

Dr.M Kamaraju <profmkr@gmail.com>

Mon 9/28/2020 7:00 PM

To: Mr. Atyam Nageswara Rao Assistant Professor (EEE) <nageswararao@presidencyuniversity.in>
Cc: Dr. V Joshi Manohar-Prof. & HOD-EEE <joshimanohar@presidencyuniversity.in>;HOD ECE <hod_ece@presidencyuniversity.in>

Dear sir, Its great opportunity for me to deliver a talk on 1st October 2020 to prestigious presidency university students. I congratulate EEE department to start professional student chapter.i accepted your invitation and thank you.

With regards
Dr.M.Kamaraju

On Mon, 28 Sep 2020, 5:45 pm Mr. Atyam Nageswara Rao Assistant Professor (EEE), <nageswararao@presidencyuniversity.in> wrote:

> Dear Sir,
> Greetings of the day! I hope this message finds you well. On behalf of the HOD EEE (Dr. Shilpa Mehta), Program Coordinator (Dr. V Joshi Manohar), Organizer (Mr. Nageswara Rao Atyam) and power system team of EEE from Presidency University, we are honored to invite you to speak the live webinar event named as "**Importance of Professional Memberships in Higher Educational Institutes**". The event is scheduled for 1st October, from 6PM to 7PM in Microsoft Teams. This webinar being curated by Presidency group of Institutions, with an audience of about 200, made up of faculties, educators and students. Our goal is to build an awareness around the broad array of Professional memberships and the opportunities available to students and other audiences. Your discussion on this will be a great addition in starting a new and first student chapter in presidency university on behalf of electrical and electronics engineering team.
>
> We believe your voice would be a critical addition to the initiation of student chapter in PU. Please let us know by date aforementioned whether you would be available for the talk. Thank you in advance for the consideration, and we very much look forward to hear from you at the earliest.

SCHOOL OF ENGINEERING
DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Guest Lecture under Forum Activity (FLASHOVER)

Topic: "Importance of professional memberships in Higher Education Institutions"

Speaker: Dr.M.Kamaraju. Former Chairman of Institute of Engineers, AP state centre, IE, Vijayawada.

Date: 1st October 2020.

Brief Report on the Event:

The Department of EEE under IEEE student branch Presidency University had organized an online LIVE webinar on the "Importance of professional memberships in Higher Education Institutions" on 1st October 2020 from 2:00 PM to 4.00 PM for students of EEE department. The webinar was organized live online on MS Teams. The total attendees of the webinar was around 200 including faculty.

The online program was graced by the presence of the Dr. A.M Surendra Kumar, Pro-vice chancellor, Dean SOE & COE, Dean Research & Innovations Dr. C S Ramesh, Associate Dean B.S.Anadinni., Dr. Shilpa Mehta, Professor & Head of the ECE & EEE Department, Dr. Sneha Prabha T.V, Director DSA.

The speaker introduced the audience to various aspects of Professional Development and its importance. Beginning with the meaning of Professional Development, he introduced activities, events, principles, structure, characteristics, strategies, offerings and objectives of such memberships. He explained these topics in great detail along with several illustrations to support the topics. He also spoke about the advantages of professional association, the value of IEEE membership and benefits of joining professional bodies such as IEEE. He also highlighted about the Institute of Engineers, Student chapters of IETE memberships, their role in overall development of students. He focused on how these professional bodies offer scholarships for students, opportunities for attending seminars from internationally well-known

REGISTRAR

speakers and to organise their own events. He also gave some real examples of how students are benefitted in their career for associating with professional organisations.

The webinar was received with great enthusiasm by students and faculty members. Also the speaker encouraged students and staff to ask clarifications wherever required. Students enthusiastically participated and expressed their interest in holding such memberships.

Dear Abhinay,

I feel proud and felt happy to invite you as a Resource person for online webinar on " SMART GRIDS" to our department students and faculty members on 30th Jan 2021 from 10.00AM to 12.00PM. You are free to propose your title for the webinar and talk will be for the duration of 1.5 hours. The targeted audience will be 4th, 6th, 8th Semester Students and faculty members of the EEE department.

The brochure and invitation link will be sent to you once, if you propose title for the webinar. I request you to send your picture and short biodata as early as possible in the same loop.

I surely believe that your talk will enlighten the students and will provide constructive inputs to all students and faculty members in the area of smart grids. Hope to see you soon.

Regards
Dr Joshi

Guest Lecture under Forum Activity (FLASHOVER)

Topic: "Power Evacuation Study for Wind and Solar Hybrid Project"

Speaker: Mr. Abhinay Sri Teja. Senior Power Systems Engineer, Enzen Global Solutions PvT Ltd, Banglore

Date: 30th January 2021.

Brief Report on the Event:

The Power System Research Group, Department of EEE under IEEE student branch Presidency University had organized an online LIVE webinar on the "Power Evacuation Study for Wind and Solar Hybrid Project" on 30th January 2021 from 10:00 AM to 12.00 PM for students of EEE department. The webinar was organized live online on MS Teams. The total attendees of the webinar was around 175 including faculty.

The online program was graced by the presence of Dr. Venkataramu Dean Academics, Dr. C S Ramesh Dean Research & Innovations, Dr. Sneha Prabha T.V Director DSA, Dr. V Joshi Manohar Head of the EEE Department, Mr. Nageswara Rao A M.Tech (Ph.D.), Mrs. Ramya N Rao M.Tech (Ph.D.), Mrs. Jisha L K M.Tech(Ph.D.), Mr. Bishakh Paul M.E

The speaker started the webinar by providing a brief overview on the project he had worked on previously. He explained the current Indian Generation Scenario. He illustrated the present Renewable Energy Sources capacity in India and targeted Renewable Energy Sources capacity for India by the year 2022 with the help of various graphs and pie charts. He also explained the initiatives taken by the government for facilitating large scale Integration of Renewable Energy. He then discussed various studies in Renewable Energy Integration like Load Flow studies, Short Circuit studies, Stability studies etc. in detail. He also comprehensively explained a case study with a help of maps and figures. Finally, he guided the students on how to start a career as a power system Engineer and gave an overview of various opportunities for Electrical students especially in the field of power systems.

REGISTRAR

The webinar was received with great enthusiasm by students and faculty members. Also the speaker encouraged students and staff to ask clarifications wherever required. Students enthusiastically participated and various questions were asked by Faculty which were answered in detail by the speaker.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, we wanted to express our appreciation to our speaker **Mr Abhinay Sri Teja**, Senior Power Systems Engineer, Enzen Global Solutions, PVT LTD, Bangalore, for **Industry- Institute Interaction webinar on "Power Evacuation Study for Wind and Solar Hybrid Project"** conducted on 30-01-2021. It was extremely informative, and the class size and participation illustrated the importance of this topic to the participants.

You are an excellent speaker and we appreciate you for taking time to provide us with the timely information. The positive responses to the seminar are a reflection of your credibility.

Once again, thank you for making the seminar successful and we appreciate your continued support.

Sincerely,

1/2/2021

Dear Sir,

Greetings of the Day from Presidency University, Bengaluru!!!

We are very honoured to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions [PGI], which has and continues to be active for more than a decade and half in higher education.

We are happy invite you as our resource person for the online webinar on **"Multiphase Machines for Electric Vehicles"** on 13th Feb 2021 as a part of annual series of events conducted by the department of Electrical & Electronics Engineering, Presidency University, Bengaluru. This event is organised on the occasion of 174th birth aniversary of Thomas Elva Edision to facilitate research activities on recent socio-technical advancements in the field of electrical engineering.

As you are one amongst the well-known in the area of your specialisation and expertise, we are very sure your deliberation and participation will surely benefit the participants. We hope this interaction will continue for long fruitful educational and professional exchanges.

We request you to accept our invite for your session on **13th Feb 2021**, saturday from **10.00 am –12.00 pm.** The Inauguration of the program is scheduled between **10.00am to 10.20 am**

We look forward to the limitless possibilities of this relationship. With great happiness we are looking forward for your session.

Note: Meeting will be scheduled in Ms teams and will be communicated by our faculty co-ordinator.

Thanking you,

Itgalpura, Rajanukunte, Yelahanka, Bengaluru – 560 064

Date:13/2/2021

The Department of EEE, SoE, organized an online LIVE webinar on **"Multiphase Machines for Electric Vehicles"** on 13th February 2021, on the occasion of 174th birth anniversary of Thomas Alva Edison, from 10:00 AM to 12 PM. A total of 220 internal participants including students & the staff members of EEE department and 130 participants including faculty members and research scholars of various other institutions across the country, had joined the webinar. The speaker for the event was Dr. Prathap Reddy B, Postdoctoral Research Fellow at Qatar University, Qatar.

Dr. Prathap Reddy B received his Doctor of Philosophy from IIT Hyderabad, in the year 2019. As an intern in Nissan Motor Co. Ltd, Japan, he worked on design of High Temperature Superconducting Induction Motor (HTS IM) and Permanent Magnet Motor design for Electric Vehicles by using the J-Mag FEM Software. He is currently working as a Postdoctoral Research Fellow at Qatar University, in the area of Design and Implementation of Multiphase Machines for Electrical Vehicles. He has published more than 16 journal papers in which, 13 are IEEE transaction papers. He has presented many conference papers at international levels. He has also filed a patent for "Multiphase Induction Motor Drive for Gearless Electric Vehicles" US Patent, filed by Qatar University office of Research, which is under review.

The online program was graced by the presence of the Dr. A.M Surendra Kumar (Pro-Vice Chancellor & CoE), Dr. Abdul Sharief (Dean-SoE) and Dr. Snehaprabha T V (Director – DSW & Professor - Dept. of EEE). The program was convened by Dr. V Joshi Manohar (HoD - Dept. of EEE) and coordinated by members of Automotive Research Group of EEE dept., Mr. K Sreekanth Reddy, Mr. Ravi V Angadi, Mr. Sukumar S J and Ms. Ragasudha C P.

The webinar started with remembrance of the great inventor Thomas Alva Edison (February 11, 1847 – October 18, 1931). The session started at 10:00 AM with the blessings and wishes from invited dignitaries. Dr. Prathap Reddy B, the speaker introduced the audience to the importance of Electric Vehicles over ICE vehicles in the present global scenario. The presentation covered very informative material on the advantages and challenges of multiphase machines for electric vehicles. Finally, Dr. Prathap Reddy spoke about Multilevel inverter

configurations used for this multiphase machines, super conductor based induction motors, battery charging configurations, power converter design and the research scope in the area of EV power trains.

The question answer session saw enthusiastic participation from students, research scholars and the faculty members. The program concluded with a vote of thanks.

Snapshots from the event are attached below.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, we wanted to express our appreciation to our speaker **Dr. B. Prathap Reddy**, Postdoctoral Research Fellow, at Qatar University, Qatar, for **the online webinar on "Multiphase Machines for Electric Vehicles"** conducted on 13-02-2021. It was extremely informative, and the class size and participation illustrated the importance of this topic to the participants.

You are an excellent speaker and we appreciate you for taking time to provide us with the timely information. The positive responses to the seminar are a reflection of your credibility.

Once again, thank you for making the seminar successful and we appreciate your continued support.

Sincerely,

18/2/2021

Dr V Joshi Manohar

Subject: Invitation as a resource person-Reg

Dear Sir,

Greetings of the day from Presidency University, Bengaluru!!!

We are very honored to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions [PGI], which has and continues to be active for more than a decade and half in higher education.

We are happy invite you to be the resource person for an online webinar titled - **"Need of a Flexible Manufacturing System in a modern automotive industry" on 3rd July 2021** as a part of annual series of events conducted by the department of Electrical & Electronics Engineering, Presidency University, Bengaluru. This event is organized to facilitate research activities, Industry – Institute Interaction on recent socio-technical advancements in electrical engineering. This programme has been planned to organize using Ms Teams platform and the coordinators will guide you in advance.

As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. We hope this interaction will continue for long fruitful educational and professional exchanges.

We believe this date will suit you and we shall greatly thankful if you could convey your acceptance at the earliest.

We look forward to the limitless possibilities of this relationship. With great happiness we are looking forward for your session.

Thanking you,

Regards
Dr Joshi

Need for a Flexible Manufacturing System in the Automotive Industry

Date:03/07/2021

The Department of EEE, SoE, Presidency University in association with Centre for Innovation Incubation and Entrepreneurship (CIIE), Presidency University organized an online webinar on **"Need for a Flexible Manufacturing System in the Automotive Industry"** on 3rd July 2021, from 10:00 AM to 11.30 AM. A total of 70 internal participants including students & the staff members of EEE and Mechanical Engineering department of Presidency University and 20 participants including faculty members and research scholars of various other institutions across the country, had joined the webinar. The speaker for the event was Dr. Palavesa Murugan R, Head of Change Management Committee (CMC), Ashok Leyland Ltd, Chennai.

Dr. Palavesa Murugan R joined in Ashok Leyland as a Diploma engineer trainee in 1994. He is richly experienced in vehicle assembly associated with manufacturing of ICV, MDV & HGP commercial and passenger vehicles. He holds a BS degree in Industrial Engineering and Technology from BITS PILANI and an MBA in Operations Management from IGNOU. He received his Doctorate from HITS School of management in 2020. He has also completed the Operational excellence program from IIM Bangalore. He has won international award for Quality Circle Project Facilitation from QCFI and was awarded with the "Hinduja Excellence award" from the Chairman of Ashok Leyland during 2016.

The online program was graced by the presence of the Dr. C S Ramesh (Dean, Research & Innovations), Dr. B V Prabhu (Associate Dean, Professional Practice Program) and Dr. S Ramesh (HOD –Mechanical Engineering). The program was convened by Dr. V Joshi Manohar (HoD - Dept. of EEE) and coordinated by members of Automotive Research Group of EEE dept., Ms. Ragasudha C P , Mr. K Sreekanth Reddy, Ms Jisha L K, and Mr. Sukumar S J.

The session started at 10:00 AM with the blessings and wishes from invited dignitaries. **Prof. (Dr) Ramesh C S,** Dean, Research and Innovations, Presidency University Bangalore, formally addressed the dignitaries, the speaker and the participants of the webinar. He narrated the importance of Flexible Manufacturing System in the Automotive Industry and appreciated the department of EEE for organizing such interdisciplinary webinars.

Prof. (Dr) B V Prabhu, Associate Dean, Professional Practice Program, Presidency University Bangalore, addressed the dignitaries and participants and also extended a warm welcome to the speaker He motivated the students of EEE and ME by briefing about the significance of the topic of webinar in the current scenario.

Prof. (Dr) Ramesh S, HOD –Mechanical Engineering, Presidency University, Bangalore addressed the dignitaries, the speaker and the participants and gave a brief explanation about "What is flexible manufacturing system and its need in the vehicle industry".

Prof. (Dr) V Joshi Manohar, HOD - Dept. of EEE, Presidency University, Bangalore, welcomed the dignitaries, the speaker and the participants. He briefed about the objectives of this webinar and highlighted the importance of interdisciplinary webinars to the participants. He also extended his gratitude to the guest speaker for accepting the invitation and joining for the event.

Ms Ragasudha C P, Assistant Professor, Dept of EEE, introduced the honorable speaker after which the session was handed over to speaker. Dr. Palavesa Murugan R, the speaker explained about the importance of customer satisfaction, Market scenario, Product innovation-Lego Principle of Modularity etc. He also gave an insight to Indian commercial vehicle industry, challenges in meeting changing customer demands and industrial evolution happening in vehicle manufacturing technology. Finally, Dr. Palavesa Murugan spoke about transition from Diesel vehicle to Electric Vehicle, Manual to automatic transmission systems and the influence of Electrical and Electronics on the Vehicles.

The question answer session saw the enthusiastic participation from students, research scholars and the faculty members. The program concluded with a vote of thanks.

Snapshots from the event are attached below.

LETTER OF APPRECIATION

On behalf of the Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express our appreciation to **Dr. Palavesa Murugan R,** Head of Change Management Committee (CMC), Ashok Leyland Ltd, Chennai, **as a Resource person for a webinar on "Need for a Flexible Manufacturing System in the Automotive Industry"** conducted on 03.07.2021 at Presidency University, Bengaluru, KA.

It was extremely informative, and the class size and participation illustrated the importance of this topic to the participants. The efforts you have put in to create awareness among people on Need for a Flexible Manufacturing System in the Automotive Industry. Your patience in conducting hands on sessions are highly appreciated and received good attention from the participants.

Once again, thank you for making the workshop successful, and I expect the same support in the future too.

Sincerely

Dr V Joshi Manohar
Head of the Department
Electrical and Electronics Engineering
School of Engineering

WEBINAR ON
"APPLICATION OF ARTIFICAL INTELLIGENCE AND MACHINE LEARNING IN AUTOMOTIVE INDUSTRY"

Date: 31.07.2021

Motorsports club of Presidency University hosted a webinar on 31st of July 2021 from 9:00 AM to 11:30 AM on the topic of Applications of Artificial Intelligence and Machine Learning in automotive industry rendered by our speaker Dr. Smitha Rao, who is a professor in the school of Computation and Data science at Vidyashilp University Bangalore. She is adept in curriculum development, classroom instruction and research activities.

We received a total registration of 160 students out of which a total 140 plus students attended the webinar. The webinar started with the introduction by Dr. Snehaprabha T V (Director, Division of Student Welfare), Dr. C S Ramesh (Dean, Research and Innovation) along with presence of Mr. Ravi V Angadi (Assistant faculty advisor EEE) followed by a welcome speech by the motorsports club.

The session was then continued by Dr. Snehaprabha mam and she rightly started off the session by stating "Intelligence is the ability to acquire and apply knowledge and skills". This was then continued with a very engrossing webinar covering the topic of basics of artificial intelligence and machine learning, the way AI is used in cars, implementation of machine learning in automobile, industrial overview, real time examples and scope of this filed as a career choice.

It was an interactive webinar covering all possible points on the topic with information put together and taught in an interesting manner with

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

sufficient pictures, audio clips and videos meeting all the needs of the webinar.

A question-answer round was conducted at the end of the session where students cleared all the doubts they had. Lastly the webinar ended with a vote of thanks by the motorsports club. We received really Positive feedback from the students who attended the webinar who were awarded with the certificate of participation sent via Email.

WEBINAR ON EXPLORING COMPUTER VISION WITH MICROSOFT AZURE

DATE: 12-08-2021

The webinar was focused on teaching students about the topic of 'Computer Vision with Microsoft Azure'. And, it covered various sub-topicsas stated below:

- Introduction to Microsoft Azure
- Cloud Computing
- Benefits of Cloud
- Benefits of Microsoft Azure
- Services offered by Microsoft Azure
- Setting up Microsoft Azure
- Computer Vision
- Image Analysis on Microsoft Azure
- Analytical Tasks using Computer Vision Service

The webinar went smoothly, and **every student was able to learn the basic concepts and theory behind 'Cloud Computing' and 'ComputerVision'**.

And a project called 'Image Analysis using Azure', covered all theoretical concepts and was coded in the duration of the webinar, to givestudents an overview of using 'Computer Vision with Microsoft Azure'.

The event went on without any problem, and the students were also allowed to ask their doubts in the live session.

Event Timings: 6:00 – 8:00pm IST

Total Attendance: 103

Event Host: Euhid Aman

Exploring Computer Vision with Microsoft Azure

Join us on 12 August 2021 from 6pm to 8pm

Join Meeting

Hello Everyone!!

Hope you and your family are doing fine in these tough times.

So, All of you must have heard about AI/ML at least once in your life !!
And, some of you must be actively planning about it too !!

So, why not join this Online Event regarding
"Exploring Computer Vision with Microsoft Learn" !!

You will learn the following things in the Online event

- Introduction to Microsoft Azure
- Cloud Computing
- Benefits of Cloud
- Benefits of Microsoft Azure
- Services offered by Microsoft Azure
- Setting up Microsoft Azure
- Computer Vision
- Image Analysis on Microsoft Azure
- Analytical Tasks using Computer Vision Service
- Image Analysis Project

So, what are you waiting for !!
Register Now : https://forms.office.com/r/[illegible]

*Note : Click on the blue button 'Join Meeting' to join the meeting on 12 August 2021 at 6pm IST.

WEBINAR ON SELECTION OF ELECTRIC COMPONENTS IN SOLAR ELECTRIC VEHICLE

Date: 21.08.2021

Motorsports Club of Presidency University hosted a webinar on the Selection of Electric Components in Solar Electric Vehicle of 21st of August 2021 from 11am to 12PM. The webinar was delivered by the speaker Mr. Ajith Singh Jadon, CEO and Founder of SUVC.

We received a total registration of 56 students out of which a total 45 students attended the webinar. The students who attended the webinar were of Presidency University alone.

The webinar started with an introduction of the topic and introducing our speaker, along with the introductory speech from our Faculty Coordinator, Mr Ravi V Angadi, Assistant professor in the Department of EEE.

The speaker continued the webinar for the next hour and **enlightened us about the various components in a solar electric vehicle and shared some of his experience in the field of solar industry highlighting its new trends**. The webinar is considered to be satisfactory and majority of the topics were covered by the speaker. The webinar was quite interactive and speaker managed to respond to some of the questions by the students.

The meeting was concluded at scheduled time and vote of thanks was given by the students of motorsports club of Presidency University.

Invitation for guest lecture-Reg

Dear Sir,
Greetings from Presidency University, Bangalore!!
As a part of Forum activities of Department of Electrical & Electronics Engineering, Presidency University, I invite you to deliver a guest lecture on **"Future scope of DC-DC converters"** on 01/09/2021, 3.30PM to 4.30PM. The target audience are faculty members of EEE department & students of all semesters. Your expertise and experience in the selected topic will be highly beneficial for our faculty & students.
I hope you will be able to accept this invitation.
With Thanks,
Dr Joshi Manohar,
HOD, EEE
Presidency University,
Bangalore.

A brief Report on

Guest Lectures/Technical Talks under Forum Activity –

"FLASHOVER" – AY: 2021-22 (Fall semester)

Guest lecture was delivered by **Ms. Poorna Sen**, Research scholar, Indian Institute of Technology Delhi on "Future scope of DC-DC Converters" for EEE students and staff under department forum activities on **1st September 2021** online via MS TEAMS.

Owing to depletion of fossil fuels, we are witnessing a transition towards renewable energy sources for meeting the electrical demand of the consumers. It is imperative to design highly efficient converters for seamless integration of Renewable energy sources to Power Grid due to which a session on this particular topic was arranged. The speaker started the session with Introduction to DC-DC Converters and the types of DC-DC Converters. The operation of the basic DC-DC Converters with the help of waveforms and equations were explained. She highlighted the areas in which Engineers and researchers can work collaboratively to improve the performance and efficiency of the converters. She also explained the current technology and research work being carried out as per the industry and research requirements. Various software tools were discussed which could be used for simulation and analysis of DC-DC converters. Formulas for calculating the output voltage of buck converter, boost converter and buck boost converter were thoroughly explained with the help of supporting concepts. By combining two buck converters, quasi buck converter circuit could be obtained which is more efficient as compared to regular buck converter. Operation of switched mode power converters were explained in details.

The session was highly interactive and useful for the student community, and all the student queries were well addressed by the speaker.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Ms. Poorna Sen, Research Scholar, Indian Institute of Technology, Delhi for** delivering a Guest Lecture on **"Future Scope of DC-DC Converters", on 01-09-2021 at Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for reaching, in spite of your busy schedule. Overall, the participants were enriched with your webinar and gained adequate practical and conceptual knowledge on different types of DC-DC Converters used in various applications, their operating principle and issues of operation. Once again, thank you for making the event successful and I expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar

INTRO SESSION TO LEARN MORE ABOUT GOOGLE DEVELOPER STUDENT CLUB

DATE: 14-09-2021

Club Name	GDSC PU
Event Date	@September 14, 2021
Event Type	Virtual
Faculty Coordinator	Shaleen Bhatnagar - CSE
Link	https://gdsc.community.dev/events/details/developer-student-clubs- presidency-university-bengaluru-presents-intro-to-gdsc-presidency- university/
Occasion	No
Organizers/Hosts	6
Participants	81
Student Coordinator	Trehan Sangpriya - 20191CSE0646 - 5CSE12
Theme	Info Session Live Event

Meeting started at 04:05PM

Agenda Covered:

1. **What is GDSC?**
2. **Meet GDSC PU**
3. **Meet the Team**
4. **Benefits of joining GDSC**
5. **Join GDSC PU (Forms to be released by 19th September)**

- Agenda was covered by 04:35 followed by Question, Answers with the students till 04:55PM
- Ending note given at 04:59PM.
- Event ended at 05:00PM.
- This is the link to the Event page along with the YouTube video and event photos.

INTRODUCTION TO GIT AND GITHUB

DATE: 16-09-2021

Microsoft Learn Student Ambassadors Club of Presidency University organized a webinar on "Introduction to GIT and GITHUB" on 16th September 2021.

No. of Students registered: 305

No. of Participants: 142

The webinar was focused on teaching students about the topic of 'Introduction to Git and GitHub'. And, it covered various sub-topics as stated below:

- Introduction to Version Control
- What is Git?
- Basic Git Commands
- Exploring GitHub
- How to create your first pull request?
- Benefits of contributing to Open-Source

The webinar went smoothly, and every student was able to learn the basic commands and theory related to 'Git' and 'GitHub' showcasing how useful these tools are in the next generation of software development.

The event went on without any problem, and the students were also allowed to ask their doubts in the live session.

WEBINAR ON ISPIRATION 4 – LIVE STREAM

DATE: 16-09-2021

Objective**:** To encourage and create awareness about the current trends and future developments in the field of **SPACE TRAVEL** for both science and tourism.

Occasion: The first fully commercial space flight to the orbit by SpaceX and the mission was called Inspiration4.

Streaming Platform: MS teams.

Date: 16 September 2021.

Time: 5:00 am to 6:30 am.

Host: P Harsh Chaurasia.

Number of attendees: 12.

Promotion: WhatsApp, Instagram.

Outcomes/Conclusion:

1. Was able to recognize the students who are really motivated in the field of aerospace.
2. By end of the launch, **engaging discussions that were on how space-related technologies work and their future creating an impact on students.**

30 DAYS OF GOOGLE CLOUD KICK OUT

Date: 26.09.2021

Google Developers Students Club organized 30 days of google cloud kick out on the 26th of September, 2021. The meeting started around 4:40 pm through virtual mode and many agendas were covered such as:

- What is Google Cloud Campaign?
- Syllabus and Tracks
- Benefits
- How to complete the quests?
- Live Questions and Answers with students

Around 78 students participated and Shaleen Bhatnagar, Asst.Professor from CSE is the faculty coordinator of this event. **Students benefited from this event and had a better understanding of this technology.**

WEBINAR ON CURTAIN RAISER

DATE: 25-09-2021

The Science Club of Presidency University has organized "CURTAIN RAISER 2021" on 24 September 2021 at 6.30 pm. The event was one and a half hour, it started from 6.30pm and continued till 8.00pm. The main objective of the event was to introduce the Science Club and the ideology of this Club and to make audience familiar about the upcoming events.

The event began with a formal welcome by student coordinator Mr Yogesh. He gave an introduction about the history of Science in technology and extended a warm welcome to the Chief Guest Dr. Pradeep Bhaskar, Assistant Professor, Department of Physics, Presidency University to share his knowledge. Dr. Pradeep Bhaskar spoke about How engineering can be applied for Physics? **Applications of Physics in software organizations related to FEA, simulations, augmented reality, AI and ML were highlighted creating an awareness to students.**

The student coordinators Ms. Yamini and Mr. Nithya Sai gave interesting presentations on the importance of science in everyday life and the current development in technology. 17 students and 4 faculty coordinators participated in the event. The faculty coordinators, Dr Saravanan C and Dr Mohankumar P appreciated the students for their presentation. The event was concluded by the vote of thanks by Dr Deepthi P R, science club faculty coordinator.

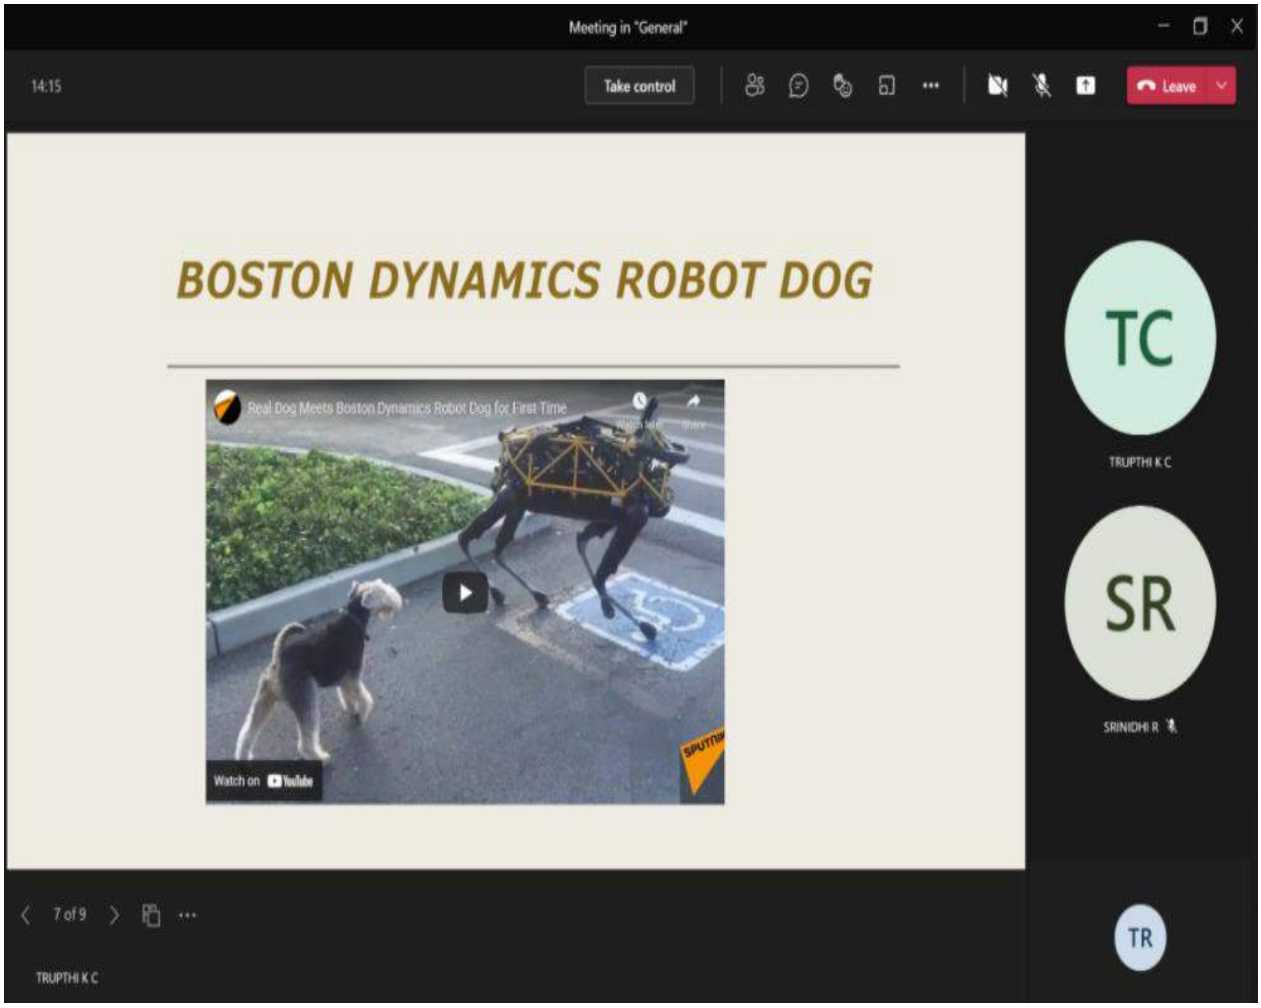
STUDENTS TALK ON ROBOTICS ON

Date: 2.10.2021

A webinar was organised on "**Students talk on robotics**" by "**ROBOTICS CLUB**" to discuss and convey their thoughts about robotics. Robots are described as "a giant – though shaky – step toward the long-anticipated age of humanoid robots" by The New York Times. **The objective of the event was to introduce students to the new trends in robotics.**



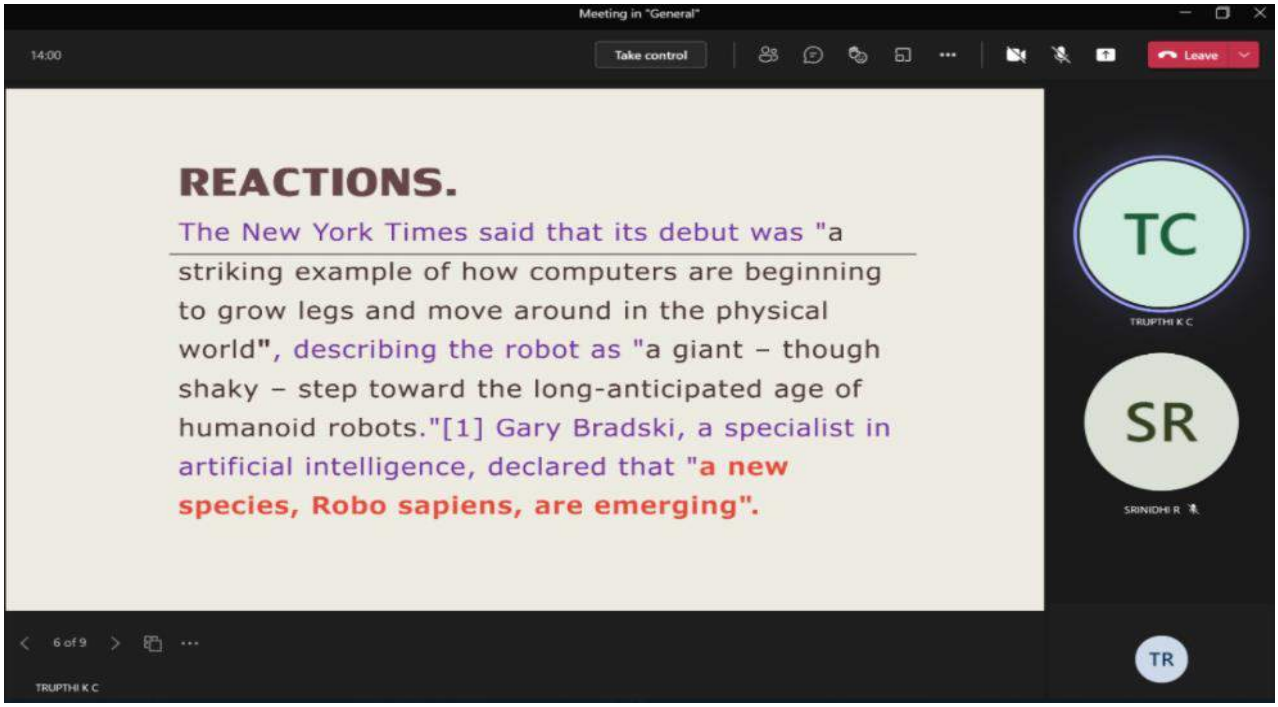
Picture: Webinar on Robotics

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

A Google forms feedback link was also shared with all registered members to collect the ideas for upcoming projects.

Webinar and the group discussion went successful and attracted lot of positive response from the participants. There were 8 students who enrolled for talk on robotics.



Picture: Student talk on Robotics

Faculty coordinators of the Robotics Club Dr. Pradeep Bhaskar, PHYSICS mentioned the viewpoint about the topic and general perspective. The participant and the event hosts maintained the basic decorum. Participant presented their PPT and conveyed their thoughts on robotics. The participant interacted well throughout the whole session and completed successfully.

On Saturday, 25 September, 2021, 02:02:23 pm IST, HOD EEE <hod_eee@presidencyuniversity.in> wrote:

Dear Sir,

Greetings of the day from Presidency University, Bengaluru!!!

We are very honored to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions [PGI], which has and continues to be active for more than a decade and half in higher education.

We are happy invite you to be the resource person for an online webinar titled - **"Gas Insulated Substations" on 9th October 2021(Second Saturday) as** a part of annual series of events conducted by the department of Electrical & Electronics Engineering, Presidency University, Bengaluru. This event is organized to facilitate research activities, Industry – Institute Interaction on recent socio-technical advancements in electrical engineering. This programme has been planned to organize using Ms Teams platform and the coordinators will guide you in advance.

As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. The target audience will be faculty members of various colleges, research scholars and students. We belive this interaction will continue for long fruitful educational and professional exchanges.

We believe this date will suit you and we shall greatly thankful if you could convey your acceptance at the earliest.

We look forward to the limitless possibilities of this relationship. With great happiness we are looking forward for your session.

Thanking you,

Regards

GAS INSULATED SUBSTATIONS

DATE : 09/10/2021

The Department of EEE, SoE, Presidency University has organized a webinar titled, **"GAS INSULATED SUBSTATION" on** 09th October 2021. Around 120 participants including faculty members, PG and UG students had participated. Dr. Nagabhushan Patil , HOD - EEE, PDA College of Engineering, kalaburagi , India was the honored speaker.

The program was graced by the presence of Dr. Snehaprabha T V (Former Dean Student's welfare & Professor - Dept of EEE) and the Program was coordinated by Ms. Ramya K and Mr. Sarin M V. The session started at 10:00 AM with the blessings and wishes from invited dignitaries.

Dr. Snehaprabha T V, Dean, department of student's affairs and professor in Department of EEE invited the speaker and addressed the participants. She shared her thoughts and about research on Gas Insulated Substation.

Ms. Ramya K introduced the honorable speaker after which the session was handed over to speaker. Dr. Nagabhushan introduced various schemes on Gas Insulated Substation and explained in detail about the Substation, Air insulated Substation (AIS), and the need of Gas Insulated Substation (GIS) ,the origin of Gas Insulated Substation technology, Clearance for GIS, And how it is environmentally Protected System , the Properties of SF6 and drawbacks of SF6 and various other concepts about Gas Insulated Substation.

Dr Abdul Sharief, Dean, SoE appreciated the speaker and addressed the participants. He rightly pointed out the objective of this webinar and encouraged the students with spirit of research and Innovations.

REGISTRAR

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering School of Engineering, Presidency University, Bangalore, I wish to express my heartfelt gratitude and appreciation for being a Resource Person in a live webinar on "Gas Insulated Substations" on 9th October 2021 in between 10.00 AM - 11.30AM. The talk was extremely informative and involved participation of the attendees illustrated the relevance of the topic.

We appreciate you for taking time to provide rich research content. The positive responses of the talk are a reflection of your credible work and ignited the spark of research.

Once again, thank you for making the event successful and anticipate your kind support in future too.

Sincerely,

11/10/2021

WEBINAR 1 ON "INTRODUCTION TO MOBILE COMPUTING" ANDROID DEVELOPMENT ENVIRONMENT

DATE: 12-11-2021

"Introduction to Mobile Computing – Android Development Environment" Webinar-I series held on 12th November 2021 to create awareness on Android Operating System. The objective of this webinar is to explain the necessity of Android OS, which is used in human lives day to day. Mrs. Poornima delivered the welcome speech and introduced the speakers to the audience. Dr. Saira Banu Atham inaugurated and gave a brief introduction on the need of Android OS. Mr. Y. Abhishek delivered the presentation on "Introduction to Mobile Computing". He introduced Mobile Computing Concepts, Pros and cons of it, Architectures of Mobile Computing, and recent development in mobile computing.

Mr. Keerthi Raj introduced "Android Development Environment" and explained the concepts of Android environment, Android SDK, Tools, etc. with very interactive contents.

It was an interactive session and the students enjoyed asking their questions. Dr. Saira Banu Atham concluded the event by giving a vote of thanks. Around 50 students registered and attended the webinar. Finally, **the participants benefited from these presentations giving a better exposure on "Android Environment Development"**.

PCOS AWARENESS BY PCOS ASSIT

DATE: 23-10-2021

The PCOS AWARENESS by PCOS ASSIT held on 23rd of October, 2021 was an extension to the event that was held on 15th of September, 2021 at Presidency University to **raise awareness regarding PCOS**. During the webinar **AI (artificial intelligence) mobile-powered application, named PCOS ASSIT was introduced which will assist young girls and women diagnosed with PCOS at the comfort of the home**. The webinar started at the scheduled time with moderators mentioning of code of conduct to be followed by the Audience, the introduction of the faculty Guest lecturers, and faculty coordinators. **Professor Nirmal Kaur highlighted the mental trauma a female undergoes, suffering from PCOS and she also mentioned the usage of natural remedies, yoga, naturopathy & mediation for a permanent relief**. Dr. Manisha then spoke about the medical reasons, remedies & reasons for PCOS. She also appreciated that events like these would help create more awareness and people will be able to help females at their home workplace to encounter this issue. The Webinar was also followed by a panel discussion and questions received earlier via Google forms were asked & the audience was also encouraged to ask live questions during the webinar. After the panel discussion the team of "app" developers was introduced by their head Mrs. Tasni Thaha Kutti followed by a brief presentation on the working of the app and a live demonstration of the app was also conducted. Around 50 participants took part in this webinar. Towards the end, the public queries were jointly answered by the guest speakers, Dr. Manisha Murugesan, Ms. Nirmal Kaur, Dr. Prachi Beriwala, and Mohana Datla (App Developer). The event was concluded with a vote of thanks by Ananya K- Student Co-Coordinator.

SEMINAR ON EVOLUTION OF POWER

Date: 27.10.2021

The Motor Sports Club of Presidency University organized a seminar on "Evolution of Power" on 27th October 2021 at 3:20 pm. The resource person was **Mr. Anjum Bhattacharya,** (Retd. Vice President of Tata Consulting Engineers Ltd) in the campus auditorium. The faculty coordinators were Mr. Ravi Angadi, Asst. Professor (Electrical and Electronics Department) and Dr. Madhusudan Asst. Professor (Mechanical Department) and the student coordinators were Abhilash R (20181MEC0004 7-MECH1) and Sidharth Abith Nambiar (5IST3, 20191IST0146).

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The main objective of this event was to interact with students to give some knowledge about how power evolved through decades and to underline its value. The program Chair Ayman Banu started this enthusiastic event by welcoming the speaker **Mr. Anjum Bhattacharya** and participants and introduced the Motorsports Club. The following topics were covered: product supply chain, electricity usage and its importance; the electricity-product supply chain, different ways of consumption of power, distribution of energy, difference between AC power and DC power where we get to know the major differences and the evolution of power worldwide.

A total of 60 participants benefited from the program which was very informative. The question answer session was very interactive which enlightened students' knowledge on the concept of evolution of power. This program was then concluded with a vote of thanks by Mehul Mohideen.

WORKSHOP ON GRAPHIC DESIGN FOR BEGINNERS BY GRAPHICS AND ANIMATION CLUB

DATE: 13-11-2021

Graphic and Animation Club organized a workshop on "**Graphics Design"**. The Workshop was held for Beginners on 13th November 2021. This was an extension to the session that was held on 1st November 2021 at Presidency University, Bangalore. **The Workshop was held to teach the students the basics of graphic design skills.**

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The Graphic and Animation Club Faculty coordinator, Karthik- Asst. Professor MECH, began the session by explaining the following topics:

- The color theory.
- The color wheel to have a better understanding of the color schemes.
- The different types of colors such as secondary colors, complementary colors, and so on.
- The basic tools of Adobe Photoshop, such as the pen tool and typography.
- The usage of the colors in Photoshop, and the color theory and the brushes in Photoshop.
- The usage of a selection tool, such as how to change the background of the picture without any change on the focus, and how to add an image in a font.
- The different types of pages available in Photoshop.
- The usage of shape tool.

The session ended with the perspective tool and how to align the image and font in a certain perspective. The session was concluded with a question and answers session from the participants.

Around 18 students participated in this workshop that includes members of the Graphic and Animation club and students.

WEBINAR ON LIGHT-DRIVEN NANO BIO MACHINES

DATE: 13-11-2021

Nano Science & Technology Club in association with the Department of Chemistry, Presidency University has invited Dr. Sunil Kumar K R, Ph.D. (Japan), Assistant Professor for delivering an invited talk on the topic "**LIGHT-DRIVEN NANO BIO MACHINES**" to the students and faculty members of all the schools of Presidency University. This webinar was conducted through online mode (Zoom) on 13th November 2021 (Saturday). The webinar started at 10:30 AM, Mr. Nitish Kumar Sake (student coordinator) welcomed the speaker and all the attendees followed by the brief introduction of the speaker. There were 30 participants (28 - students and 2 - faculty members) from 41 participants registered (37 - students and 3 - faculty members and 1 - guest speaker).

Dr. Sunil Kumar K R, in his speech on "LIGHT-DRIVEN NANO BIO MACHINES", educated the participants on the importance of Nano Sciences & Technology. He explained how a cell is basically a miniature factory, which contains a large number of dedicated protein machines to perform various mechanical functions. Kinesin is a linear motor protein that transports cargos such as organelles, chromosomes, and vesicles along cytoskeletal tracks using chemical energy from ATP. In terms of energetic efficiency, biological machines can be superior to currently available man-made machines. Inspired by these natural wonders, it is worth developing Nano molecular machines that exhibit controlled mechanical motion and perform sophisticated tasks in an artificial environment. In the future, molecular machines can be utilized for applications ranging from the controlled delivery of a therapeutic cargo in our body to the active separation (sorting) of molecules for the analysis with high sensitivity.

The webinar was very effective and thought-provoking, giving a better understanding of Nano Sciences and Technology. Question and answers of the participants were addressed by Dr. Sunil Kumar K R. Vote of thanks was given by Mr. Monish Kumar (student coordinator).

WEBINAR 2 ON INTRODUCTION TO MOBILE COMPUTING: ANDROID DEVELOPMENT ENVIRONMENT

DATE: 19-11-2021

"Introduction to Mobile Computing – Android Development Environment" Webinar-II series held on 19th November 2021 to create awareness on Android Operating System. It is the continuation of Webinar 1 on "Introduction to Mobile Computing" held on 12th November, 2021. The intent of this webinar is to create awareness on mobile apps, and their relevance. Mrs. Poornima delivered the welcome speech and introduced the speakers to the audience. It is intimated that minimum of 75% attendance is mandatory in the 5 consecutive Webinar Series. The webinar started at scheduled time by faculty coordinators, followed by it guests and students. Dr. Saira Banu Atham inaugurated and gave a brief introduction on the need of Android OS. Mr. Keerthi Raj delivered **hands-on experience to participants on how to control their own Mobile Battery.**

Participants experienced the Operations available on Mobile Battery. It was an interactive session and the students enjoyed asking their queries. Mr. Zeeshan Ali gave **a presentation on App Named "Remote Control Access" to participants.**

The webinar created an awareness to the participants on how to control electronic devices with RCA App. The session was addressed by Mr. Thosik who explained various mobile apps which is used in our day to day life. All the three speakers addressed the participant's live queries at the end of the webinar. Dr. Saira Banu Atham concluded the event by giving vote of thanks. Around 47 students registered and attended the webinar. Finally, **the participants got enough exposure on "Mobile Apps and its relevance" via this webinar.**

Dear mam,

We are happy invite you as a resource person for a live a webinar on a topic of **Gender sensitization** on 25th October 2021 at 3.15PM as a part of annual series of events conducted by the department of Electrical & Electronics Engineering, Presidency University, Bengaluru. This event is organized to create awareness on gender sensitization among faculty members, students and external participants.. This is scheduled on Ms Teams platform and the coordinators will guide you in advance.

As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. We believe this interaction will continue for long fruitful educational and professional exchanges.

We request you to accept our invitation your acknowledgement is highly appreciated.

Thanks & Regards

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Dr. Snehaprabha T V, Former Director DSA and Professor EEE, SoE Presidency University** for acting as a resource person for an Industry Institute Interaction Webinar on **"Unconsious Bias Practices in our Society", on 29-11-2021 at Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for reaching, in spite of your busy schedule. Overall, the participants were enriched with your webinar and gained adequate discussion on bias practices in our society. Once again, thank you for making the event successful and I expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar

Dear Sir,

Greetings of the day from **Presidency University**, Bengaluru!!!

I am drafting this mail with reference to **Dr Snehaprabha TV** mam Former Director DSA & Professor, EEE, and very honored to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions [PGI], which has and continues to be active for more than a decade and half in higher education.

We are happy invite you to be the resource person for a **national/International level online webinar on Power systems** (topic of your choice) during the last week of **October or November** as a part of annual series of events conducted by the department of Electrical & Electronics Engineering, Presidency University, Bengaluru. This event is organized to facilitate research activities, Industry – Institute Interaction on recent socio-technical advancements in electrical engineering. This programme has been planned to organize using Ms Teams platform and the coordinators will guide you in advance.

As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. The target audience will be faculty members of various colleges, research scholars and students. We believe this interaction will continue for long fruitful educational and professional exchanges.

We request you to accept our invitation and propose the dates of your convenience.

Regards
Dr Joshi Manohar V

Invites You to a National Live Webinar on

A Practical Approach for Designing High Voltage Air Insulated Substation

Resource Person:

Mr. S. SHANTANU KUMAR

Principal Electrical Engineer
Broken Hill Proprietary Company, Perth, Australia

Mr S. SHANTANU KUMAR is having 35 years of experience as a power engineer in diversified heavy industries, spanning from Asia to Australia. Currently, he is working with BHP in Perth, WA as a Principal Electrical Engineer. He has successfully designed, engineered and commissioned many utilities and resources substation projects in Asia and Australia.

He is a Fellow and Chartered Engineer of Engineers Australia and is a member of EA interviewer panel to certify potential power engineering candidates to achieve CP Eng. He regularly contributes research papers on automation and control to reputed journals, conferences and symposiums.

CHIEF PATRON:

- Mr. Nissar Ahmed, Hon'ble Chancellor

PATRONS:

- Dr. D Subhakar, Vice Chancellor
- Dr. A M Surendra Kumar, Pro Vice Chancellor & CoE
- Dr. Beeran Moidin B M, Registrar

ADVISORY COMMITTEE

- Dr. P S Venkataramu, Dean-Academics
- Dr. C S Ramesh, Dean-R&Ic
- Dr. Abdul Sharief, Dean-SoE
- Dr. S B Anadinni, Associate Dean-SoE
- Dr. Snehaprabha TV, Former Director DSA & Professor, EEE

November 2, 2021
3:15 AM (IST)

(e-certificate will be issued to all the active participants)

REGISTRATION LINK:

https://forms.gle/3sNhVqbscPESX9Eh9

CONVENOR:

- Dr. Joshi Manohar V, HoD-EEE

CO-ORDINATORS:

- Mr. Sarin MV, Asst. Professor, EEE
- Mr. Anil Kumar TRB, Research Scholar, EEE

Webinar Registration form for " A practical approach in design of HV Substation

"A NATIONAL LIVE WEBINAR ON PRACTICAL APPROACH FOR DESIGNING AIR INSULATED SUBSTATION "

Date: 02/10/2021

The Department of EEE, SOE, Presidency University in association with Centre for Innovation Incubation and Entrepreneurship (CIIE), Presidency University has organized an online webinar on " **A NATIONAL LIVE WEBINAR ON PRACTICAL APPROACH FOR DESIGNING AIR INSULATED SUBSTATION** "on 2nd Nov 2021 Around 100 participants including Faculty members, Research scholars, PG & UG students has participated. **Mr SHANTANU KUMAR** Principal Electrical Engineer Broken Hill Proprietary Company **PERTH AUSTRALIA** was the honored speaker. The program was graced by the presence of **Prof. (Dr) Shrishail. B. Anadinni,** (Associate Dean) – SoE, Dr. Snehaprabha T V (Dean –DSW & Professor - Dept. of EEE). The program was convened by Dr. V Joshi Manohar (HoD - Dept. of EEE) and coordinated by Mr Sarin M V and Ms Jisha L K .The talk started at 3:00 pm on 2nd Nov 2021, with the blessings and wishes from invited dignitaries, followed by a virtual Inauguration.

Prof. (Dr) Shrishail. B. Anadinni, (Associate Dean) – SoE, Presidency University Bangalore, formally welcomed the dignitaries and the speaker from Broken Hill Proprietary Company **PERTH AUSTRALIA** and the participants of the webinar. He briefed the speaker who has good experiences in this filed .He appreciated about EEE Department for organizing Live webinar and encouraged all participant Faculty's ,students , and Research Scholar.

Dr. Snehaprabha T V (Dean –DSW & Professor - Dept. of EEE),welcomed the speaker with great honour and great gratitude and spoked few words about him on his delivery of Lecture on said topic.

Prof. Ms Jisha L K, (Assitant Professor - Dept. of EEE), Presidency University Bangalore, Introduced our Resource person **Mr Shantanu Kumar** Principal Electrical Engineer Broken Hill Proprietary Company **PERTH AUSTRALIA** was the honored speaker.He completed BE degree from Bangalore University in 1990 and MBA from Indore University in 1996 .He progressive to Australia for Research in Power Engineering in 2014.He has 35years of Experiences in Power Engineering Perth Australia he is currently working in BHP Perth western Australia .

Prof. (Dr) V Joshi Manohar, HoD - Dept. of EEE, Presidency University Bangalore, welcomed the dignitaries, the speaker our Resource person **Mr Shantanu Kumar** Principal Electrical Engineer Broken Hill Proprietary Company **PERTH AUSTRALIA** and all Participants. He addressed about the series of webinar organizing by EEE department and the motivated the students to create the awareness on **DESIGNING AIR INSULATED SUBSTATION.**

Prof Sarin M V, (Assitant Professor - Dept. of EEE), welcome the honorable speaker after which the session was handed over to speaker **Mr Shantanu Kumar** Principal Electrical Engineer Broken Hill Proprietary Company **PERTH AUSTRALIA.**

Mr Shantanu Kumar started his presentation with introducing about the AIR insulated switch gear and mentioned about Gas insulated substation which is three times more than AIR insulated substation. He briefed Tesla car battery driven which can run at 400km.He Spoked about formation of nickel from ores in with all Reputed Industrial plant, He worked as High voltage operator's has switching operation for 11kV and 22Kv . He briefed about switching program and he delivered about the design criteria for KARARA SWITCHYARD and Primary plant within the HV substation and about equipment's inside a typical HV AIS SUBSTAION AND CONCULDED WITH DESIGN INPUT and gave clear concept about the Topic and inspired the participants to overcome it.

The Queries session had enthusiastic participation from students, research scholars and the faculty members. The program concluded with vote of thanks at 4:45pm.

Dear sir,

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation for delivering talk in a National webinar on **“"A Practical Approach for Designing High Voltage Air Insulated Substation"** on Saturday, **2nd October 2021 from 3.15PM to 4:45 PM**. It was extremely informative, and the number of participants registered and attended had illustrated the relevance of the topic.

You are an excellent speaker and grateful to you for taking time to provide us with the timely information. The positive responses of the webinar are a reflection of your credibility.

Once again, thank you for making the webinar successful and I expect your continuous support in future too.

Thanks & Regards

Dr. Joshi Manohar V

Dear sir,

Greetings of the day. I would like to express my heartfelt gratitude for accepting the invitation to deliver the talk on " An Overview on Standards and Certification". I have prepared flyer for the webinar, I request you to go though it in your free time and kindly suggest the modifications, If any.

Note: Mr Bishakh and Ms Jisha mam, Kindly take the help of Mr Sarin, create the registration link for the webinar and QR code too. Kindly send the details after creating, so that I can incorporate in the flyer.

Thanks & Regards

24/11/2021

"An Overview on Standards & Certification"

The Department of EEE, SoE, Presidency University has organized an online webinar on **"An Overview on Standards & Certification"** on 20th November 2021. Around 120 participants including Faculty members, Research scholars and UG students had participated. **Mr. Varghese Joy, Former Scientist-G & Deputy Director, General Bureau of Indian Standards, India** was the honored speaker.

The program was graced by the presence of Dr Abdul Sharief, Dean, SoE, Dr. Snehaprabha T V (Former Director, Department of Student's welfare & Professor - Dept of EEE), Dr V Joshi Manohar, HOD, EEE and the Program was coordinated by Ms. Jisha L K and Mr. Bishakh Paul. The session started at 9:15 AM with the blessings and wishes from invited dignitaries.

Dr Abdul Sharief, Dean, SoE welcomed the speaker and addressed the participants. He appreciated the department for organizing such events and highlighted the importance of the Standards and Certifications.

Dr. Snehaprabha T V, Professor - Dept of EEE invited the speaker and addressed the participants. She shared her views about the relevance of the webinar subject.

Dr. V Joshi Manohar, HOD, EEE Dept. of EEE, Presidency University, Bangalore, welcomed the dignitaries, the speaker and the participants. He briefed about the objectives of this webinar and highlighted the importance of Standards and Certifications. He also extended his gratitude to the guest speaker for accepting the invitation and joining for the event.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Ms. Jisha L K introduced the honorable speaker to the participants after which the session was handed over to the speaker. The speaker Mr. Varghese Joy started the session with the title "Understanding the Standards-Basic concepts" and then explained when to go for a standard. Then he explained how the standards helps in improving the quality, reliability, safety, compatibility, cost reduction, communication etc with interesting examples. The speaker explained about the different levels of standard highlighting the importance of national and international standards. Finally, the speaker explained about the ISI standards, accreditation process and various bodies involved in the accreditation process.

The question answer session saw the enthusiastic participation from students, research scholars and the faculty members.

Mr. Sarin M V appreciated the Speaker and the Participants for their active participation and concluded the Event with Vote of Thanks.

Few of the snapshots taken during the session are attached below for reference:

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Mr. Varghese Joy, Former Scientist-G & Deputy Director General, Bureau of Indian Standards** for acting as a resource person for a National Level Webinar on **"Bureau of Indian Standards", on 20-11-2022 at Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for reaching, in spite of your busy schedule. Overall, the participants were enriched with your webinar and gained adequate knowledge on the standards and certifications in India. Once again, thank you for making the event successful and I expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar

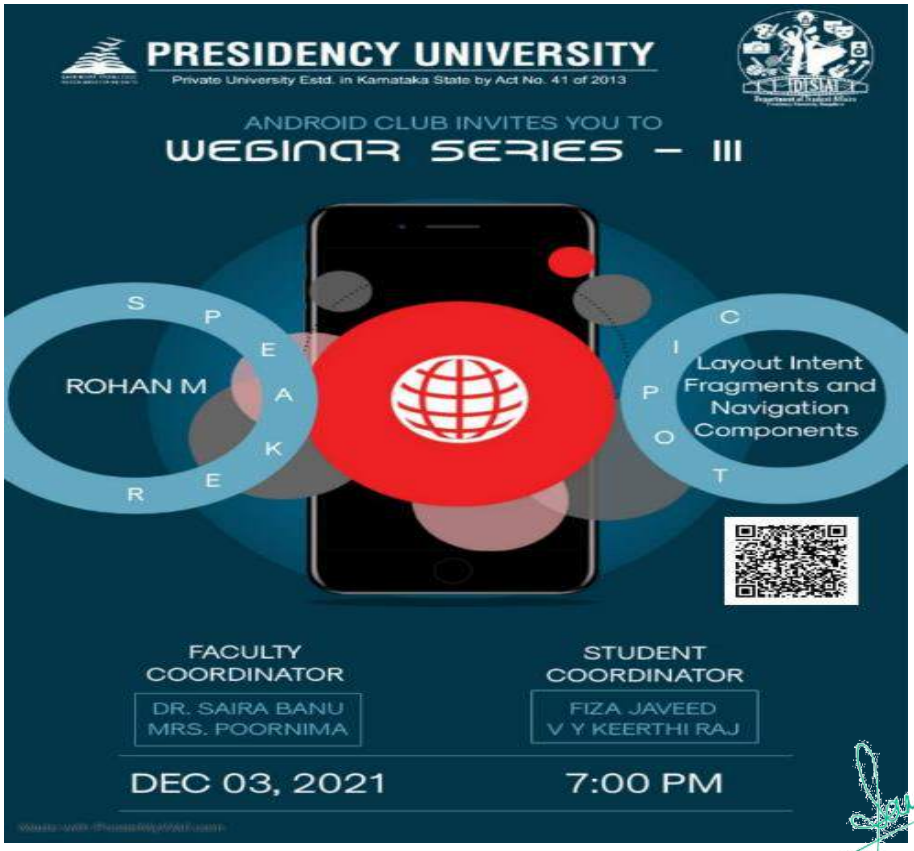
WEBINAR SERIES III BY ANDROID CLUB

DATE: 03-12-2021

This webinar Series –3, held on 3rd December 2021 on the title "Layout Intent Fragments and Navigation Components" to create awareness of the Android Operating System. It is the continuation of Webinar 2 on "Introduction to Android Features" held on 19th November 2021. **The objective of this webinar is to create awareness on how the layout, navigational components, buttons are designed in mobile applications and their relevancies.**

A total of 38 participants actively participated in this webinar III.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Mrs. Poornima delivered the welcome speech and introduced the speaker to the audience. It is intimated that certification will be issued to participants with a minimum of 75% attendance in the 5 consecutive Webinar Series. The webinar started at the scheduled time by faculty coordinators, followed by its guests and students. Dr. Saira Banu Atham inaugurated and gave a brief introduction on the need for Android OS. Mr. Roshan M delivered a hands-on experience to participants on how to build necessary components for mobile applications using Android Studio. Speaker elaborated on basic components virtually using the software. A demo application was built to showcase each component in the session. The speaker answered the questions of the participants at the end of the webinar. Dr. Saira Banu Atham concluded the event by giving a vote of thanks. Finally, **the participants got an exposure on "Layouts, Navigational Components, and Activities in Mobile Applications" via this webinar.**

Subject: Re: Invitation for technical talk/ guest lecture as a resource person-Reg

Dear **Dr Joshi Manohar V,**
Thank you for your invitation and considering me to give a guest lecture at your esteemed institution.
You can plan it on 25th october or any date of your convenience after that.
Topic will be intimated later.
Thank you,
Best Wishes,
Dr.K. Swarnasri.

On Thu, Oct 7, 2021 at 11:31 AM HOD EEE <hod_eee@presidencyuniversity.in> wrote:

Dear mam,

Greetings of the day from **Presidency University**, Bengaluru!!!

I am honored to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions [PGI], which has and continues to be active for more than a decade and half in higher education.

We are happy invite you to be the resource person for a **Technical talk or webinar on Power systems** (topic of your choice) during the last week of **October** as a part of annual series of events conducted by the department of Electrical & Electronics Engineering, Presidency University, Bengaluru. This event is organized to facilitate research activities, Industry – Institute Interaction on recent socio-technical advancements in electrical engineering. This programme has been planned to organize using Ms Teams platform and the coordinators will guide you in advance.

As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. The target audience will be faculty members, research scholars and students. We believe this interaction will continue for long fruitful educational and professional exchanges.

We request you to accept our invitation and propose the dates of your convenience.

A brief Report on

Guest Lectures/Technical Talks under Forum Activity –

"FLASHOVER" – AY: 2021-22 (Fall semester)

08/12/2021

"DER optimal integration and their impact in distribution networks under smart grid environment"

The Department of EEE, SoE, Presidency University has organized an online Guest Lecture on **"DER optimal integration and their impact in distribution networks under smart grid environment"** on 6th December 2021. Around 80 participants including Faculty members, Research scholars and UG students had participated. **Dr. Swarnasri, Professor, Department of EEE, RVR&JC College of Engineering, Guntur, AP** was the honored speaker.

The session started at 3:15 PM with the blessings and wishes from invited dignitaries. **Ms. Jisha L K,** Assistant Professor, Dept of EEE extended a warm welcome to the dignitaries, guest speaker and the participants.

Dr. V Joshi Manohar, HOD, EEE Dept. of EEE, Presidency University, Bangalore, welcomed the dignitaries, the speaker and the participants. He briefed about the objectives of this webinar. He also extended his gratitude to the guest speaker for accepting the invitation and joining for the event.

Mr. Bishakh Paul, Assistant Professor, Dept of EEE introduced the honorable speaker to the participants after which the session was handed over to the speaker. The speaker conveyed that conventional electricity networks are in the era of major transition from passive distribution networks with unidirectional electricity transportation to active distribution networks with DERs and hence bidirectional electricity transportation. Active distribution networks need to incorporate flexible and intelligent control systems in order to harness clean energy from

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

renewable DERs. They should also employ future network technologies for integration of DERs as smart-grid or Micro-grid networks. The present 'fit-and-forget' strategy of DER deployment must be changed in active network management for accommodating a high degree of DG penetration. For actually implementing Micro-grids and active distribution networks on a commercial basis, extensive research is needed, but not restricted to the following areas: (i) wide area active control, (ii) adaptive protection and control, (iii) network management devices, (iv) real-time network simulation, (v) advanced sensors and measurements, (vi) distributed pervasive communication, (vii) knowledge extraction by intelligent methods and (viii) novel design of transmission and distribution systems. Integration of large number of DERs, however, would necessitate the installation of extensive communication facilities for handling huge amount of information

The question answer session saw the enthusiastic participation from students, research scholars and the faculty members.

Mr. Bishakh Paul appreciated the Speaker and the Participants for their active participation and concluded the Event with Vote of Thanks.

Few of the snapshots taken during the session are attached below for reference:

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express our appreciation to **Dr.K. Swarnasri, Professor, Dept. of EEE, RVR&JC College of Engineering, Guntur, AP,** as a resource person for delivering the Technical Talk on **"DER optimal integration and their impact in distribution networks under smart grid environment"** conducted on 06-12-2022.

It was extremely informative, and the class size and participation illustrated the importance of this topic to the participants. The efforts, you have put in, to create awareness among people on DER Optimal Integration and Smart Grid Environment has received positive response from the participants.

Once again, thank you for making the webinar successful and I expect the same support in future too.

Sincerely,

Dr V Joshi Manohar

BREAKING INTO TECH-WEBINAR BY SCIENCE CLUB

DATE: 18-12-2021

Science Club in collaboration with CRESO presented a webinar "**Breaking into Tech**" on 19th December 2021. **The objective of this webinar was to highlight the basic idea of CRESO and the vision regarding the future**.

Students were encouraged to join CRES as a lot of students who have much more potential stop with just one project. With the help of technology, CRES's idea is to help everyone by accompanying them and to bring real changes that is awaited by everyone. There was a total of 20 students who participated in the event. Team CRES had participated in a competition called TechnoFest and qualified for the next level. CRES is a team of 8 members, each member handles different backgrounds. All individual and team ideas are welcomed and encouraged by every member of CRES. The first project "SAHAI" was about providing ambulance services, the prototype and the page are almost ready and will be launched soon. It has been recognized by the RND department of our college Presidency University. A vote of thanks was given by thanking all the team members for taking an active part in the webinar and hoping to see a change in the best way possible.

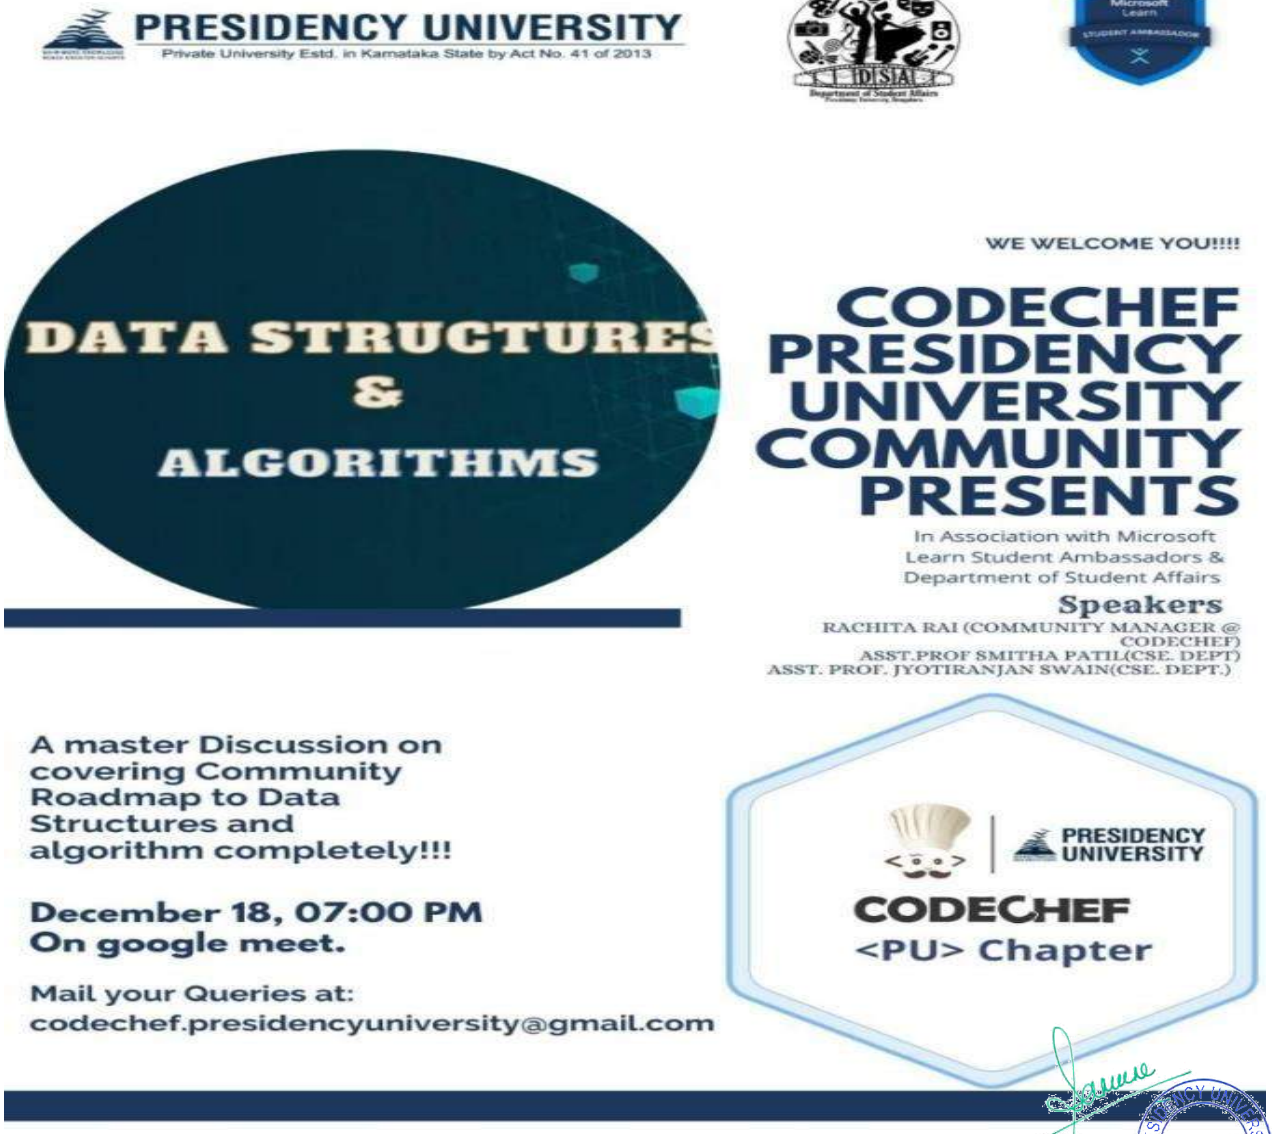
DATA STRUCTURES AND ALGORITHMS

DATE: 18-12-2021

Codechef Presidency University community in association with Microsoft student ambassador & Department of Student affairs presented Data structures and Algorithms on 18th of December 2021 through Google meet.
The objective of this event was explained what is the community Roadmap to data structures and algorithms.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The event started with a basic introduction to programming and community and also shared details about CodeChef. Ms. Smitha Patil, the faculty coordinator of the club, shared her personal coding journey and experience in accessing the skill set of coding and provided some useful tips. The participants cleared their doubts via chatbox. Students were also provided with the basic introduction to ratings, ranks, and testing strategies of coding websites. A basic road map of how to approach a problem was shared. **All the participants were enthusiastic to learn about coding-oriented content which enhanced their knowledge of this trend.** Mrs. Smitha Patil –Asst. Prof. Department of CSE, Mr. Jyotiranjan – Asst. Prof. Department of CSE, Mrs. Anu Sukhdev – Asst. Deen DSA and Mrs. Rachita Rai – Codechef club are the faculty coordinator of the event. Out of 57 students registered, 38 students participated in the event.

Invitation for a National Webinar as a Resource person-Reg

HOD EEE <hod_eee@presidencyuniversity.in>

Tue 11/30/2021 3:12 PM

To: senthil@mtrdc.drdo.in <senthil@mtrdc.drdo.in>

Cc: Ravi V Angadi-Asst. Prof-EEE <raviangadi@presidencyuniversity.in>; Ragasudha C P-Asst. Prof-EEE <ragasudha@presidencyuniversity.in>; Ms. M.P.VASANTTHI <vasantthimp@presidencyuniversity.in>

Dear Sir,

Greetings of the day from Presidency University, Bengaluru!!!

We are very honored to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions [PGI], which has and continues to be active for more than a decade and half in higher education.

We are happy to invite you as a resource person for a live webinar titled - **"Research Activities and Opportunities for young Engineers at DRDO" on 18th December 2021 as** a part of annual series of events conducted by the department of Electrical & Electronics Engineering, Presidency University, Bengaluru. This event is organized to facilitate research activities, Industry – Institute Interaction on recent socio-technical advancements in electrical engineering. This programme has been planned to organize using Ms Teams platform and the coordinators will guide you in advance.

As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. The target audience will be faculty members of various colleges, research scholars and students. We believe this interaction will continue for long fruitful educational and professional exchanges.

We believe this date will suit you and your acceptance at the earliest is highly appreciated.

We look forward to the limitless possibilities of this relationship. With great happiness we are looking forward for your session.

Thanking you,

Thanks & Regards

Dr. Joshi Manohar V

Invites You to a National Live Webinar on

"Research Activities and Opportunities for Young Engineers at DRDO"

Resource Person:

Mr. D. SENTHIL KUMAR
Scientist-F, MTRDC
DRDO, Bengaluru

Mr. D. Senthil Kumar presently working as Scientist 'F', in Microwave Tube Research and Development Centre (MTRDC), a premier research institute in DRDO. He has contributed more in designing and developing various modules for the Travelling Wave Tubes (TWTs), Transmitters, Pulsed Power Systems (PPS) and High-Power Microwave (HPM) systems for various defence projects. He has received various awards like Lab Scientist of the Year, Technology Group award, etc., for his notable contributions. Winner of the Gandhian Young Technological Innovation (GYTI) Award for his guidance for socially relevant innovation. The award was presented to the project team by the Honorable President of India at Rashtrapati Bhavan.

December 18, 2021
10:00 AM (IST)

A brief report of Webinar on

"Research Activities and Opportunities for young Engineers at DRDO"

DATE: 18/12/2021

The Department of EEE, SoE, Presidency University has organized an, **"Research Activities and Opportunities for young Engineers at DRDO"** on **18th December 2021**. Around 100 participants including Faculty Members, Research Scholars, PG and UG students had participated. **Mr. D. Senthil Kumar, Scientist 'F' in Defence Research & Development Organization (DRDO) Bangalore** was the honored speaker.

Mr. D. Senthil Kumar, presently working as Scientist 'F', in Microwave Tube Research and Development Centre (MTRDC), a premier research institute in DRDO. He has contributed more in designing and developing various modules for the Travelling Wave Tubes (TWTs), Transmitters, Pulsed Power Systems (PPS) and High-Power Microwave (HPM) systems for various defence projects. He has received various awards like Lab Scientist of the Year, Technology Group award, etc., for his notable contributions. Winner of the Gandhian Young Technological Innovation (GYTI) Award for his guidance for socially relevant innovation. The award was presented to the project team by the Honorable President of India at Rashtrapati Bhavan.

The online program was graced by the presence of the Dr. Abdul Sharief (Dean-SoE), Dr. V Joshi Manohar (HoD - Dept. of EEE). The program was coordinated by Mr. K Sreekanth Reddy, Mr. Ravi V Angadi, and Ms. Ragasudha C P with Dr. V Joshi Manohar (HoD - Dept. of EEE) being the convener. The session started at 10:00 AM with the blessings and wishes from invited dignitaries.

The session started at 10:00 AM with the wishes from invited dignitaries. Mr. Ravi V Angadi, compared the program and Ms. Ragasudha C P welcomed the guest by introducing the guest with welcome speech, followed by this formal inauguration.

Dr. V Joshi Manohar, Professor and Head of the Department of EEE invited the speaker and addressed the participants. He shared his thoughts about how research activities are important for the young engineers and opportunities that are available in the various sectors.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Dr. Abdul Sharief, Professor and Dean- SoE, firstly conveyed his best wishes to the entire department for organizing webinar on "Research Activities and Opportunities for young Engineers at DRDO", and shared views on the importance of why the research activities are important and how the research will help to solve societal issue and etc. Secondly he conveyed his warm greetings to the resource person Mr. D. Senthil Kumar for accepting our invitation to share his views to our students, research scholars and the faculty members about the various research opportunities.

The session is handed over to resource person Mr. D. Senthil Kumar after the Dean, SoE speech. The resource person started his talk by conveying warm greetings to the entire organizing team and all the registered participants. The research person elaborately explained the research areas of DRDO in brief, various laboratories facilities available at DRDO and then he started brief in detail more about the Growth of Microwave Tube Research & Development Centre (MTRDC), Electromagnetic Spectrum, advancement in Device, applications of Microwave Tubes, Microwave Vacuum-electronics devices, A generic block diagram of modern RADAR system, Air to Air Function, CAD for Microwave Tubes, Vacuum Electron Devices-Physics, Numerical methods. The resource person deliberately explained and demonstrated the simulation process. Also, he covered few glimpse of facilities at MTRDC, High Power RF System, Pulsed Power & Technologies for Engineering Systems, Pulsed power system in defence application, pulse power requirements for the system, explosive type PPS (FCG's) and glimpse of 250 kV/10 kA/ 50 ns PPS- IISc, repetitive pulsed power generator "ETIGO-IV", new research areas in PPS and the resource person briefed about the contribution to Counter COVID Technologies.

Also, the resource person Mr. D. Senthil Kumar briefed career opportunities in DRDO for the young engineering students such as Scientist recruitment, opportunities for industries in DRDO, Guiding document to work with DRDO, Advanced Technology Center in DRDO, and glimpse of latest achievements in DRDO. The resource person is concluded his presentation/talk by demonstrating a video on Power Transmission through a Microwaves.

Mr. Ravi V Angadi appreciated the speaker on behalf of entire department, for putting lots efforts to give insights to all the audience about Research Activities and Opportunities for young Engineers at DRDO. The program host is kept open platform for the question and answers session, the resource and address/clarify all the audience question/doubts. Mr. Ravi V Angadi appreciated the speaker for putting lots efforts to give insights to all the audience about Research Activities and Opportunities for young Engineers at DRDO.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The program was concluded by Mr. K Sreekanth Reddy, Assistant Professor, Dept. of EEE by proposing Vote of Thanks by 12.00 PM.

Snapshots from the event are attached below.

LETTER OF APPRECIATION

On behalf of the Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express our appreciation to **Mr D Senthil Kumar,** Scientist 'F', in Microwave Tube Research and Development Centre (MTRDC), a premier research institute in DRDO, **as a Resource person for a national live webinar on "Research Activities and Opportunities for Young Engineers at DRDO"** conducted on 18.12.2021 at Presidency University, Bengaluru, KA.

It was extremely informative, and the class size and participation illustrated the importance of this topic to the participants. The efforts you have put in to create awareness among people on Research Activities and Opportunities for Young Engineers at DRDO. Your patience in conducting hands on sessions are highly appreciated and received good attention from the participants.

Once again, thank you for making the workshop successful, and I expect the same support in the future too.

Sincerely

Dr V Joshi Manohar
Head of the Department
Electrical and Electronics Engineering

BIZMAP

DATE: 22-12-2021

On 22nd December 2021, the School of Management organized '**BIZMAP**' an inter-department business plan event where students from different departments of Presidency University participated and presented their business plans. **The objective of the event was to create a platform for students to showcase their business plan.** The event was conducted at MF01 SOM, PU University. Dr. Nisha Saha was the convener and judge of the event. The event was also judged by Dr. K. Krishna Kumar and Dr. Durgesh Batra. 4 teams participated in the event and in each team, there was 5 members. Total of 20 students participated in the event. The first team presented their business plan on 'ARROZ MART' with their tagline "Healthy keep you wealthy", the second team presented their business plan on 'ORGANIC FOOD' with the tagline "Organic mart organic farm". The next team presented their business plan on 'HAPPY HOURS'. And the last team presented their business plan on 'GREEN LIFE COMPANY'.

REGISTRAR

WEBINAR ON MATHEMATICAL MODELING AND SIMULATION

DATE: 31-12-2021

A webinar session was conducted virtually for Presidency University students by the mathematics club on the topic of "Mathematical Modeling and Simulation" hosted by professor Dr. Manisha Chaudhary scheduled on 31st December 2021 at 2:00 pm on Google meet.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The main aim of the webinar is to familiarize students with mathematical applications in the field of simulation and modeling and to promote learning of mathematics among students. Among 52 students who registered, 25 participated from different schools in the webinar. It was an enriching experience for all the students and they all actively participated and asked queries at the end of the session. It was an interactive session overall and the feedback was overall positive.

DEPARTMENT OF STUDENT AFFAIRS

YOUTH AND SUSTAINABLE DEVELOPMENT

DATE: 12-01-2022

Project-Based Learning (PBL) Club, Dept. of Student Affairs in association with Department of Civil Engineering, FORCE - Forum of Civil Engineering, School of Engineering, Presidency University, Bengaluru and Karnataka State Pollution Control Board, Bengaluru and Environmental Engineers Association, Bengaluru celebrated the National Youth Day on 12 January 2022 (Wednesday) 6:30 pm to 7:30 pm by organizing a Panel Discussion on "YOUTH AND SUSTAINABLE DEVELOPMENT".

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The panel discussion started with a lamp lighting ceremony and invocation prayers. While initiating the panel discussion **Prof. Jagdish H Godihal, moderator** of panel discussion quoted about Education for Sustainable Development – a key instrument to achieve the SDGs "A fundamental change is needed in the way we think about education's role in global development, because it has a catalytic impact on the well-being of individuals and the future of our planet. ... Now, more than ever, education has a responsibility to confront with 21st-centur challenges and aspirations and foster the right types of values and skills that will lead to sustainable and inclusive growth, and peaceful living together. "Irina Bokova, Director-General of UNESCO "Education can, and must, contribute to a new vision of sustainable global development.

The moderator mentioned (UNESCO, 2015) :"Embarking on the path of sustainable development will require a profound transformation of how we think and act. To create a more sustainable world and to engage with sustainability-related issues as described in the SDGs, individuals must become sustainability change-makers. They require the knowledge, skills, values and attitudes that empower them to contribute to sustainable development. Education, therefore, is crucial for the achievement of sustainable development. The well-established approach of Education for Sustainable Development (ESD) empowers learners to take informed decisions and responsible actions for environmental integrity, economic viability and a just society for present and future generations."

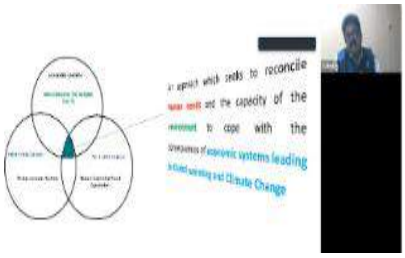
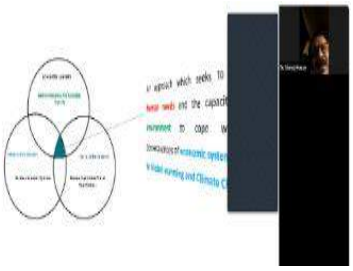
Prof. Shankar Murthy said: "The basic environment is air, water, land. They

interact with each other and are interdependent. Shifting to end-of-pipe be practiced making prevention of environmental disaster.”



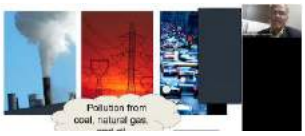
Prof. Shiva Nagendra: Art of social and economic development is by youths. Youth should visualize what kind of environment system and economic system will come. Rethink of lifestyle in global warming, climate change in the entire globe.



Prof. Manoj Kumar: Eco centric socio centric concern should be there in youths. Example: water filter.RO water units implemented where there is 1:10 water wastage in obtaining that. Here wasting natural resource for our need is happening. Air pollution occurring, satellite taking picture of disaster, new technology should come up using drones, these issues should be addressed. Introducing sensors for drone and monitoring ambient air conditions.

Summarising the discussion, considering the inputs from the panellists, Prof Jagdish Godihal emphasised on the changes to the lifestyle of youths which can compliments to the wellbeing of humanity and environment.

Prof Jagdish Godihal asked the panellists with the snippet highlighting about the ever increasing pollution from coal, natural gas and oil what inputs they can suggest to youths to initiate response action on war footing.



Prof. Shiva Nagendra: Awareness campaign on social media, organising competition on response action initiated by schools, colleges, government offices snippet and images of such pollution control/minimisation activities in city. Bringing the awareness among public, office goers to walk to work one day in a week.

Prof. Shankar Murthy: carpooling, electric vehicle, non-fossil fuel source. 25% energy saving for carpooling of 3 members. 40% power consumption by non-fossil fuel resource is estimated to be done by India by 2030. Surprisingly it’s done in 2020. 156giga watt solar power is generated.

Mahesh: Government of India has come with plan to reduce particulate matter in air in 138 cities of India. It's called national clean air programme. Objective is reducing ppm by 2022-2025. It has started from 2019-2020.SPCB CPCB is involved in this. In Karnataka 4 cities selected under this program are Bengaluru, Hubballi-Dharwad, Kallaburgi, and Davanagere. Micro plan approved by CPCB has been implemented.

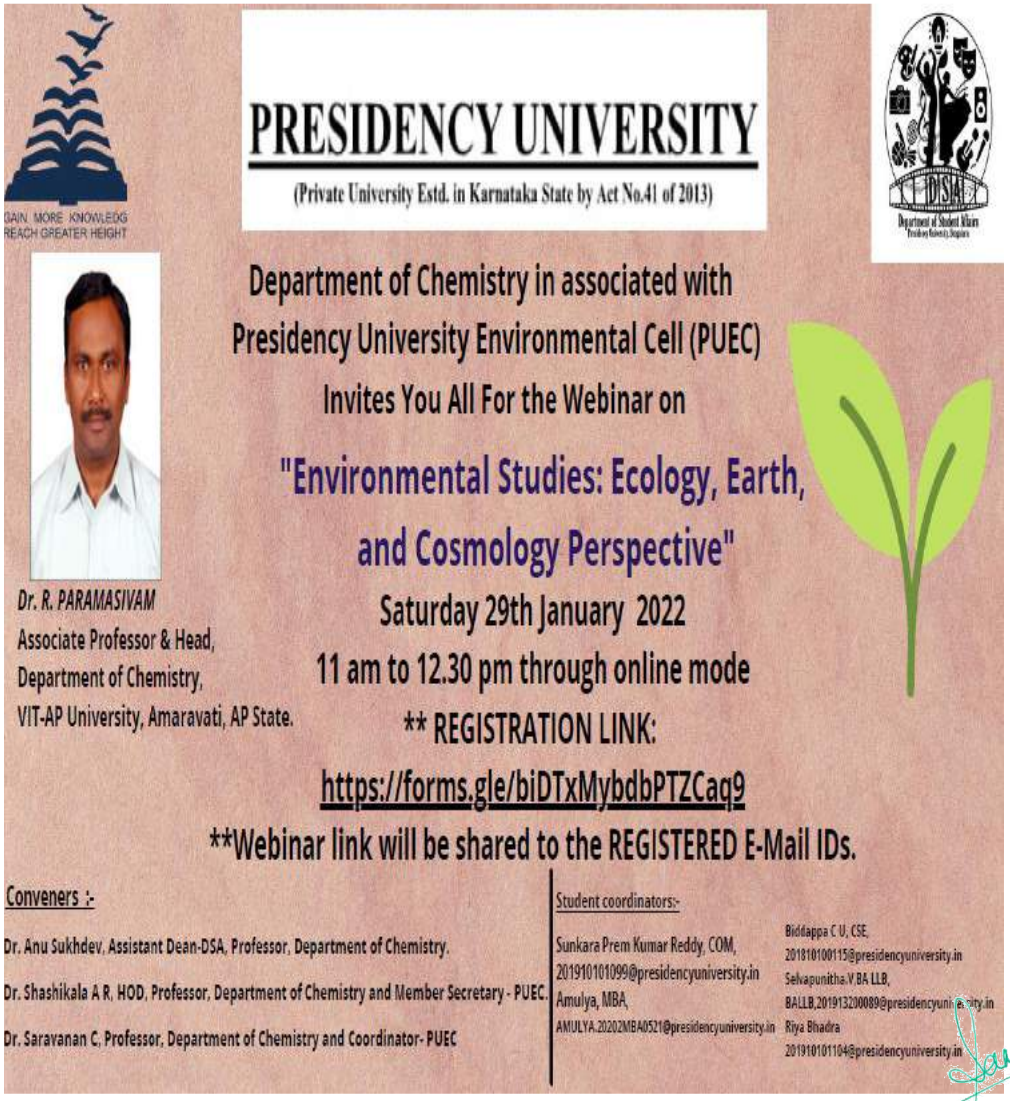
DEPARTMENT OF STUDENT AFFAIRS

WEBINAR ON ENVIRONMENTAL STUDIES

DATE: 29-01-2022

Department of Chemistry in association with Presidency University Environmental Cell (PUEC) Conducted a Webinar on "Environmental Studies: Ecology, Earth, and Cosmology Perspective" on Saturday 29th January 2022 from 11 am to 12.30 pm online mode (MS Team). The Speaker of the webinar is Dr. R. PARAMASIVAM Associate Professor & Head, Department of Chemistry, VIT-AP University, Amaravati, AP State.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The topic of the webinar was Environmental Studies: Ecology, Earth, and Cosmology. Dr. Saravanan gave the welcome speech. 501 participants had registered including students and faculty members. There were 433 participants who had attended the webinar. Dr. R. Paramasivam gave a presentation on **what ecology is and how the solar planet is formed and how all the continents are formed on Earth. Students gained immense knowledge of Environmental Studies after the webinar.** A Question-and-answer session was conducted by Dr. Saravanan. In the end, a Vote of thanks was given by Dr. Anu Sukhdev, Assistant Dean-DSA, Professor-Department of Chemistry.

Highlight of the webinar:

INTRODUCTION TO COMPETITIVE PROGRAMMING USING HACKERRANK

DATE: 31-01-2022

Crescendo Club of Presidency University organized a webinar on "Introduction to Competitive Programming using Hackkerank" on the 31st of January 2022.

CRESCENDO DEVELOPERS CLUB

PROPOSAL FOR WEBINAR

INTRODUCTION TO COMPETITIVE PROGRAMMING USING HACKERRANK

DATE & TIME : 31st January, 2022 14.45 - 16.00

CLICK HERE TO REGISTER

TIMELINE :

1. INTRODUCTION TO COMPETITIVE PROGRAMMING - 10 min
2. INTRODUCTION TO HACKERRANK -10 min
3. ANALYZING THE PROBLEM - 15 min
4. BEST PRACTICES FOR CP - 20 min
5. PROBLEM SOLVING DEMO - 20 min

STUDENT COORDINATORS -
SHAIQ IQBAL
SHUDHANSHU RANJAN
SUBHAYU BHATTACHARJEE

FACULTY COORDINATORS -
MR. RAVINDRANATH R C
Dr. TAPAS GUHA

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The webinar was conducted to shed light on the importance of competitive programming and the roadmap to get started. Students were also introduced to Hackerrank. A total of 20 students registered out of which 19 students participated in the webinar. Mr. Ravindranath RC- Asst. Prof-CSE and Dr. Tapas Guha- Asso. Prof- CSE was the faculty coordinator of the webinar. A brief demo was conducted on problem-solving, analysis of input/output for the problem, and arriving at the most efficient solution for the problem. Tips regarding better performance were also shared.

To,
Dr Jagadish Godihal
Professor
Dept of Civil
School of Engineering
Presidency University
Bengaluru

Dear sir,

Greetings of the day from Presidency University, Bengaluru!!!

We are very honored to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions [PGI], which has and continues to be active for more than a decade and half in higher education.

We are grateful to you for accepting our invitation as a resource person for a National Level webinar on -**"Project based Learning-Gateway for Enhancing Attitude, Knowlwdge and Skills"** on 26th Feb 2022 (Saturday) at 10.00 am. This event is organized to facilitate research activities and to create awareness on socio-technical advancements in electrical engineering. This programme has been planned to organize using Ms Teams platform and the coordinators will guide you in advance.
As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. The target audience will be faculty members of various colleges, research scholars and students. We believe this interaction will continue for long fruitful educational and professional exchanges.

We believe this date will suit you and your acceptance at the earliest is highly appreciated.

We look forward to the limitless possibilities of this relationship. With great happiness we are looking forward for your session.

Sincerely

Dr V Joshi Manohar
Head of the Department
Electrical and Electronics Engineering
School of Engineering
HOD - EEE

A brief report on
National Level Webinar on
"PBL-Gateway for Enhancing Attitude, Knowledge and Skills"

28-02-2022

The session on the national level webinar on "PBL-Gateway for Enhancing Attitude, Knowledge and skills" was delivered by **Dr Jagdish Godihal**, Professor, Department of Civil Engineering, Presidency University, Bangalore, organized by the department of EEE in association with PBL Club, DSA, Presidency University on 26th February 2022 online via MS TEAMS.

Project-based learning (PBL) or project-based instruction is an instructional approach designed to give students the opportunity to develop knowledge and skills through engaging projects set around challenges and problems they may face in the real world. Project Based Learning is a teaching method in which students gain knowledge and skills by working for an extended period of time to investigate and respond to an authentic, engaging, and complex question, problem, or challenge. The speaker started the session with introduction to the concepts of difference between project based learning and projects. He emphasized on the attributes of PBL Execution which are insights, creativity, Collaboration, Context and Conversion. The speaker also discussed about the pathways for PBL execution which are identify, Give a thought/ Probable Solutions/Alternatives/Resources/Outcomes and also about the various prospective of PBL Stakeholders. With the help of practical examples of self driving cars and smart energy various PBL Statements were discussed.

The session was highly interactive and useful for the student community, and all the student queries were well addressed by the speaker.

Few of the snapshots taken during the session are attached below for reference:

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express our appreciation to **Dr.Jagadish H Godihal, Professor, Dept. of CIVIL, Presidency University, Bengaluru, KA,** as a resource person for National Webinar on **"PBL- Gateway for enhancing Attitude, Knowledge and Skills"** conducted on 26-02-2022.

The topic is of new kind and relevant to address the gap in the area of Technical and Life skills among the students. It was extremely informative, and the class size and participation illustrated the importance of this topic to the participants. The efforts, you have put in, to create awareness among people on project based learning has received positive response from the participants.

Once again, thank you for making the webinar successful and I expect the same support in future too.

Sincerely,

2/3/2022

Dr V Joshi Manohar

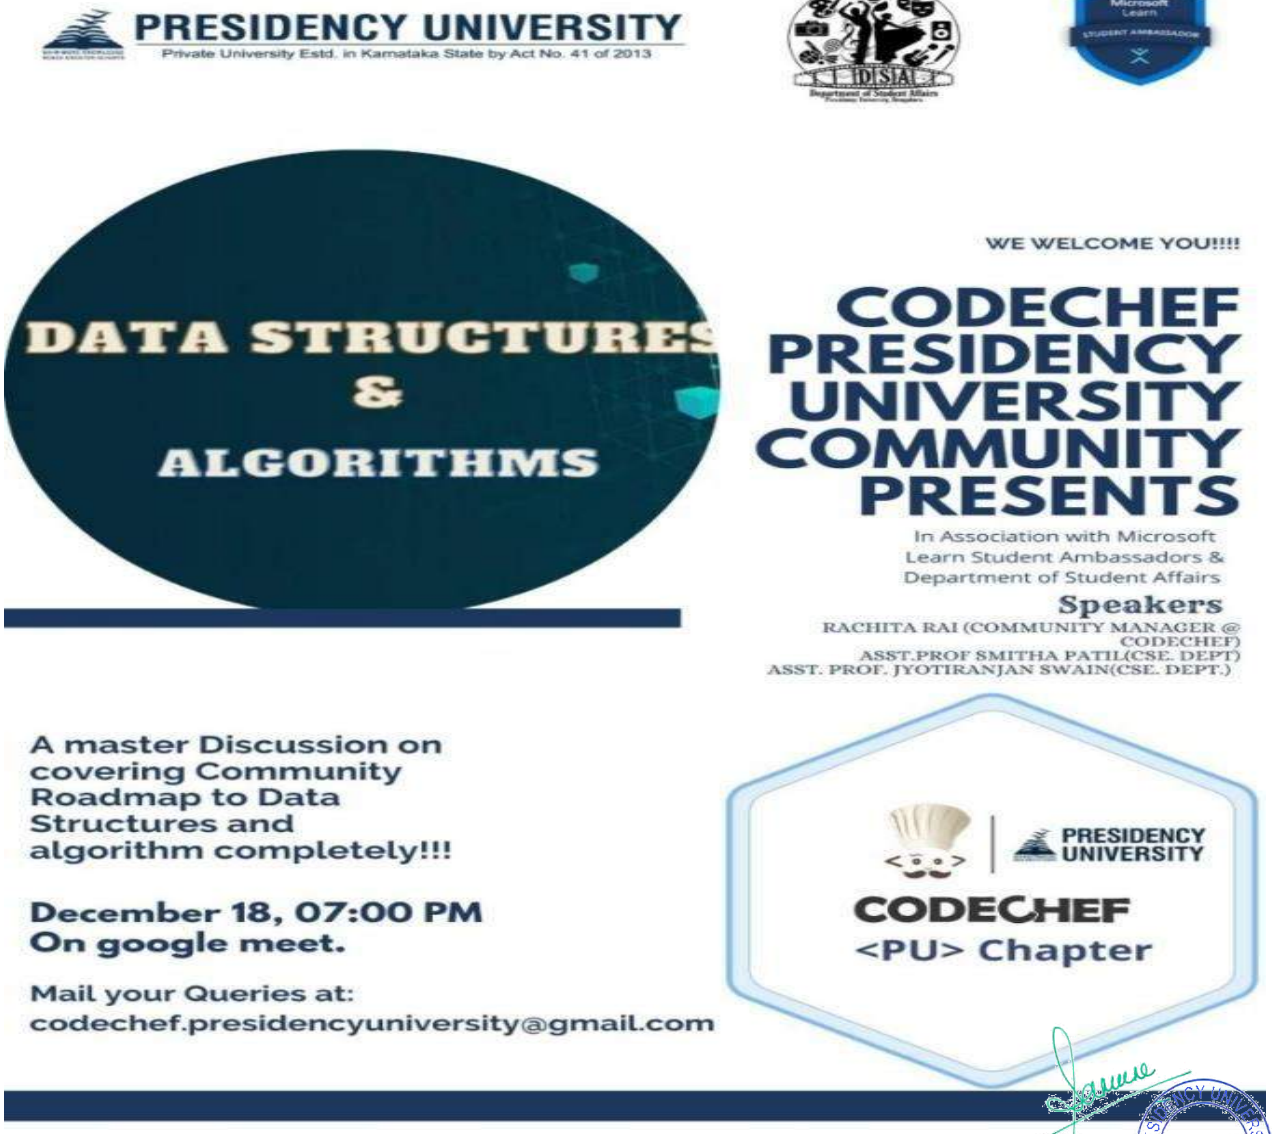
DATA STRUCTURES AND ALGORITHMS

DATE: 18-12-2021

Codechef Presidency University community in association with Microsoft student ambassador & Department of Student affairs presented Data structures and Algorithms on 18th of December 2021 through Google meet.
The objective of this event was explained what is the community Roadmap to data structures and algorithms.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The event started with a basic introduction to programming and community and also shared details about CodeChef. Ms. Smitha Patil, the faculty coordinator of the club, shared her personal coding journey and experience in accessing the skill set of coding and provided some useful tips. The participants cleared their doubts via chatbox. Students were also provided with the basic introduction to ratings, ranks, and testing strategies of coding websites. A basic road map of how to approach a problem was shared. **All the participants were enthusiastic to learn about coding-oriented content which enhanced their knowledge of this trend.** Mrs. Smitha Patil –Asst. Prof. Department of CSE, Mr. Jyotiranjan – Asst. Prof. Department of CSE, Mrs. Anu Sukhdev – Asst. Deen DSA and Mrs. Rachita Rai – Codechef club are the faculty coordinator of the event. Out of 57 students registered, 38 students participated in the event.

GOOGLE SOLUTIONS CHALLENGE

DATE: 05-02-2022

Google Solutions Challenge 2022 is an annual event organized by Google, for the Developers Student Clubs across the globe to learn and develop realistic solutions for one of the 17 United Nations' Sustainable Development Goals.

This Google competition allows students to learn more about Google technologies, receive mentorship as well as gain certified badges and many other perks!

This session was to start off this event and make students aware of the opportunities that this contest brings!

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The Main Agenda of the session is:

- Overview of Google Solution Challenge
- Theme of the Global Goals
- Timeline
- Judging Criteria and Prizes
- Benefits of Participating
- Q &A

After covering the agenda of the session a Q&A with the students was conducted followed by an ending note and the event came to an end at 7:00 pm. The event has brought awareness about many opportunities for university students who are interested in building solutions for local problems using Google technologies. The session witnessed a total of 40 students registered and participated in the session.

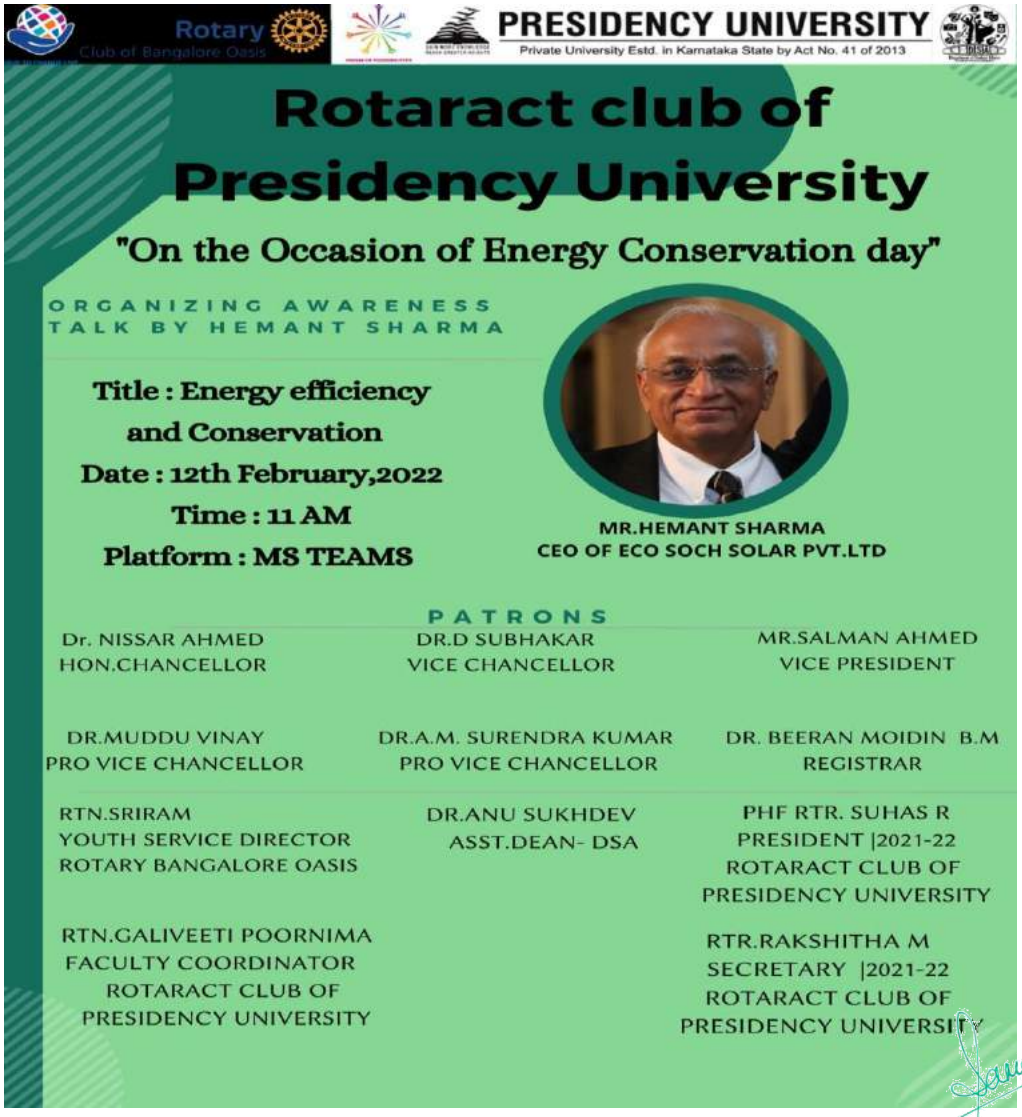
ENERGY EFFICIENCY AND CONSERVATION

DATE:12-02-2022

'Energy conservation is a smart way and culture to reduce energy consumption'' Rotaract club of Presidency University presents "Energy Efficiency and Conservation" on the occasion of Energy Conservation day.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

It was a useful event and helps to create value for the economy, environment and sustainability, national security, personal security, and human comfort. Mr. Hemant Sharma- CEO of ECO SOCH Solar Pvt. Ltd presented a special talk on Energy Efficiency and conservation. Many useful topics were being covered such as Today's Energy Challenges, Energy Generation & Efficiency. **The most important part was Energy Conservation by using the latest Technologies and Techniques. Topics such as Why are energy efficiency initiatives unsuccessful? Differences between Efficiency vs. Conservation were explained by giving a clear awareness to the students**. The event witnessed a total of 33 participants. It was a successful event through online mode (MS Team).

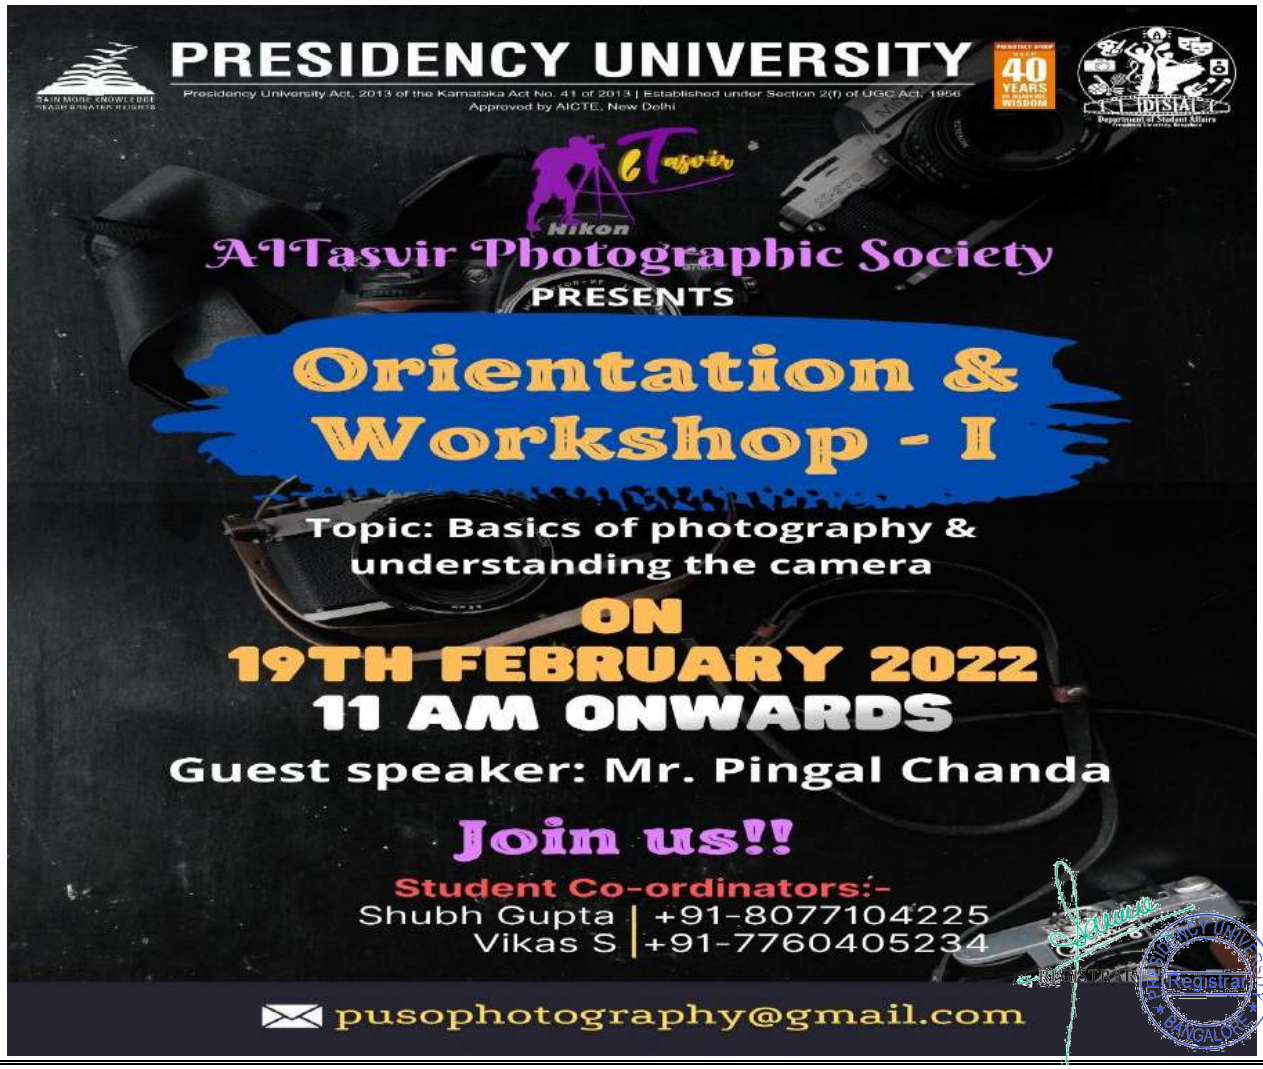
ORIENTATION AND WORKSHOP-1

DATE: 19-02-2022

The 'Photographic society of Presidency University held an Intra-Level Orientation and Workshop-1 on the 19th of February 2022. The main aim of the event is to provide an ability to apply the skills and techniques of Photography efficiently. The chosen topic for Orientation & Workshop-I was Basics of Photography & Understanding the camera.



The participants were asked to join the session to know about our club and **learn the basics of photography.** Students belonging to any branch may participate in the event.

The key point of the event:

- Promote the club and its members through a public display of photography.
- **Provide an outlet for the expression of creativity and the sharing of skills and experiences.**
- Provide photographic instruction and mentoring.
- **An ability to understand the theory and creative process of photography.**
- An ability to be familiar with all photographic gear.
- **An ability to apply the skills and techniques of photography.**
- **An ability to communicate ideas and context in a visual format.**

The event witnessed around 105 participants. Mr. Pingal Chanda Videographer of Presidency University, Dept. of DSA was the Guest Speaker of the Workshop and gave a brief introduction about the Basic techniques of Photography and parts of the camera.

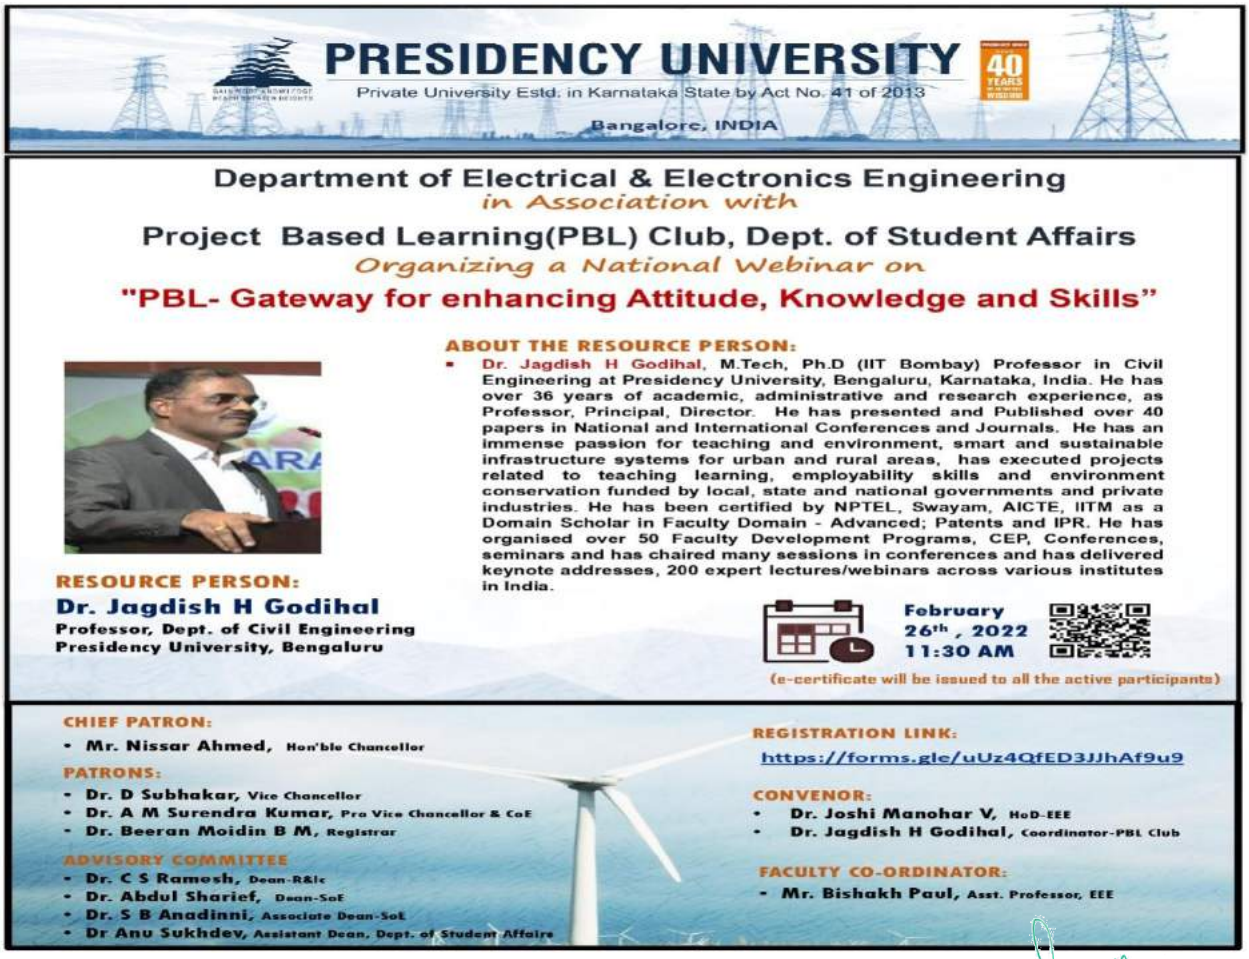
NATIONAL LEVEL WEBINAR ON "PBL

DATE: 26-02-2022

The Department of EEE, in association with PBL Club and DSA, organized a national level webinar on "PBL-Gateway for Enhancing Attitude, Knowledge and Skills". The session was delivered by Dr. Jagdish Godihal, Professor of Civil Engineering at Presidency University, on 26th February 2022 online via MS TEAMS.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Project-based learning (PBL) or project-based instruction is an instructional approach designed to give students the opportunity to develop knowledge and skills through engaging projects set around challenges and problems they may face in the real world. Project-Based Learning is a teaching method in which students gain knowledge and skills by working for an extended period of time to investigate and respond to an authentic, engaging, and complex question, problem, or challenge. The speaker started the session with an introduction to the concepts of the difference between projects based learning and projects. He emphasized the attributes of PBL Execution which are insights, creativity, Collaboration, Context, and Conversion.

The speaker also discussed the pathways for PBL execution which are identifying, giving thought to Probable Solutions/Alternatives/Resources/Outcomes, and also about the various perspective of PBL Stakeholders.

With the help of practical examples of self-driving cars and smart energy various PBL Statements were discussed.

The session was highly interactive and useful for the student community, and all the students' queries were well addressed by the speaker. A few of the snap shots taken during the session are attached below for reference:

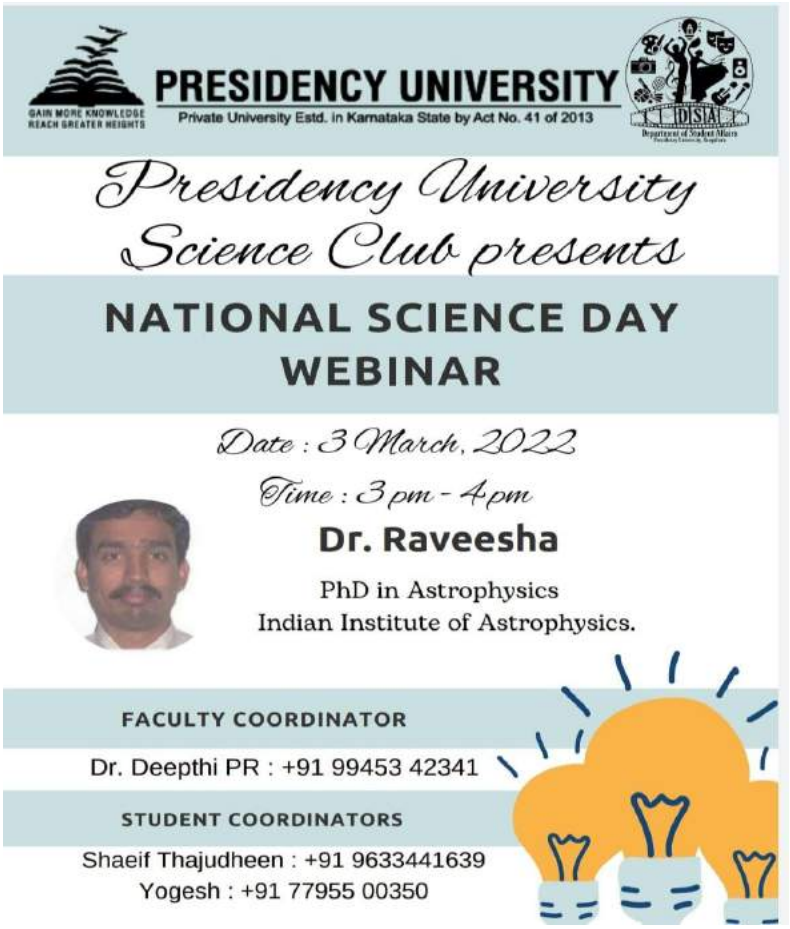
NATIONAL SCIENCE DAY WEBINAR

DATE: 03-03-2022

The Science Club of Presidency University organized a National Science Day Webinar to enhance creativity and practical application skills necessary to solve real-world problems on 3rd of March, 2022.



Dr. Raveesha – Ph.D. in Astrophysics (Indian Institute of Astrophysics) was the guest speaker of the webinar. His fields of interest are Electromagnetics, Optics, and fundamental Mathematics and applications. He is part of teams that work on designing and fabricating experiments to demonstrate principles of Physics. He has published several research papers in reputed

REGISTRAR

Journals. He interacts with students on Radio astronomy, Optics related mini-projects. He has been teaching Engineering students for the past 21 years. He is associated with NGOs involved in outreach programs in schools and colleges to showcase Physics aided technologies that inspire youngsters to take up Physics research.

WEBINAR SUMMARY:

Today's Innovators are those who possess problem-solving skills so, in this webinar, the speaker lively demonstrated the principles of Physics that have led to innovations in Electrical, Electronics, Computer science Engineering, and other fields. This webinar aimed to enhance creativity and practical application skills necessary to solve real-world problems. And Budding engineers are exposed to Engineering challenges of the future, hence encouraging them to learn by experimentation. Total of 42 students participated for the national science day webinar.

DROIDAPP- IDEATHON 2022

DATE: 09-03-2022

DROIDAPP- IDEATHON 2022 – Android Development Environment" was held on 9th of March, 2022. It aimed to create awareness about the Android operating system and to generate new ideas for developing it further. The event also focused on the importance and relevance of mobile apps in today's world.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Mrs. S. Poornima is the faculty coordinator of the Android club. The event started at the scheduled time by faculty coordinators, followed by its guests and students. Dr. Saira Banu Atham inaugurated and gave a brief on the need for Android OS. Mr.Keerthi Raj delivered information about how to participate in the event. It was an interactive session and the students enjoyed asking their queries. The coordinators are Mr. Fiza Javed (second-year coordinator) and Mr. Raj Rajak (first-year coordinator). All three coordinators addressed the participant's live queries at the end of the event. This event sparked the young minds to come with novel and innovative ideas. Dr. Saira Banu Atham concluded the event by giving a vote of thanks. Finally, the participants were awarded certificates. A total number of 9 students participated in the event.

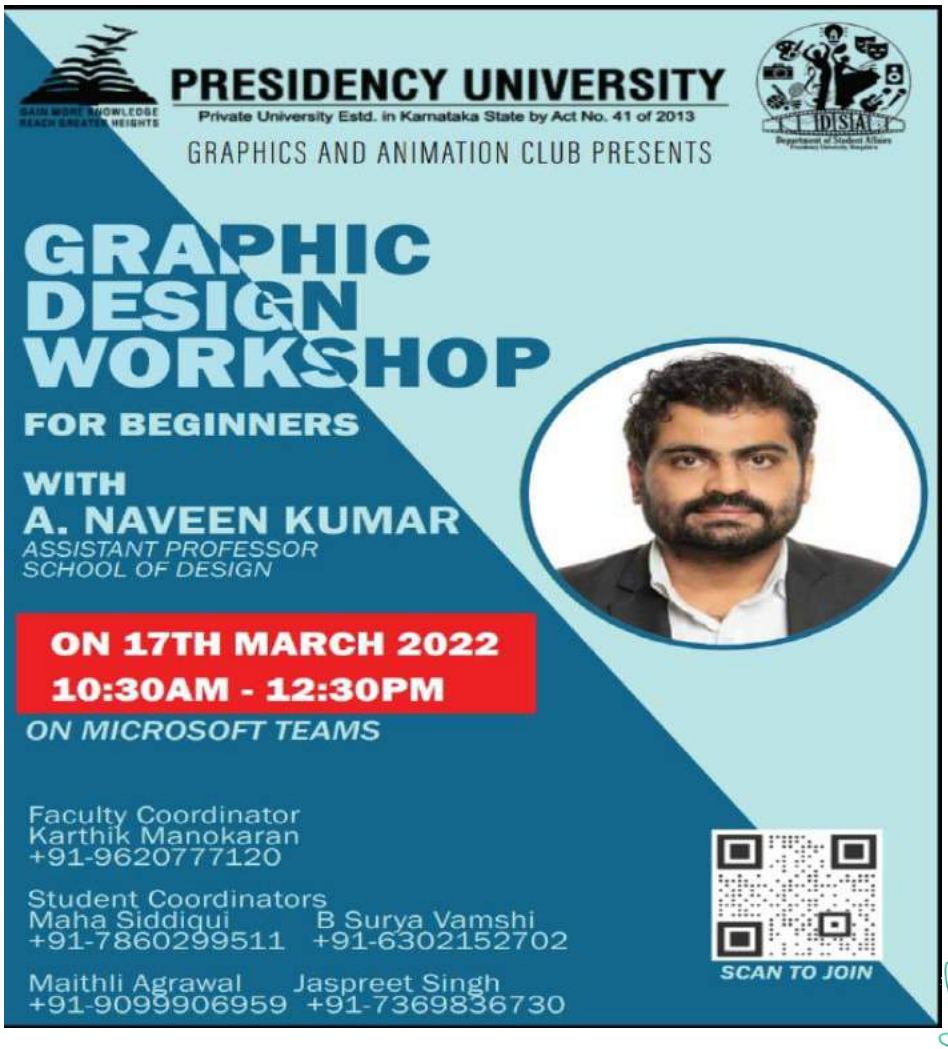
GRAPHIC DESIGN WORKSHOP FOR BEGINNERS

DATE: 17-03-2022

The Graphic & Animation Club at Presidency University is all about creativity and graphic designing. Therefore, it is mandatory for all our members to have basic knowledge about graphic designing and Photoshop. To teach the basics of Photoshop, the club organized a workshop event that was conducted by Mr. A. Naveen Kumar, Assistant Professor from the School of Design, on 17th March 2022.



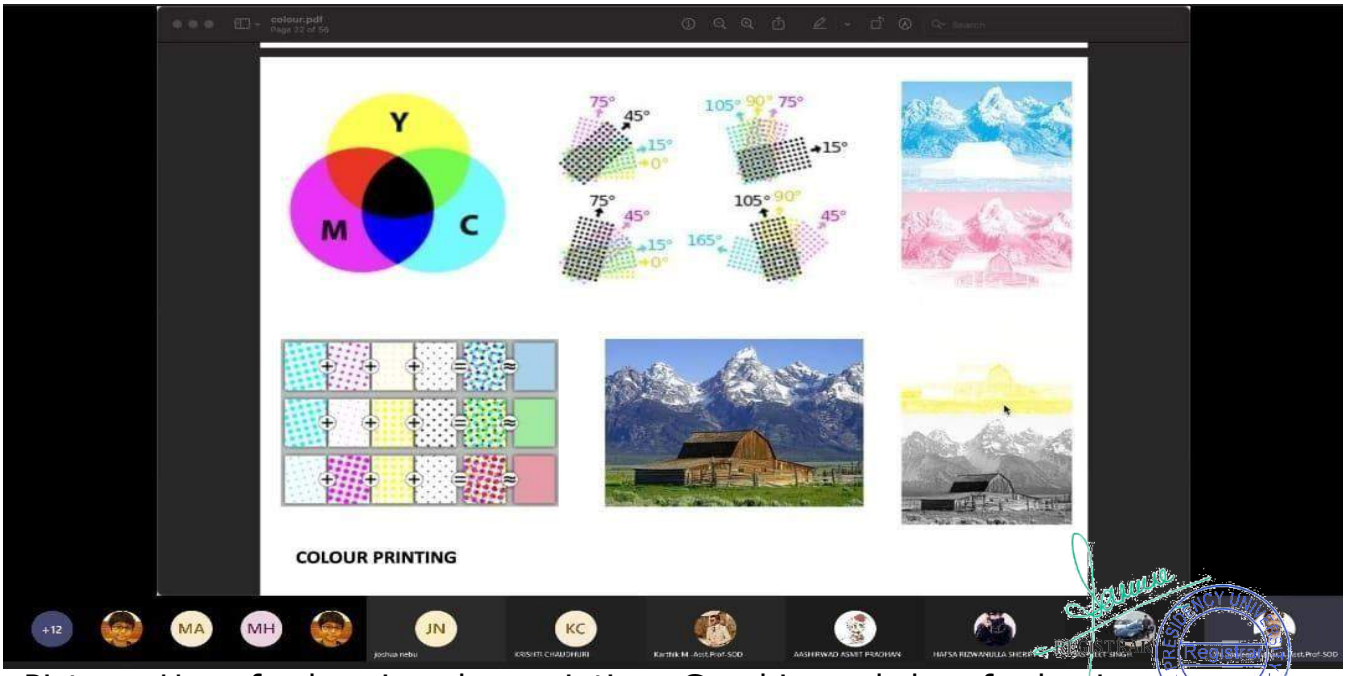
REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

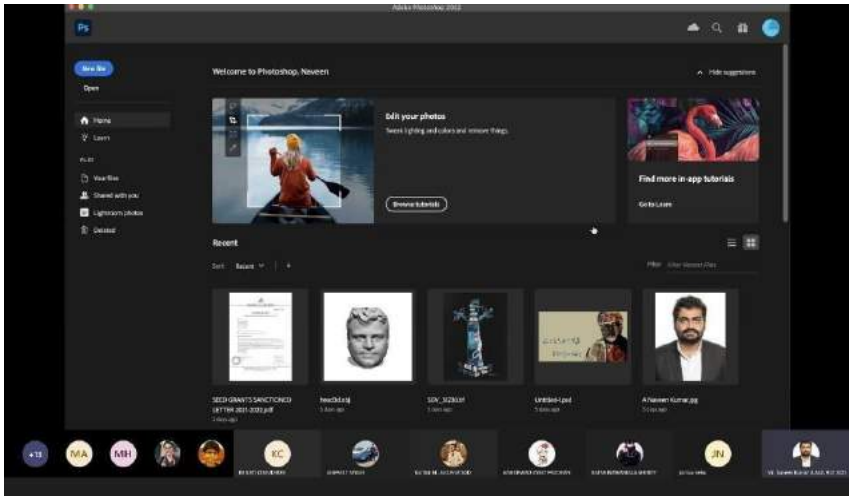
At this event, Mr. Naveen Kumar introduced the basics of Photoshop and the combination of colors, the difference between various ratios of a project, the use of colors in various designs, and the color wheel.
This workshop taught students how to use Photoshop and Illustrator to create logos, packaging, and other design elements. Students also learnt about font psychology, composition theory, and how to design for a target market.

HIGHLIGHT OF THE EVENT:

Picture: Concept of colors by color wheel- Graphic workshop for begineers



Picture: Use of colour in colour printing- Graphic workshop for begineers



Picture: Guest speaker introducing basics of photoshop

MLSA - DEVCON

DATE: 19-03-2022

The Microsoft Learn Student Ambassadors - Presidency University organized a workshop named "MLSA – DEVCON" on the 19th of March, 2022 with an aim to share their knowledge with all the students of Presidency University.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

This was a Technical event-based conference, in which various famous personalities from the professional world came together to conduct workshops and share their knowledge with the interested students. This event was conducted by MLSA communities from all over India and our MLSA-PU was also a part of it. There were informative sessions on -->Metaverse, NFT, Web 3.0, Cyber-security, AI/ML, Open-Source, UI-UX, Quantum Computing, Product Management, and Azure. Some Fun quizzes and Q and A sessions with top speakers were also conducted. **Overall, the session went well, and the registered students left with expanded knowledge.** A total of 30 students registered and Participated in the event-based conference.

DEPARTMENT OF STUDENT AFFAIRS

ENERGY SWARAJ YATRA

DATE: 24-03-2022

The project Based Learning Club and the Department of Student Affairs (DSA), Presidency University Organized an Energy Swaraj Yatra program on 24th April, 2022.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The details of the activities carried out are given below:

1. Welcome of Prof. Chetan Singh Solanki with saplings by Prof Jagdish H Godihal, Professor of Civil Engineering, and Deputy Dean- Academic Research; Dr. Anu Sukhdev, Professor and Asst Dean, DSA.

2. Planting of the sapling by Prof Chetan along with faculty and students of the University.

3. The interaction session of Prof Chetan was held with Vice-chancellor Dr. Subhakar, Pro VC Dr. Surendrakumar, Registrar Dr. Beeran Moidin B M, Dean SoE, Dr. Abdul Sharief, Dr. S B Anadinni, Assoc Dean, Dr. Balu, Asst Dean, SoC, Dr. Ashok Itagi, HoD, SoD. Dr. Manohar Joshi, HoD, EEE, Prof. Jagdish H Godihal, Professor CIV- Deputy Dean-Academic Research and Coordinator of the PBL Club and Convenor of this event.

4. It is followed by the expert talk on energy swaraj and Climate change by Prof. Chetan Singh Solanki in the auditorium of the university:

Prof Solanki talked about Energy is Everything and Everything is Energy. Gandhiji's statement that "Earth has enough for everybody's need but not for anybody's greed" is as fundamental as the fact Sun rising from the East. However, in contradiction, the world economies are increasingly trying to produce more and consume more. This contradiction is fueled mainly by fossil energy (80-85%), leading to another contradiction wherein increasing energy consumption is required to maintain economic growth, while rampant use of fossil energy is causing climate change. Climate change is threatening not only sustainable life but the sustainability of life on the planet.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

We have only 7-9 years left before we reach global warming of 1.50C (IPCC report). Therefore "drastic" and "immediate" actions are required to mitigate climate change. The solution lies in adopting Energy Swaraj or generating and consuming energy locally. Adopting Energy Swaraj will also help in skill development, livelihood creation, energy independence, local economy strengthening, and of course, climate change mitigation. To create a public movement and establish Energy Swaraj across, an 11 years long Energy Swaraj Yatra (2020-30) through a solar bus is undertaken by Prof. Chetan S. Solanki, IIT Bombay. Prof. Solanki lives onthe bus and has pledged not to go home for 11 years.

5. Demo of Energy Swaraj Solar Bus:

The bus has the facilities to go through all daily activities. Energy Swaraj Yatra bus will be demonstrated after the talk. The bus is fitted with 3.2 kW solar panels and 6 kWh of battery storage. It has a 3 kVa inverter. Lights, cooler, cookstove, TV, AC, and laptop charging inside the bus are all solar-powered. The engine of the bus runs on diesel.

This insightful speech by the resource person helped students learn about the causes and effects of climate change and how to mitigate them by using clean energy.

WEBINAR ON SMART INDIA HACKATHON

DATE: 15-06-2022

The Crescendo Developer Club of Presidency University conducted an online webinar on Smart India Hackathon on the 15th of June, 2022. The Webinar was conducted online via Microsoft teams.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Smart India Hackathon is a nationwide initiative to provide students with a platform to solve some of the pressing problems we face daily, thus inculcating a culture of product innovation and a problem-solving mindset. The webinar gave an introduction to the students about the National Hackathon. Both pre and the post-registration processes were explained by our guest speaker and former smart India Hackathon 2020 winner, Mr. Uttkarsh Chaurasia. Our guest explained in detail the process of how his team got to the finals and how our students can achieve the same. **This program helped students to get a basic understanding of the new technologies that they may need later on their career.** Out of 43 students who have registered for the webinar, only 32 students participated. AQ & A session was also conducted at the end to resolve all the queries of the students.

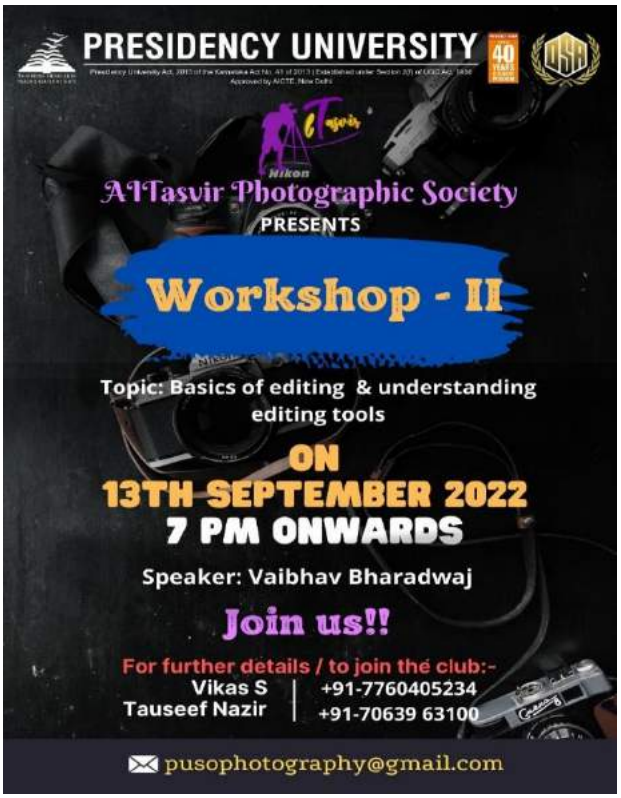
BASICS OF EDITING AND UNDERSTANDING EDITING TOOLS

DATE: 13-09-2022

The Al Tasvir Photography Society of Presidency University conducted a video editing workshop on the 13th September 2022, from 7:00 p.m. to 8:00 p.m. The workshop was the second in a series and was open to all the students of Presidency University.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The topic of the Video editing workshop II was "Basics of editing and understanding editing tools". Students showed their interest in the workshop and they came up with different questions and situations today's youth come across. This workshop introduced a new idea, inspire participants to further explore it on their own, or may illustrate and promoted actual process practice. It is a great way to teach hands-on skills as it gives learners an opportunity to try out new methods and fail in a safe environment.

This hands-on experience helped students discuss the difficulties faced while editing and motivated them to get involved and try to find the solution for the same.

The faculty coordinator and Videographer of DSA -Mr. Pingal Chanda guided and briefed the students further on the given topic. Around 97 students actively participated in the Workshop II.

WEBINAR ON IOT IN ENGINEERING – A SYSTEMIC APPROACH

DATE: 24-09-2022

The Department of EEE in association with **IEEE Power & Energy Society Student Branch Chapter,** Presidency University has organized an online Industry Institute Interaction webinar on "**IOT in Engineering – A Systemic Approach**" **on 24th September 2022** in between 10.30 AM and 12:30 PM. Around 100 participants including faculty members and UG students had participated. **Mr. DEEPAK ARAVIND,** Technology Leader, Physical Digital Systems, ELGI, Coimbatore was the honored speaker.

The webinar was organized under the guidance of **Dr. V Joshi Manohar**, HOD, EEE and the Program was coordinated by **Mrs. Ragasudha C P and Mr. Bishakh Paul**. The session started at 10:30 AM with the blessings and wishes from invited dignitary and was finished by 12:30 PM.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Mr. Bishakh Paul, welcomed the speaker and addressed the participants. He appreciated the department for organizing such events and highlighted the importance of the webinar. He also extended his gratitude to the guest for accepting the invitation and joining forthe event.

Mrs. Ragasudha C P, Asst, Professor EEE, introduced the honorable speaker to the participants after which the session was handed over to the speaker. The Speaker Mr. Deepak Aravind started the session with the title "Introduction to IOT" and gave an overview about IOT and when IOT was first Introduced to the world and continued the session with topics like "IOT Architecture", "Industry and IOT", "Industry used cases in IOT", "Benefits of IOT" and "Challenges for IOT in Engineering".

Dr. V Joshi Manohar, HOD-EEE, then addressed our Honorable Spokesperson and also told us about Qualities and Advantages of having such and Industry Interaction Webinars which helps us nurture our future endeavors and he also congratulated the speaker for joining us and for being available for us in his busy schedule and also looking forward for more such Interaction Webinars.

Finally, the speaker made us go through the Live Demo of the project he is currently handling and also gave us a brief intro about how the system and the IOT works in Real Time Cases in which he showed us the Lightning Management of Smart Street Lamps, Asset Management, Reports related to project and in the end he showed up the Event Alerts and how to do Diagnosis of the Alerts.

The question answer session went among students, speaker and the faculty members. Mr. K Sreekanth Reddy, Asst, Professor EEE appreciated the speaker and the participants for their active participation and concluded the Event with Vote of thanks.

The Webinar session started with the Introduction of IOT where the speaker Mr. Deepak sir gave us a brief introduction about IOT, He stated that the existence of IOT came into the beginning from the year 1999 to the early 2000's at MIT's Auto-ID Lab by Kevin Aston.

He then gave us a conceptional theory that what actually IOT defines which stated "A network of physical objects or 'things' that are embedded with sensors, software and communication technologies for the purpose of connecting and exchanging data with other devices and systems over the Internet" with a basic but very important example of Smart Street Lights.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Cyber Physical Systems (CPS) are systems that link the physical world (e.g., through sensors or actuators) with the virtual world of information processing. This does not just mean the convergence. Many systems can be categorized as CPS. These smart meters connect the physical world to cyber space. The demand load data is transferred via two- way communication channels that are used to measure and control the physical components. On the cyber (cloud) side computations are carried out by the objectives of utility maximization and cost minimization.

Internet of Things (IOT) is a network of physical devices, vehicles, buildings and other items embedded with electronics, software, sensors, actuators, and network connectivity that enable these objects to collect and exchange data. The IOT network allows objects to be sensed and/or controlled remotely across existing network infrastructure, creating opportunities for more direct integration of the physical world into computer-based systems, and resulting in improved efficiency, accuracy and economic benefit.

1. Sensors: Sensors are used to detect physical phenomena such as light, heat, pressure, temperature, humidity etc. Sensors are regarded as a revolutionary information gathering method to build the information and communication system, which will greatly improve the reliability and efficiency of infrastructure systems. It follows IPv6 addressing system. IP addresses are the backbone to the entire IoT ecosystem. IPv6's huge increase in address space is an important factor in the development of the Internet of Things.

2. Low PAN Gateway: These are the Gateways to the Internet for all the things/devices that we want to interact with. Gateway help to bridge the internal network of sensor nodes with the external Internet. The Low PAN concept originated from the idea that "the Internet Protocol should be applied even to the smallest devices, and that low-power devices with limited processing capabilities should be able to participate in the Internet of Things.

He then introduced us about some of the few IOT hosting platforms and explained some of them,
The following Platforms are:

1. Thing Worx 8 IOT Platform

Thing Worx is one of the leading IOT platforms for industrial companies, which provides easy connectivity for devices. It enables the experience from today's connected world. Thing Worx 8 is a better, faster, easier platform, providing the functionality to build, deploy, and extend industrial projects and apps.

REGISTRAR
PRESIDENCY UNIVERSITY
Registrar
BANGALORE

Thing Worx is an IOT platform designed by PTC for development of enterprise app development. It offers basic features, such as:

- Easy connectivity with electronic devices, like sensors and RFIDs
- You can work remotely once you are done with the setup
- Pre-built widgets for the dashboard
- Remove Complexity of the project
- Integrated machine learning

Pros:

- Easy web page designs for customers
- Easy to manage devices
- Simple connectivity solutions

Cons:

- Difficult to use with custom programs in C.
- Hard to manage complex systems.
- The limitation to install edge program on a custom platform.

2. IBM Watson IOT Platform

IBM Watson is a powerful platform backed by IBM 's the Bluemix and hybrid cloud PaaS (platform as a service) development platform. By providing easy sample apps and interfaces for IoT services, they make it accessible to beginners. You can easily try out their sample to see how it works, which makes it stand out from other platforms.
Users can get the following features:
Real-time data exchange Secure Communication Cognitive systems
Recently added data sensor and weather data service

Pros:

- Process untapped data
- Handle huge quantities of data
- Improve customer services

Cons:

- Need a lot of maintenance.
- Take time for Watson integration
- High switching cost.

He then Introduced us to SCADA which in used world widely for all the automation and Industrial Applications. SCADA stands for Supervisory control and Data Acquisition; it is an industrial computer-based control system employed to gather and analyze the real-time data to keep track, monitor and control industrial equipment's in different types of industries. Consider

REGISTRAR
PRESIDENCY UNIVERSITY
Registrar
BENGALURU

the application of SCADA in power systems for operation and control. SCADA in power system can be defined as the power distribution application which is typically based on the software package. The electrical distribution system consists of several substations; these substations will have multiple numbers of controllers, sensors and operator-interface points.

In general, for controlling and monitoring a substation in real time (PLCs) Programmable Logic Controllers, Circuit breakers and Power monitors are used. Data is transmitted from the PLCs and other devices to a computer-based-SCADA node located at each substation. One or more computers are located at different centralized control and monitoring points.
SCADA system usage have become popular from the 1960s with the increase in need of monitoring and controlling the equipment. Early systems built using mainframe computers were expensive as they were manually operated and monitored. But the recent advancements in technology have made-advanced, automated SCADA systems with maximum efficiency at reduced cost, according to the alarming requirements of the company.

3. Architecture of SCADA

Generally, the SCADA system includes the following components: local processors, operating equipment, PLCs, instruments, remote terminal unit, intelligent electronic device, master terminal unit or host computers and a PC with human machine interface.

4. Digital Grid: -

He then told us all about the working of Digital Grid a very future promising Technology in the world of EEE. Digital Grid is an Electrical Grid with Automation, Communication and IT systems that can monitor power flows from points of generation to points of consumption (even down to appliances level) and control the power flow or curtail the load to match generation in real time or near real time. Smart Grids can be achieved by implementing efficient transmission & distribution systems, system operations, consumer integration and renewable integration. Smart grid solutions help to monitor, measure and control power flows in real time that can contribute to identification of losses and thereby appropriate technical and managerial actions can be taken to arrest the losses. Smart grid solutions can contribute to reduction of T&D losses, Peak load management, improved quality of Service, increased reliability, better asset management, renewable integration, better accessibility to electricity etc. and also lead to self- healing grids.

5. Vision for India

Transform the Indian power sector in to a secure, adaptive, sustainable and digitally enabled ecosystem that provides reliable and quality energy for all with active participation of stakeholders.

Verified Signature
PRESIDENCY UNIVERSITY BANGALORE

Features of Smart Grid

Smart grid has several positive features that give direct benefit to consumers:

- Real time monitoring.
- Automated outage management and faster restoration.
- Dynamic pricing mechanisms.
- Incentivize consumers to alter usage during different times of day based on pricing signals.
- Better energy management.
- In-house displays.
- Web portals and mobile apps.
- Track and manage energy usage.

- Opportunities to reduce and conserve electricity etc.

Smart Grid will also facilitate distributed generation, especially the roof top solar generation, by allowing movement and measurement of energy in both directions using control systems and net metering that will help "prosumers" i.e. the consumers who both produce and consume electricity, to safely connect to the grid.
Benefits of Smart Grid Deployments

Several groups of the society are provided with multiple benefits through the Smart Grid implementations. Such include utility, customers and the regulators while some of the benefits include:

- Reduction of T&D losses.
- Peak load management, improved QOS and reliability.
- Reduction in power purchase cost.
- Better asset management.
- Increased grid visibility and self-healing grids.
- Renewable integration and accessibility to electricity.
- Increased options such as TOU tariff, DR programs, net metering.
- Satisfied customers and financially sound utilities etc.

6. OVERVIEW OF SMART LIGHTING SYSTEMS

In this section, we were introduced to basic components of smart lighting systems (SLSs) and give detailed categorization based on different features of SLSs. The term smart in a lighting system in a smart city environment refers to its being autonomous and efficient which is achieved by the features of the IoT technology. Normally, efficiency for one lamp can be increased significantly with the advances in lamp technology (e.g., LED). Despite improvements, there is still great potential in the current lighting systems to save energy. For instance, by introducing different sensors (e.g., light sensor, motion sensor, etc.) and efficient communication schemes, a lighting system

PRESIDENCY UNIVERSITY BANGALORE

can be autonomous, efficient, and interoperable with other components of the smart city. Such a sensor-equipped lighting system that can communicate with other lamp units and a central management system efficiently is referred as Smart Lighting System (SLS). In addition to the reduction in power consumption, an SLS also provides a reduction in the maintenance cost since faults in the lamps can be easily detected and fixed.

He then gave us a detailed information about the session and explained us why IOT is better for our future endeavors and how it benefits our day-to-day life as well as our Future.

Benefits of IOT as told by Mr. Deepak Sir are: -

- Decreased costs of storage and computing and saving billions of dollars.
- Scalability and System availability.
- Longer lifespan for battery powered sensors/devices.
- Improved Processing, commanding and analytics.
- Health care from anywhere.
- Better safety, security and productivity, hence improving citizen's quality of life.
- Saves Natural resources, etc.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Mr Deepak Aravind, Technology Leader - Physical Digital system at ELGI, Coimbatore, India** for acting as a Resource Person for a webinar on **"IoT in Engineering- A Systemic Approach" on 24/09/2022, 10.30AM to 12.30PM. at Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for your kind acceptance, in spite of your busy schedule. Overall, the participants were enriched in your session on **"IoT in Engineering- A Systemic Approach"** and gained adequate knowledge on the delivered topic to seek the opportunities in that sector.

Once again, I extend my sincere thanks for making the event successful and I expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar

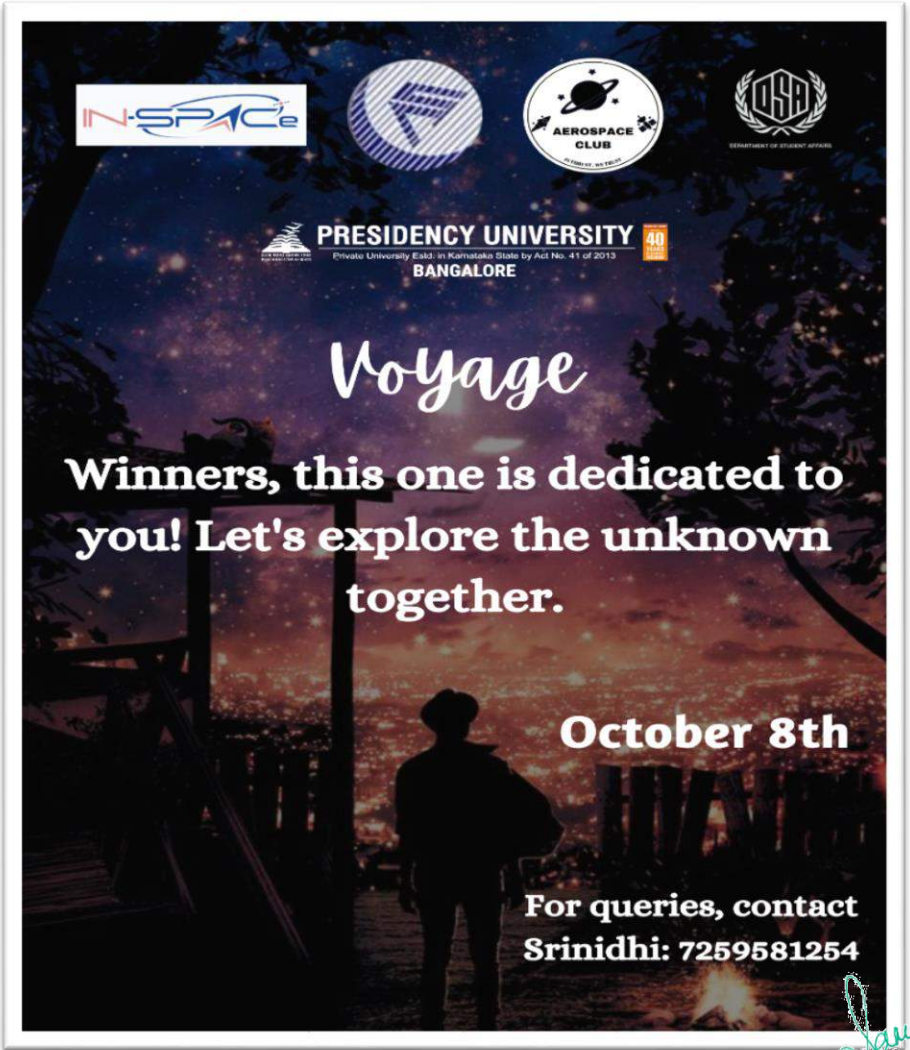
VOYAGE

DATE: 08-10-2022

The Aerospace Club of Presidency University conducted an event called "Voyage" on 8th October 8th, 2022, in collaboration with Space and the Astronautically Society of India, on the occasion of World Space Week.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

On 8th September 2017, the Aerospace Club of Presidency University organized a one-day industrial visit to the Indian Space Research Organization (ISRO) in Bangalore. The visit was attended by 32 students, including the Aerospace Club members, the INSPACE winners, the team members and the volunteers. They visited the ISRO Satellite Centre (ISAC), which is the lead center of ISRO responsible for design, development, assembly and integration of various types of satellites. The students saw the exhibition, where they learned about the part-operational, part-experimental mission to develop Indian expertise in satellite imagery. They also gained knowledge about how satellites broadcast television signals, and saw a working model of it. They were explained about the different electronic devices used in satellite and space communication.

The Industrial Visit was a great benefit for the students to understand directly about the various concepts of satellite and space missions done by ISRO.

MUSKAAN

DATE: 09-10-2022

The Aerospace Club of Presidency University conducted an event called "MUSKAAN" on October 9th, 2022, in collaboration with InSpace and the Astronautical Society of India. The event was held on the occasion of World Space Week.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The Muskan event was about visiting the Muskan orphanage and engaging the orphans in various skillful and science-related activities that were carried out by the members of the club. The students conducted many fun-filled activities. The main aim behind this event is to visualize and observe the challenges of the kids in the orphanage and contribute to their smiles. It is believed that education is the only permanent solution to poverty. The students interviewed the children to understand their mindset and helped them to nurture new skills. They also involved children in many simple science-related activities to improve child's resourcefulness, particularly their skills in goal-setting, planning, and problem-solving. A total of 21 students visited the orphanage and graced the event. Students believed that being active in helping orphanages and orphans can open your mind to other viewpoints, help you become better accustomed to society, and prevent the detachment that is generally felt in modern society. Altogether it was a very enriching experience to visit Muskan orphanage.

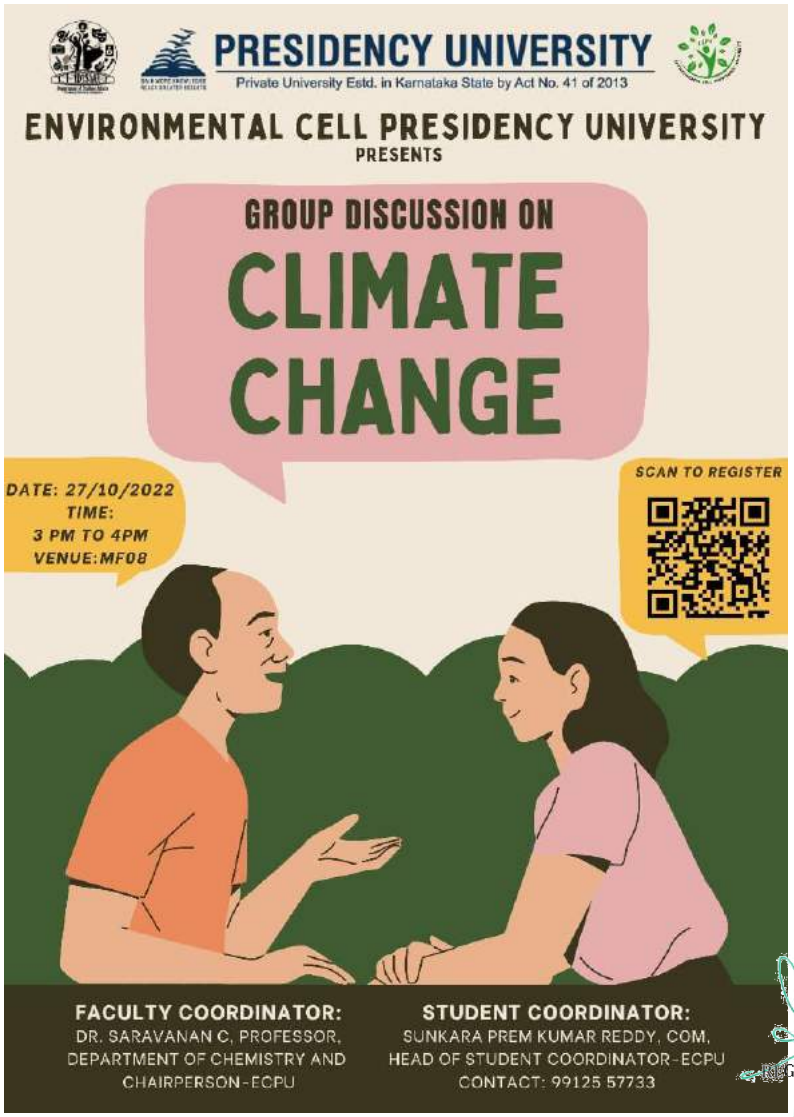
GROUP DISCUSSION ON CLIMATE CHANGE

DATE: 27-10-2022

The Environmental cell of Presidency University presented a "Group Discussion on "Climate Change" on 27th October, 2022 at MF 08 between 3 p.m. to 4:00 p.m.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

With the rise in the average temperature of the earth, there has been a massive shrinking of the snow cover, especially in the northern hemisphere of the globe.

Extreme climatic conditions have been reported across the world. This variation in the climate pattern is gradual but evident in many parts of the globe. Elongated days and warm winters are some of the unlikely changes occurring in the atmosphere. The Environmental Cell of Presidency University organized a group discussion on drastic climate changes. The discussion went on about the pros and cons and what can we do as an individual to make a better change in the environment, what are the further activities where we take the discussed plans into action were discussed. There were a total of 12 students who have shown their active participation in the group discussion. **This discussion gave an opportunity to develop students' critical thinking and communication skills, as well as the ability to listen, respect, and collaborate with others who may have different perspectives or backgrounds**

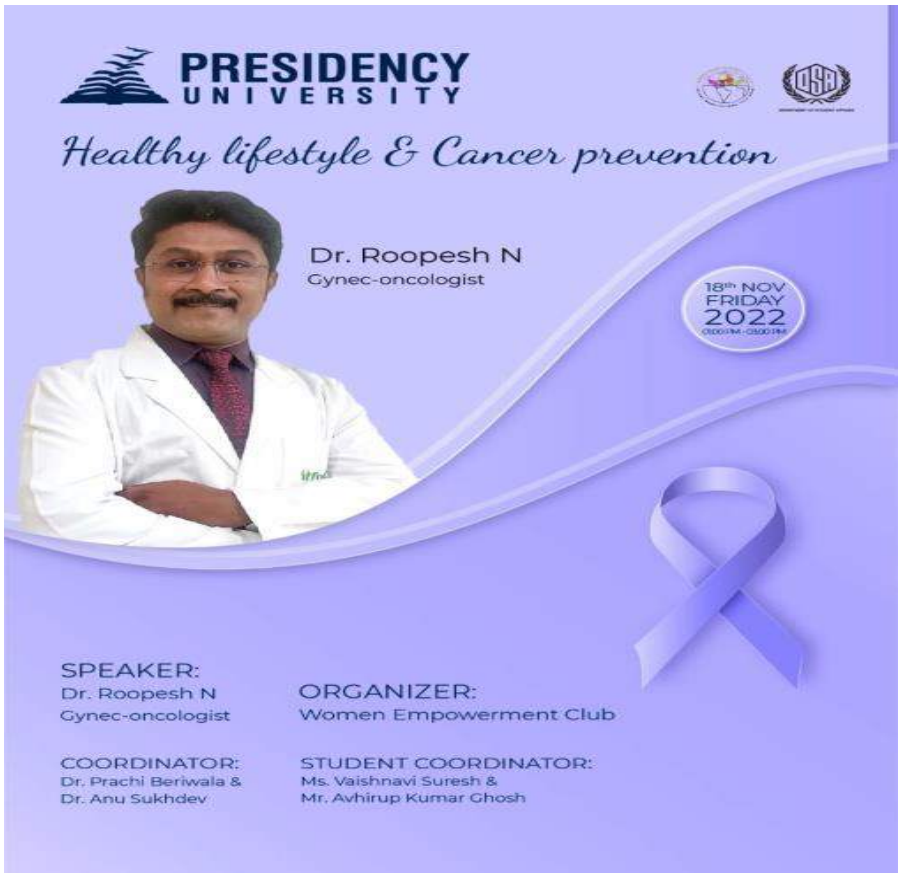
HEALTHY LIFESTYLE AND CANCER PREVENTION

DATE: 18-11-2022

The Women Empowerment Club of Presidency University, Bengaluru hosted a mindful Cancer Awareness program – Healthy lifestyle and Cancer Prevention on 18th November 2022 in the University auditorium.

HIGHLIGHTS OF THE EVENT:



The session was wonderfully conducted by senior consultant Dr. Roopesh N Gynec-Oncologist. He shared knowledge about gynecologic cancer symptoms, risk factors, prevention, and early detection—because every five minutes, someone will be diagnosed with one of these cancers and estimated that over 33,000 will die from gynecologic cancer this year.

REGISTRAR
PRESIDENCY UNIVERSITY Registrar BANGALORE

The guest Speaker briefed about various cancers like Breast Cancer, Cervical Cancer, and Ovarian Cancer. The main objective was to educate and create awareness among the students and faculty members about the Cancer possibilities in women on the gynecological aspect. Dr. Roopesh N discussed the types of gynec cancers and reasons for cancer and also the ways to prevent them were shared with the audience. Indian women need to be aware of both modifiable and non-modifiable risk factors for breast cancer to adopt appropriate practices for prevention. Breast cancer is the most common cancer among women in India and most present at an advanced stage. Although early detection is the only way to reduce morbidity and mortality, people have a very low awareness of breast cancer signs and symptoms and screening practices. The purpose of this session was to assess the level of awareness and impact of awareness programs in the adoption of safe practices in prevention and early detection. **Students and faculties from different schools participated in the awareness program and gained knowledge about the awareness, early detection, and prevention of gynec cancers.**

WEBINAR ON POWER CONVERTERS AND THEIR INDUSTRIAL APPLICATIONS

DATE: 19-11-2022

The Department of EEE in association with IEEE Power & Energy Society Student Branch Chapter, Presidency University has organized an online Industry Institute Interaction webinar on "Power Converters and their Industrial Applications" on 19th November 2022 in between 10.00 AM and 12:00 PM. Around 100 participants including faculty members and UG students had participated. Dr. Prabhat Ranjan Tripathi, Lead, Power Electronics System Design, FleetRF PVT LTD, Noida, India was the honored speaker.

The webinar was organized under the guidance of Dr. V Joshi Manohar, HOD, EEE and the Program was coordinated by Dr. Sumit Kumar Jha. The session started at 10:00 AM with the blessings and wishes from invited dignitary and was finished by 12:00 PM.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Dr. Sumit Kumar Jha, Assistant Professor, EEE welcomed the speaker and addressed the participants. He appreciated the department for organizing such events and highlighted the importance of the webinar. He also extended his gratitude to the guest for accepting the invitation and joining for the event.

Further, he introduced the honorable speaker to the participants after which the session was handed over to the speaker. The Speaker Dr. Prabhat Ranjan Tripathi started the session with the title "Power Converters used in Industrial Application" and gave an overview about evolution of transistors in power convertersand when transistor was first Introduced to the world and continued the session with topics like "Ideal Buck Converter", "Design of Buck Converter for Industrial Application", "Selecting Devices for the application of Buck Converter", "PCB Designing" and "Challenges for PCB Designing on Altium software".

Dr. V Joshi Manohar, HOD-EEE, then addressed our Honorable Spokesperson and also told us about Qualities and Advantages of having such and Industry Interaction Webinars which helps us nurture our future endeavors and he also congratulated the speaker for joining us and for being available for us in his busy schedule and also looking forward for more such Interaction Webinars.

Finally, the speaker made us go through the Live Demo of the design of buck converter on Altium software. He demonstrated the crucial elements in choosing the capacitor for different kinds of converter. He has also explained the role of electrolytic and ceramic capacitor in reducing the voltage ripple in power converter applications.

The question answer session went among students, speaker and the faculty members. Dr. Sumit Kumar Jha, Asst, Professor EEE appreciated the speaker and the participants for their active participation and concluded the Event with Vote of thanks.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Dr. Prabhat Ranjan Tripathi, Lead, Power Systems, FleetRE PVT LTD, Noida, India** for acting as a **Resource Person** for a webinar on **"Power Converters and their Industrial Applications"** on 19/11/2022, 10.00AM to 12.00PM, **under IEEE Power and Energy Society, Student Branch Chapter, Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for your kind acceptance, in spite of your busy schedule. Overall, the participants were enriched in your session on **"Power Converters and their Industrial Applications"** and gained adequate knowledge on the delivered topic to seek the opportunities in that sector.

Once again, I extend my sincere thanks for making the event successful and I expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar

INTRODUCTION TO GIT AND GITHUB

DATE: 16-09-2021

Microsoft Learn Student Ambassadors Club of Presidency University organized a webinar on "Introduction to GIT and GITHUB" on 16th September 2021.

No. of Students registered: 305

No. of Participants: 142

The webinar was focused on teaching students about the topic of 'Introduction to Git and GitHub'. And, it covered various sub-topics as stated below:

- Introduction to Version Control
- What is Git?
- Basic Git Commands
- Exploring GitHub
- How to create your first pull request?
- Benefits of contributing to Open-Source

The webinar went smoothly, and every student was able to learn the basic commands and theory related to 'Git' and 'GitHub' showcasing how useful these tools are in the next generation of software development.

The event went on without any problem, and the students were also allowed to ask their doubts in the live session.

Faculty Coordinators: Mr. T Ramesh & Mr. Jyotiranjan Swain – Dept. of CSE

JUGAAD 2.0

DATE: 09-12-2022

The Entrepreneurship Cell of Presidency University, in association with the Institution's Innovation Council, organized an event called "Jugaad 2.0" – It Matters How You Manage! on December 9, 2022. The event was held in the F-Block Seminar Hall-2 for the whole day.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Thinking out of the Box, Cost Cutting and Resource Management are the major skills required for any Entrepreneur.

In order to promote the skills in our students Entrepreneurship Cell in association with Presidency Launchpad Association (Incubator) has conducted a full day event "Jugaad 2.0", a sequel to the previous year "Jugaad" on December 9, 2022 at F-Block Seminar Hall-2 in our Presidency University.

The event has started in the morning with all the teams (13) reporting to venue. The student coordinators Mr. Muni Goutham, Ms. Khushi Gupta explained all the rules of the event and clarified the participants doubts.

In the presence of Faculty coordinator Mrs. Ruhin Kouser Rs. 250 have been distributed to all the participating teams. All the Teams need to make a product out of the given Rs. 250 and sell it in the University campus to make profit and need to return back to the venue to pitch their product.

In the Afternoon, we have invited Mr. Suresh Nair, Sr. Manager of Presidency Launchpad Association. The Innovation Ambassords of Presidency University Mr. Sunil, Mr. Venkat, Ms. Akanksha have blessed us with their presence as Judges. This program provided students with abdunt learning opportunities and industry exposure in the field of entrepreneurship. This program also helped students tonetwork with successful entreprenurs, develop their skills and ideas , and get access to funding and incubation support.

With Creativity, Innovation, Product Pitching and Usage of Money being the criteria to select the winner our Judges have examined all the teams with multiple questions to select the winners unbiasedly.

After pitching all the products by the teams, The winners have been declared at the venue.

<u>The winners and their Products are :</u>

1st Place : Mr. Tauseef Ahmed and Team with Origami Penguin "Bobo".
2nd Place: Ms. Mariam John with Handmade Jewellery
3rd Place: Mr. Giftson and Team with Motion Sensing Electricals &
Ms. Srishty Singh with Naruto painting.

The event succesfully ended with the winners declaration, photo ceremony and expressing thanks to all the Volunteering Team and DSA.

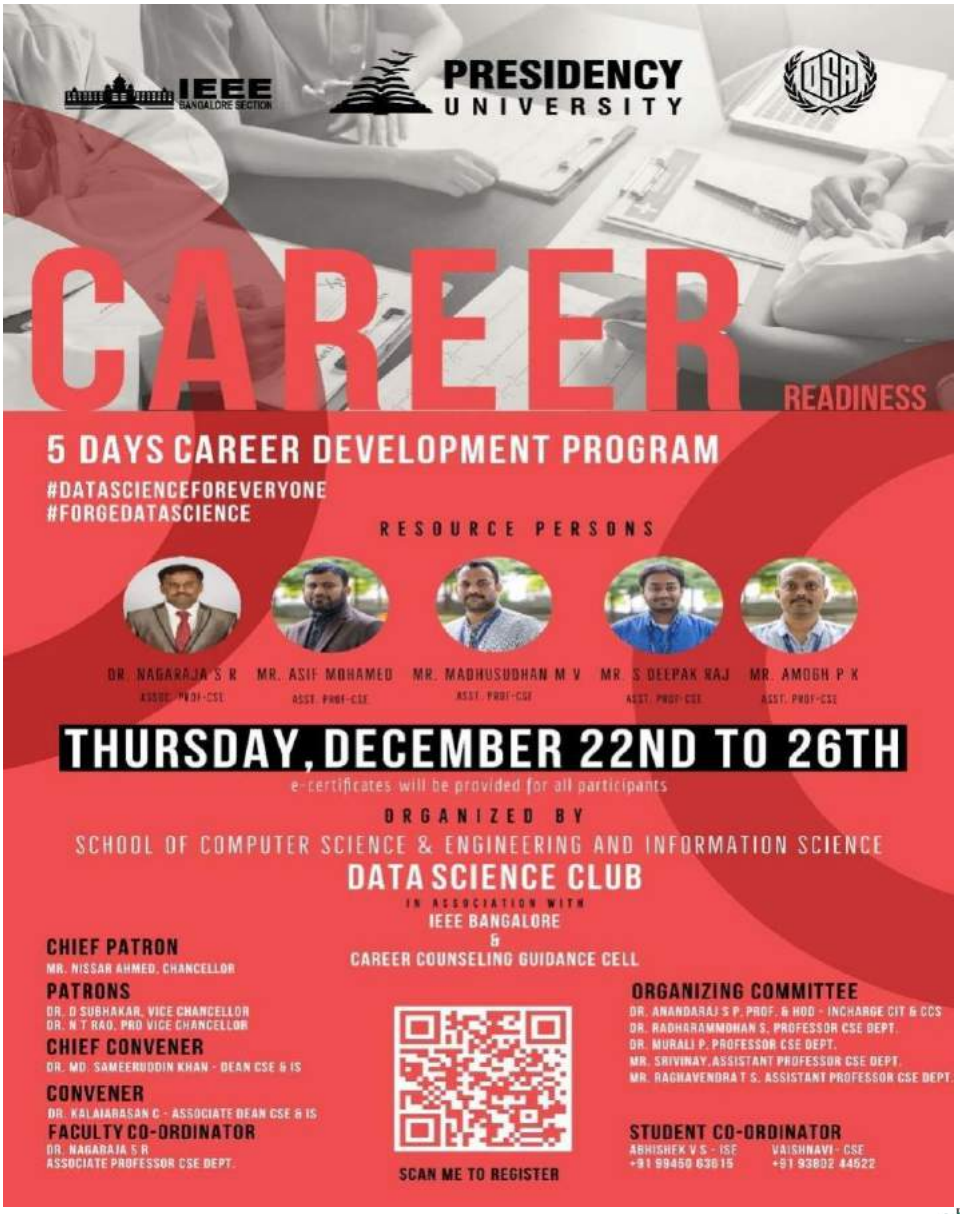
CAMPUS READINESS AND CAREER DEVELOPMENT PROGRAM

DATE: 22-12-2022

The Data Science Club in association with School of Computer Science & Engineering and Information Science of Presidency University, IEEE Bangalore & Career Counseling Guidance cell organized a Campus Readiness and Career Development program from 22nd to 26th December 2022.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The club aims to support learners at any level to explore Data Science and Machine Learning through practical tutorials, expert talks, and hands-on projects. In addition, it strives to enable students to pursue a rewarding career in Data Science and Machine Learning.

A career development program is a structured set of activities and resources designed to help individuals improve their job performance, acquire new skills, and ultimately advance in their careers. The specific components of a career development program can vary depending on the organization and the needs of its employees, but common elements include training and education, mentoring and coaching, job rotation, and opportunities for advancement. The goal of a career development program is to help employees grow and develop in their roles, which in turn can benefit the organization by increasing job satisfaction and retention, and enhancing overall productivity. This program helped students gain and enhance skills that are relevant for their current and future roles.

It was an immersive session by

- Dr. Md. Sameeruddin Khan - DeanCSE
- Dr. Kalaiarasan C-Asso. Dean-CSE
- Dr. T K Thivakaran -Prof. & HOD-Incharge-CSE
- Dr. Anandaraj S P-Prof.& HOD-Incharge-CSE
- Dr. Nagaraja S R
- Mr.Deepak RAJ
- Mr. Asif Mohamed
- Mr. Madhusudan M V
- Mr.Amogh P K

The objectives of a Career Development Program

☐ Building data science skills: The program should provide employees with the technical skills and knowledge they need to work with large, complex data sets, and to use advanced analytics and machine learning techniques to extract insights and make predictions.

☐ Developing domain knowledge: Employees should be provided with the knowledge in the specific area they are working on, in order to be able to understand the data and solve real-world problems.

☐ Enhancing statistical and programming skills: A strong focus on statistics and programming languages such as R and Python are critical for a data scientist.

☐ Developing soft skills: Data science is not only about technical skills, but also about communication, presentation and teamwork. A career development program in data science should also include training to develop soft skills such as data visualization, effective communication, project management, and problem-solving.

☐ Opportunities to work on real-world projects: To apply their knowledge and skills, the employees should have opportunities to work on real- world projects, this would give them the experience to tackle similar problems in the future.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

☐ Encouraging ongoing learning: Data science is a rapidly changing field, so a career development program in data science should encourage employees to continue learning and stay up-to-date with the latest tools, techniques, and best practices.

☐ Aligning the skills of data science team to the organization's goals: The program should be aligned to the organization's goals, this would ensure that the data science team is able to deliver value to the business, as well as meet the organizations goals.

ELEVATOR PITCH

DATE: 23-12-2022

The Entrepreneurship Cell of Presidency University in association with Presidency Launch Pad Association and Department of Learning and Development presented a workshop on "ELEVATOR PITCH" on 23rd December 2022. The event was conducted in QS-04.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

Pitching to an Investor is one of the must skill an Entrepreneur should possess. The event aims to teach Entrepreneur skill in students. The event has started around 9 AM in the morning at QS-04.

Dr. Sreelekha Premjith, HOD of L&D and Mr. Suresh Nair, Sr. Manager of Presidency Launchpad Association has graced us with their presence and opening speeches.The workshop has started with a few activities and went on till 12:30 PM in the afternoon. The session was beautifully designed and lead by Mr. Neeraj Kumar and Ms. Nisha, Trainers. After the Lunch break, the participants are divided into teams to give their Elevator Pitch.The pitching activity was conducted in the Conference hall of Presidency Launch Pad Office till 3 PM in the presence of Mr. Suresh Nair.

The students were educated about Pitching and was also guided about how to give an Elevator Pitch. There was also an interaction session about the Entrepreneurship by Mr. Suresh Nair with the trainers and participants.The event was concluded succesfully with photo ceremony and by expressing thanks to all the Entrepreneurship Cell Team and Department of Student Affairs (DSA).

TECHNICAL TALK ON SUBSTATION AUTOMATION BASED ON IEC 61850

DATE: 28-12-2022

The Department of EEE, Presidency University, Bangalore in association with IEEE Power and Energy Society Student Branch Chapter and Institution's Innovation Council had organized a Technical Talk on Substation Automation based on IEC 61850 on 28th of December 2022. More than 50 participants including faculty members actively attended.

Mr. S. Shantanu Kumar is having 35 years of experience as a power engineer in diversity heavy industries, spanning from Asia to Australia. Currently, he is working with BHP in Perth, WA as a Principal Electrical Engineer. He has successfully designed, engineered and commissioned many utilities and resources substation projects in Asia and Australia.

He is a Fellow and Chartered Engineer of Engineers Australia and is a member of EA interview panel to certify potential power engineering candidates to achieve CP Eng. He regularly contributes research papers on automation and control to reputed journals, conferences and symposiums. The session was graced by the presence of Dr. Joshi Manohar V, HoD-EEE, Dr. Snehaprabha TV, Former Director DSA, Former HOD EEE & Professor EEE, Mr. Ravi V Angadi,Asst. Professor- EEE, Ms. Ragasudha CP ,Asst. Professor-EEE, Mr. Sumit Kumar Jha ,Asst. Professor-EEE.

Dr. Joshi Manohar V, welcomed the dignitaries and addressed the participants. He also extendedhis gratitude to the guest for accepting the invitation and joining the event. He shared his views and thoughts and encouraged all students to learn from these types of expert sessions

Mr. S. Shantanu Kumar interacted with all, about his industry experience, and stressed upon the necessity of research for the growth of our country. He delivered in detail on substation automation based on IEC 61850. Finally, the session was ended with vote of thanks given by Mrs. Ragasudha CP for the making the event successful.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Mr.S. SHANTANU KUMAR, Principal Electrical Engineer, Broken Hill Proprietary Company, Perth, Australia** for delivering Technical Talk **"Substation Automation based on IEC 61850"** on 28/12/2022, between 11.30AM to 01.00PM which is organized by the Department of EEE in association with IEEE Power and Energy Society, Student Branch Chapter & Institution's Innovation Council, Presidency University, Bangalore.

Thank you for volunteering your services, I would like to appreciate you for your kind acceptance, in spite of your busy schedule. Overall, the participants were enriched in your session and gained adequate knowledge on substation automation to choose career opportunities in that sector.

Once again, I extend my sincere thanks for making the event successful and expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar

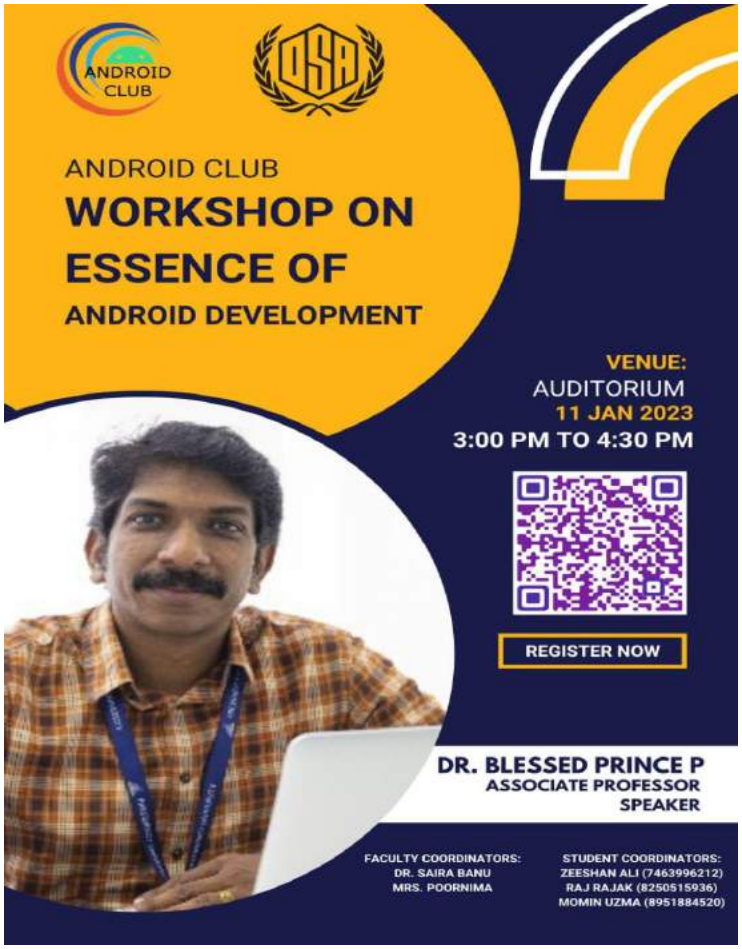
WORKSHOP ON THE ESSENCE OF ANDROID DEVELOPMENT

DATE: 11-01-2023

The Android Club of the Department of Students Affairs, Presidency University organized a Webinar on the Essence of Android Development on 11th January, 2023 between 3:00 pm to 4:30 pm at Presidency University Auditorium.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The workshop on the Essence of Android Development with Dr. Blessed Prince was organized to create awareness of the essence of android development. The intent of this event is to explain the necessity of Android OS and the essence of android development, which is used in human lives day to day. Mrs. Poornima delivered the welcome speech and introduced the speakers to the audience. It was also intimated that certification will be issued to participants who attended the events at the auditorium. The event started at the scheduled time by faculty coordinators, followed by guests and students.

Dr. Saira Banu Atham inaugurated and gave a brief note on the need for Android OS. DR. Blessed Prince P introduced the essentials of the development of the Android app and projected the whole work in the projector and made students learn to make an android app. It was an interactive session and the students enjoyed asking their queries. The faculty member clarified and cleared their doubts. The event was followed by Mrs. Momin Uzma (student coordinator) with the introduction of the event and its importance in the modern world with very interactive content and addressed the participants' live queries at the end of the event. Mr. Raj Rajak, student coordinator meanwhile took the attendance of the students who were participating in the event. Mr. Zeeshan Ali, student coordinator performed the event management. Mrs. Poornima concluded the event by giving a Vote of thanks. This program gave an exposure to students to understand and learn to create an Android App.

PURSUING MASTERS AT ONE OF THE OLDEST TECHNICAL UNIVERSITIES – RIGA TECHNICAL UNIVERSITY, LATVIA GERMANY BY DAAD

DATE: 20-02-2023

The dept. of EEE has organized a Physical Session by DAAD about the Higher Education Opportunities in Germany on 17-02-2023 from 10:45 AM -12:00 PM in association with Office of International Affairs, Presidency University, and Bengaluru.

Dr. S Riyaz Ahammed - Asst.Prof-ECE & Manager at IR office, Presidency University has introduced the speaker Ms. Suganya Tamalapadi, Regional Officer at DAAD German Academic Exchange Service and addressed the importance of arranging the session. Around 50 participants including faculty members and UG students had participated.
Ms. Suganya Tamalapadi, Regional Officer at DAAD German started the session with the "opportunities in Riga Technical University". The speaker presented the following points in the session. How to choose the courses wisely, reasons to go to Germany, the German education system policies, application schedule, fee structure and the corresponding entrance examinations. The speaker also provided the contact details for any further queries to students. Some of the event photos are attached below.

The question answer session went among students and the speaker. The Session was concluded by Ms. Bhuvaneswari, Manager, and IR office with Vote of thanks at 12:00PM.

Some of the pictures which were captured during the session are given below.

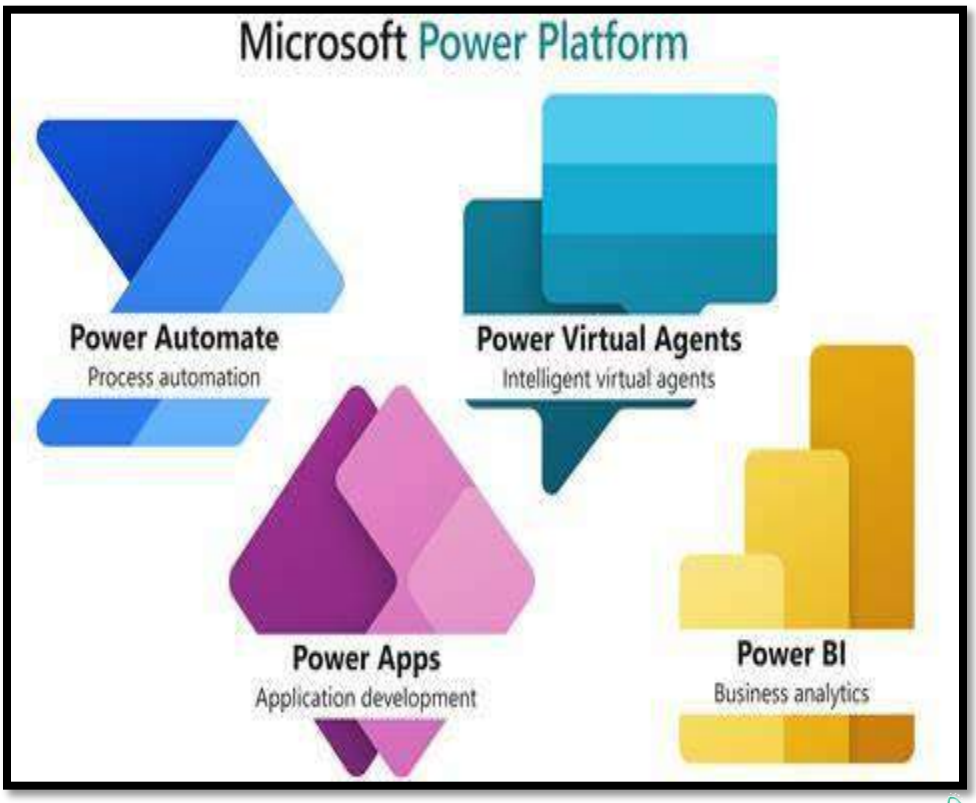
MICROSOFT POWER PLATFORM

DATE: 10-03-2023

A Session was arranged on 10th of March 2023 for the Microsoft Learn Student Ambassadors club members. Microsoft Power Platform is a powerful suite of tools that allows users to analyze data, automate tasks, and create custom business applications without requiring extensive coding knowledge. Although it is often used in business contexts, there are also several ways that students can use Power Platform to enhance their academic work and productivity.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The session was conducted online on Teams platform. Some students felt excited and motivated to learn more about power platforms and how to use them, while others felt overwhelmed or confused by the complexity of the topic. There were 26 attendees. This program helped students to meet challenges effectively with Microsoft Power Platform- analyze data, build solutions, and automate processes, and create virtual agents.

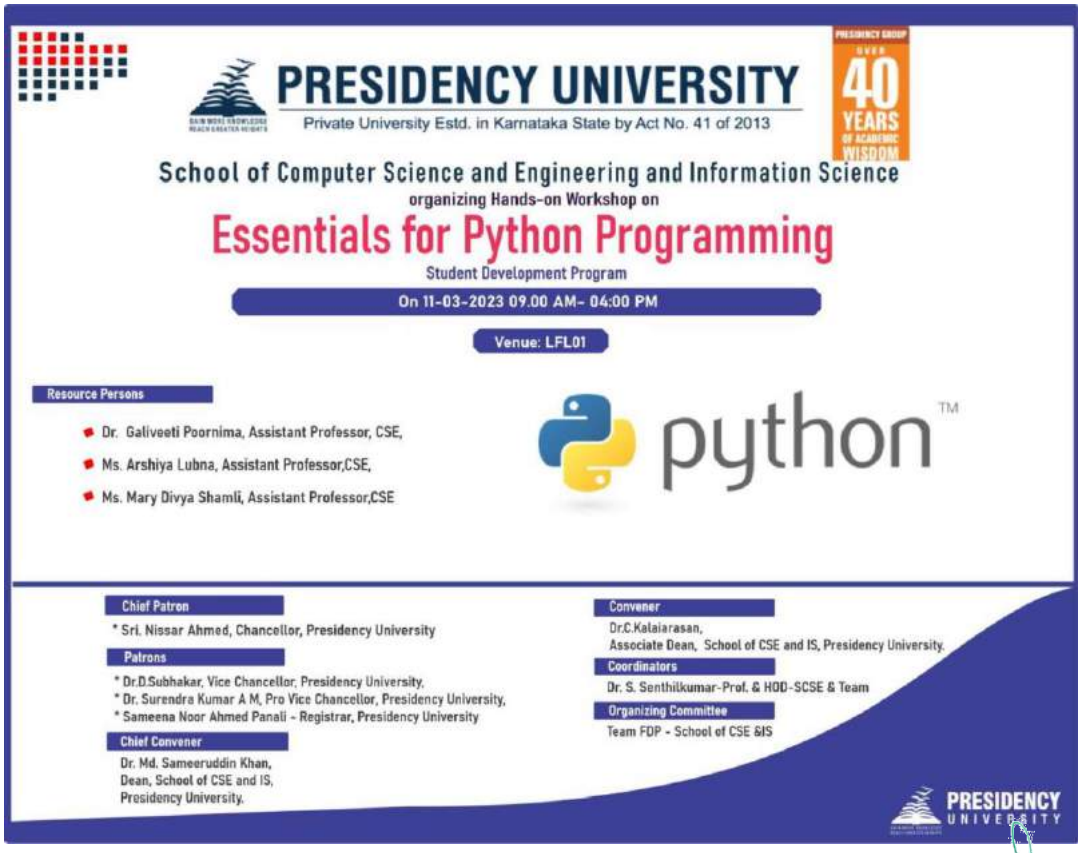
WORKSHOP ON ESSENTIAL PYTHON PROGRAMMING

DATE: 11-03-2023

Hands-On Workshop on Essential for Python Programming organized by the Student Development Program under the School of Computer Science and Engineering and Information Science. The vent was conducted on 11th march, 2023 at 9 am - 4 pm in LFL-01. The event was open for all 3rd year students of the CSE department.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

OBJECTIVE OF THE WORKSHOP:

The workshop includes hands-on training in the python programming language from beginner to advanced level. The workshop was divided into three sessions:
Session 1: Basics of Python.
Session 2: Data Structure in Python.

Session 3: Machine Learning Libraries.
Students practiced the programs and their issues and questions were resolved during the session.

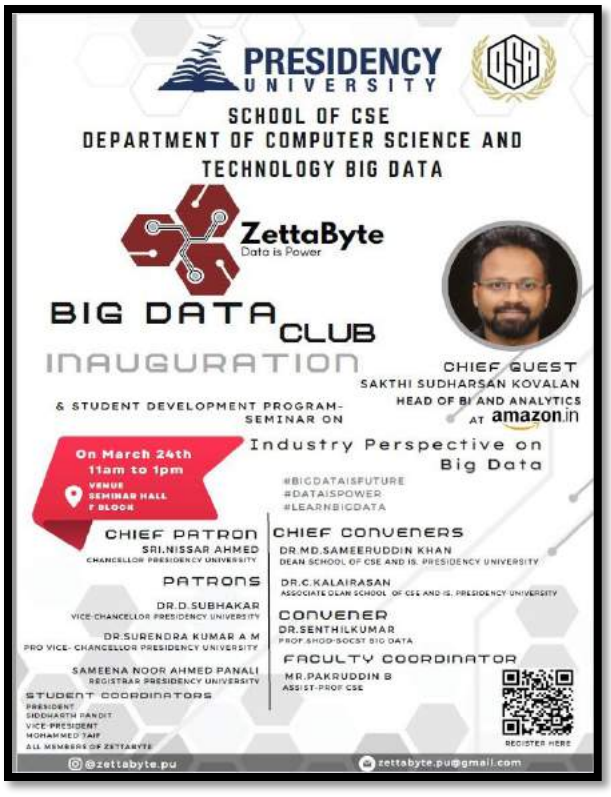
ZETTABYTE CLUB INAUGURATION

DATE: 24-03-2023

Zettabyte is a big data club organized by the students of big data under the Department of computer science and Engineering for the students of big data. This club was formed to teach and enhance the skills that are required to navigate in the field of big data and data analytics. The inauguration of Zettabyte Club was organized on 24th March 2023 at 11 am on F block – Seminar hall.

Zettabyte Club aims to bridge this gap between academia and industry by conducting seminars and workshops relating to tools and software that are needed to handle big data. This program helped students to understand the field better and make them future-ready.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The inauguration event with an immersive session held by Mr. Sakthi Kovalan, head of BI & Analytics at Amazon India gave us an insight into the world of big data. The event was co-chaired by our dean Dr. Sameeruddin Khan and our HoD Dr. Senthil Kumar.

The speaker of the session Sakthi S. Kovalan presented the seminar on "Perspective of the Big Data". The points included in the session were:

- Introduction to Big Data
- View of big data from an Industry lens
- Myths Vs Reality of Big Data
- How to get Industry ready
- Evolution of Big Data
- Role of Big Data

Also, there was a student and speaker interaction for the question-answer round after the seminar. The session was very helpful for the students to get a deeper knowledge of the Industry's needs.

OBJECTIVESOFTHECLUB:

Joining the club is a great way to make new friends, build team work, gain self-confidence and learn real-world skills.

- Building technical skills: The club teaches students the technical skills and knowledge they need to work with large, complex data sets, and to use advanced analytics and machine learning techniques to analyze them.

- Encouraging ongoing learning: Big Data is a rapidly changing field, so the club makes space and encourages students to continue learning and stay up-to-date with the latest tools, techniques, and best practices through seminar, workshops and industry visits.

- Developing domain knowledge: Students should be provided with Knowledge in the specific area they are enthusiastic about, in order to be able to understand the subject and solve real-world problems.

- Opportunities to work on real-world projects: To apply their knowledge and skills, the students should have opportunities to work on real-world projects, this would give them the experience to tackle similar problems in the future.

- Developing soft skills: Zetta byte is not only about technical skills but also about communication, presentation, and teamwork. The club aims to include training to develop soft skills such as effective communication, project management and problem-solving.

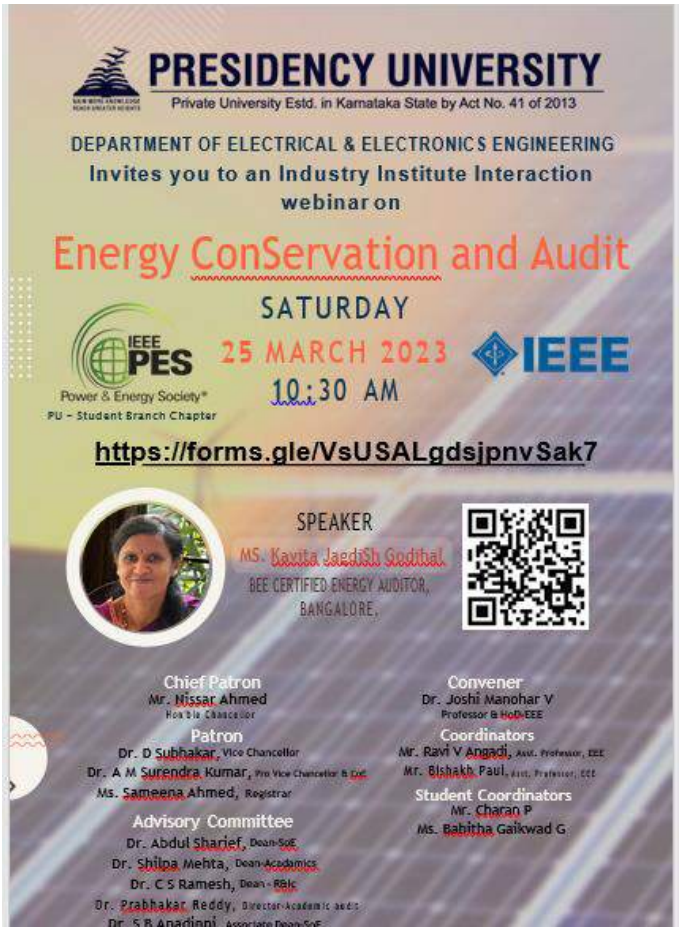
WEBINAR ON
"ENERGY CONSERVATION AND AUDIT"

DATE: 25-03-2023

The Department of EEE, SoE, Presidency University has organized an, "Energy Conservation and Audit" on 25.03.2023. Around 80 plus participants including Faculty Members, Research Scholars, PG and UG students had participated. Mrs. Kavita Jagdish Godihal, Certified Energy Auditor from Bureau of Energy Efficiency (BEE), Bengaluru, India, was the honored speaker.

The online program was graced by the presence of the Dr. V Joshi Manohar (HoD - Dept. of EEE). The program was coordinated by Dr. Mr. Ravi V Angadi, and Mr. Bishakh Paul with Dr. V Joshi Manohar (HoD - Dept. of EEE) being the convener. The session started at 10:30 AM with the blessings and wishes from invited dignitaries.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The session started at 10:30 AM with the wishes of the invited dignitaries. Mr. Charan P, the student coordinator of the program, compared the program and welcomed all the dignitaries and participants followed by this formal inauguration.

Mr. Bishakh Paul, Asst. Professor, Dept. of EEE, introduced the guest to all the participants: Mrs. Kavita Jagdish Godihal, Certified Energy Auditor from the Bureau of Energy Efficiency (BEE), Ministry of Power, GoI, she had completed her B.E. in Industrial Practice (IP) from NIE Mysuru, University of Mysore, Mysuru, and M. Tech. in CAD at Dr. A.P.J. Abdul Kalam Technical University, Lucknow. Mrs. Kavita Jagdish Godihal successfully conducted energy auditing for various organisations like Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhaji Nagar, Rucha Industries Private Limited, Waluj, Chhatrapati Sambhaji Nagar, and also audited more than the top 5 most popular companies like Atlas Capco, Elge, Kaeser, and Global Experts Solution Pvt. Ltd., Aurangabad. Also, Mrs. Kavita Jagdish Godihal was a passionate teacher and had a rich experience of 15 years in academics and administration as a professor and energy auditor. Mrs. Kavita has obtained certifications in courses from IIT Kharagpur, IUCEE, Boston University in domain and engineering education.

The session is handed over to the resource person, Mrs. Kavita Jagdish Godihal, after the formal introduction. The resource person started her talk by conveying warm greetings to the entire organizing team and all the registered participants. The resource person elaborately explained about the scope of Energy Conservation & Audit in details by covering the highlighting the following points mainly;

- ☐ Introduction the Energy, its need and importance of Energy and various resources.
- ☐ Importance of Energy conservation in our day to today life.
- ☐ The major objectives of energy conservations and need of energy conservation.
- ☐ Increase in GHG & the statistics of carbon footprints.
- ☐ Limited availability of various fuels like Coal, Crude oil, Gas and etc.,
- ☐ Cost of energy prices increase in today life.
- ☐ Importance of Energy Security as per IEA.
- ☐ The Government of India Initiative for Energy Conservation.
- ☐ The role of Bureau of Energy Efficient body.
- ☐ Importance of Energy saving.
- ☐ Energy Conservation versus efficiency.
- ☐ Lighting choices for energy conservations.
- ☐ Importance of Energy Audit and need as per the energy act 2001 (BEE)
- ☐ Preliminary energy audit process.
- ☐ Setting a bench mark for managing energy in the organizations
- ☐ Important Tools used in the energy audit process such as Power analyzer, lux meter, Combustion analyzer, Infrared thermometer, Air flow measurement devices, Tachometer, Ultrasonic detector.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

☐ Important website to know more about the energy conservation and the audit as per the government regulations.

The program coordinator appreciated the speaker on behalf of entire department, for putting lots efforts to give insights to all the audience about "Energy Conservation and Audit". The program host is kept open platform for the question and answers session, the resource and address/clarify all the audience question/doubts.

The program was concluded by Ms. Babitha Gaikwad G, student coordinator of the program, from Dept. of EEE by proposing Vote of Thanks by 12.00 PM.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Ms Kavita Jagdish Godihal, BEE Certified Energy Auditor, Bangalore** for acting as a **Resource Person** for a webinar on **"Energy Conservation and Audit"** on 25/03/2023, 10.30AM to 12.00 PM. It was an exceptional learning experience for our students, and it will really help them to succeed and grow as a professional.

Thank you for this opportunity, I would like to appreciate you for your kind acceptance, in spite of your busy schedule. Overall, the experience was absolutely enlightening for the students, and they gained so much knowledge about the energy auditing.

Once again, I extend my sincere thanks for making this webinar successful and I expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar

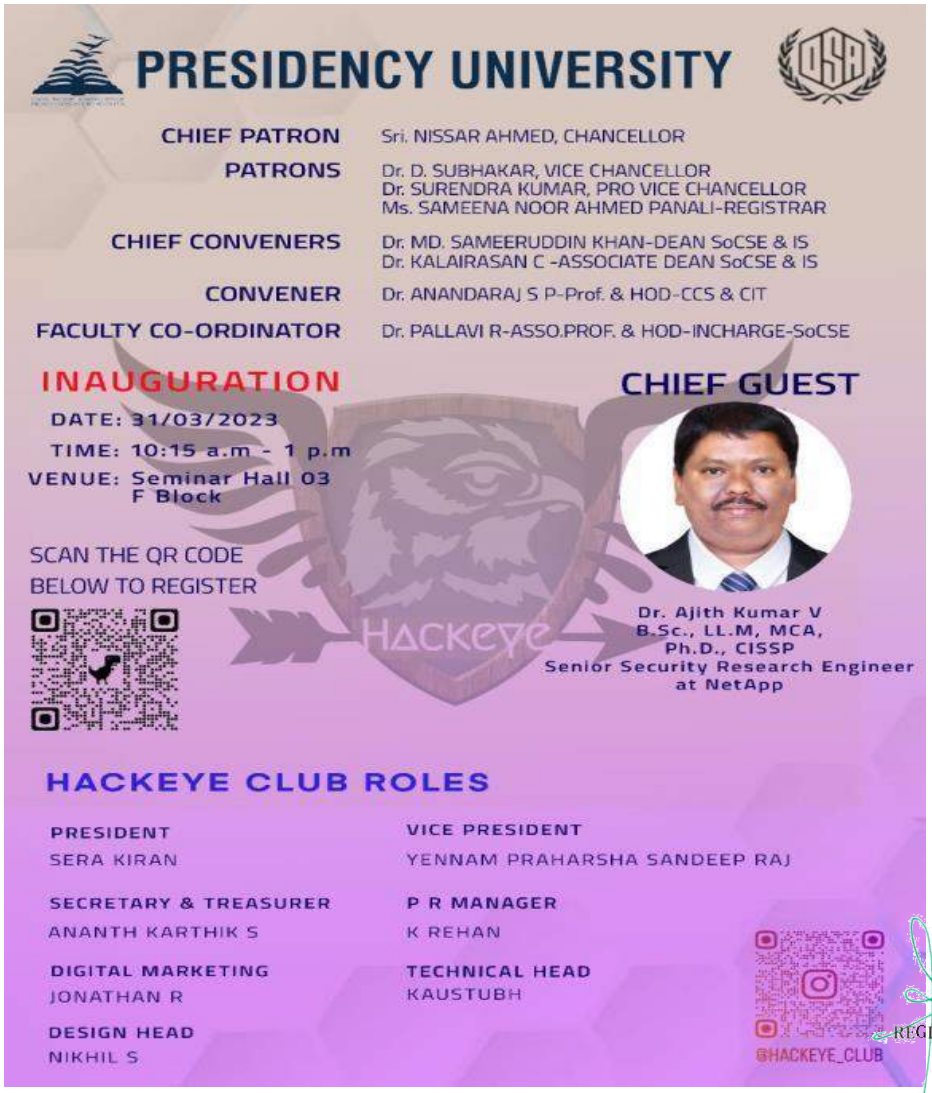
HACKEYE CLUB INAUGURATION

DATE: 31-03-2023

On March 31, 2023, the HACKEYE club Inauguration was held at F block seminar Hall-03. The purpose of the club is to promote awareness about cybersecurity and provide a platform for like-minded individuals to discuss and share their knowledge in the field.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The chief guest for the event was Dr. Ajith Kumar, a senior security research engineer at NetApp.The event began with a welcome address by the Dean Dr. MD Sameeruddin Khan. Dr. Anandaraj S P-Prof.& HOD-SCSE who highlighted the club's objectives. The inauguration ceremony also included the unveiling of the club's logo along with the lighting of the ceremonial lamp. The vision, mission & outcomes of the club were presented by the club president Sera Kiran.

Dr. Ajith Kumar is a highly motivated and resourceful professional with knowledge and experience in the broad spectrum of cybersecurity. He holds multiple degrees, including B.Sc., LL.M, MCA, Ph.D., and CISSP, and is seeking a leadership role in the information security domain software that offers career growth opportunities. Ajith Kumar gave a keynote address on the importance of cybersecurity in today's digital world in the seminar. He shared his experiences and insights into the field and encouraged the audience to take an active interest in learning about cybersecurity. Finally, the vote of thanks was proposed by Jonathan R, the digital marketing head.

The topics covered by the Chief Guest Dr. Ajith Kumar are mentioned as follows:

- Title: Industry Perspective on CyberSecurity
- Recent trends in cybersecurity
- Industry perspective

- Classification
  - ☐ Critical infrastructure
  - ☐ Network security
  - ☐ Cloud Security
  - ☐ IoT security
  - ☐ Application security

●Skills required:
- ☐ Problem - solving
- ☐ Technical aptitude
- ☐ Knowledge across various platforms
- ☐ Attention to detail
- ☐ A desire to learn
- ☐ Fundamentals of computer forensics
- ☐ Understanding of hacking
- ☐ Principles of programming language

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The event was attended by a large number of students and faculty members from the college. Overall, the inauguration of the HACKEYE club was a resounding success, with a large turnout and enthusiastic participation from all attendees. The club has brought awareness about cyber security by providing a platform for discussion and learning in the field.

IDEATHON

DATE: 05-04-2023

Ideathon-2023 was organized by the Android club of DSA on 5th April, 2023 from 2:30 pm to 4:00 pm at UB02 classroom, Presidency University.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The main motivation behind the Ideathon is to bring out various cognitive ideas from the students. Ideathon gives a platform to the Android club participants to freely present their Mobile APP ideas for deployment. There were 10 groups that submitted a total of 10 ideas. A group consists of a minimum of 2 to 6 students. A total of 28 students participated in Ideathon. Participants enthusiastically participated with the intention of mobile development. A few participants showed their interest without any ideas, but still, they were motivated to identify their app ideas in the future.

The event was conducted from 2:30 PM to 4:00 PM. The participants received comments from the coordinators and agreed to refine their ideas at the finest level. This program gave an opportunity to students where they were able to share their ideas and received input to take their ideas in the right direction.

WORKSHOP ON BUSINESS MODEL CANVAS

DATE: 26-04-2023

Entrepreneurship Cell of DSA, Presidency University has conducted the workshop on "Business Model Canvas" on 26th April, 2023 at MG-12 with the support of Presidency Launchpad Association.

It was an exciting and informative workshop to enlighten students and aspiring entrepreneurs about the importance of Business Model. The session was a really interesting and interactive one that kept all the students active throughout the learning process.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

It is said that to embark on an entrepreneurship journey, it requires one have an urge to solve a problem, willingness to learn and the perseverance to see it through. The concept of value is crucial in business. Value is the foundation of every business, whether it is value generation or value capture.

The session started with the opening speech of Mr. Pramodh S Prabhudeva, Head of PLA encouraging participants to start their own start-up and to reach PLA for any support in their Entrepreneurial Journey. The Business Model Canvas and some Business concepts has been beautifully taught by Mr. Debmalya Bhattacharjee, Entrepreneurship Education Consultant.

Every participant of the workshop received full idea and clarity in making BMC and good overview of it by creating their own BMC for their start-up. The workshop has successfully ended with the feedback from the participants. Mr. Muni Goutham, Student Coordinator of Entrepreneurship Cell proposed a Vote of thanks. This workshop helped students understand the importance of Business Model Canvas and to guided them through the BMC and provided space for ideation, reflection and feedback.

DATA SECURITY IN TODAY'S WORLD

DATE: 03-05-2023

The HACKEYE club of DSA, Presidency University organized its first event at F block seminar Hall-03 on 3rd of May, 2023. The Guest speaker of the day was Mr. Ujwal K who is the founder of various companies like Chillitray & Zintlr. He has also built the service agency to over a million dollars in revenue and growing.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

He is currently bootstrapping his product, which is valued very highly by several investors globally. It deals with intelligence related to millions of companies globally which can help in actionable sales outreach and easier conversions. He also built Mr. Pentester - a security sub-org within his agency, which was also a finalist in Elevate Karnataka by the government of Karnataka. His company was mentioned in the hall of fame of various known brands globally. It has 100% track record in Incident responses and have saved tens of millions for customers by helping them hit back after they were hacked.

Besides, he has personally worked with hundreds of companies globally, including Fortune 500 companies in securing them. He has helped in securing the infrastructure of the government of India and other governments globally. His extensive understanding of data security in the modern environment was beneficial to the students. Participant certificate was given to all the participants of the event. This program has inspired many students and helped them learn think out of box and work consistently.

INDUSTRIAL APPLICATIONS OF BLOCKCHAIN TECHNOLOGY

DATE: 05-05-2023

The Genesis Blockchain Club, DSA of Presidency University was inaugurated on 05/05/2023. The function was convened by Dr. S. Senthil Kumar - Prof and Head of the Department of SOCSE (Blockchain). The program was coordinated by Mr. Murthy D.H.R., Assistant Professor (CSE). Nearly 128 students from various departments attended the program.

REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The objective of the blockchain club is to foster a community of individuals interested in learning about and promoting blockchain technology. The club aims to educate its members about the technology, its potential applications, and the impact it can have on various industries like providing a platform for individuals to learn about blockchain technology, its fundamentals, and its potential applications. Creating a network of like-minded individuals interested in blockchain technology and promoting collaboration and knowledge sharing among members. Students from different schools/departments attended the inauguration event with excitement to learn something new.

During the event, the guest speakers Omkar Kushal N K founder & CEO, of Platon Services PVT LTD, and Ganesh Prasad Kumble Co-founder, Sarva Labs delivered a presentation on the basics of block chain technology, its various applications, and potential future developments. The speaker engaged the students by providing real-life examples of how blockchain technology works and conducted interactive activities that were both educational and enjoyable. The session was highly interactive, allowing for meaningful discussion and engagement between the speaker and the students.

"IEEE TRAINING SESSION DATABASE"

DATE: 08-05-2023

The Department of Electrical & Electronics Engineering, Presidency University has Organised an "IEEE Training session on Database" held on 08th –MAY- 2022. Around 80 participants including faculty members and UG students had participated. Mr. Srinivasa- Training Manager -South India EBSCO Information Center was the speaker for the day.

The Session was Graced by presence of Dr. Shrishail Anadinnni Associate Dean School of Engineering & Dr. Joshi Manohar, HOD EEE and the program was conducted by Department of Electrical and Electronics Engineering Students and Faculty, IEEE Members. The ceremony Started at 12.00PM at F Block, Seminar Hall-3, Presidency University.

Mr. Sunil Kumar A.V Asst. Professor Dept. of E.E.E. welcome the Dignitaries and addressed the participants. He also extended her gratitude to the guest for accepting the invitation and joining for the Session. The session was further continued by the speaker.

Mr. Srinivasa is training Manager of EBSCO Information Centre. Where he Started the session with introducing himself. Moved in the main topic of IEEE X-PLORE Features.

About the IEEE X-PLORE Digital library with Help of Kim bus Research. Type of Subscription our university have Purchased. And he has told 13 Years of old research papers we can have access.

We can also Find many features in IEEE-XPLORE such as Conferences held in International, National, state level with venue and details. And we can find the articles, journals, Books etc.

And also He have given brief about the different tools Available in IEEE X-plore for Beginners for writing Research Papers. And Explained About the Benefits of IEEE Students having with these IEEE X-PLORE.

REGISTRAR

And at last online quiz was conducted. Many Students have participated in Answered the Question and top 5 Scorer have Won Some Valuable Gifts

- Top 1st have Received an IEEE T-Shirt
- Top 2nd have Received a Dairy and Pen
- Top 3rd have received IEEE Small Notebook and Pen
- Top 4th have Received a Pen
- Top 5th have received a IEEE Short book

The Speaker, faculties, participants have congratulated the Winners Mr. Sunil Kumar Thanked the Dignitaries, Chief Guest, Students, IEEE. Members for the making these Event Successful and Given the Vote of Thanks. with These the Session is ended.

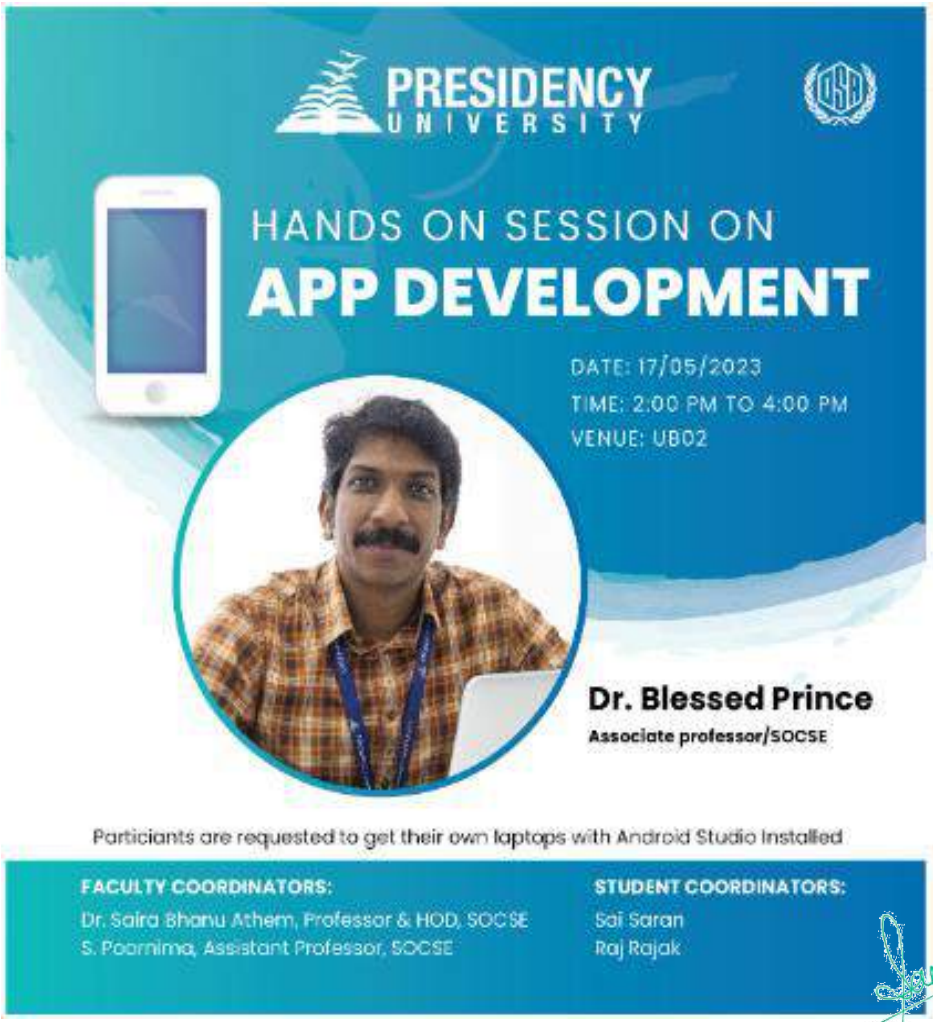
HANDS-ON SESSION ON APP DEVELOPMENT

DATE:17-05-2023

The Hands-on Session on App Development was held on 17thMay 2023 from 2:30 PM to 4:00 PM on APP DEVELOPMENT by Android Club, DSA. The speaker of the event was DR. BLESSED PRINCE to provide a hands-on session on how to develop an Android app.



REGISTRAR

PRESIDENCY UNIVERSITY Registrar BANGALORE

The intent of this event is to explain the necessity of Android OS and the essence of Android development, which is used in human lives day to day. Mrs. Poornima delivered the welcome speech and introduced the speakers to the audience. It was also intimated that certification will be issued to participants who attended the events at the auditorium. The event started at the scheduled time by faculty coordinators, followed by guests and students. Dr. Saira Banu Atham inaugurated and gave a brief on the need for Android OS. DR. BLESSED PRINCE P delivered the event on "WORKSHOP ON ESSENCE OF ANDROID DEVELOPMENT". A total number of 28 students participated in the event. The guest speaker introduced the essentials of the development of an Android app and projected the whole work on the projector and made students learn to make an Android app. It was an interactive session and the students enjoyed asking their queries. The resource person clarified and cleared their doubts.

LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Dr. Arindam Sanyal, Team Lead, Power Research and Development Consultants Pvt. Ltd., Kolkata, West Bengal,** for acting as a **Resource Person** for a webinar on **"Impact of Renewable Energy in Current Power Market Scenario"** on **27/05/2023, 10.30AM to 12.30PM. under IEEE Power and Energy Society, Student Branch Chapter, Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for your kind acceptance, in spite of your busy schedule. Overall, the participants were enriched in your session on **"Impact of Renewable Energy in Current Power Market Scenario"** and gained adequate knowledge on the delivered topic to seek the opportunities in that sector.

Once again, I extend my sincere thanks for making the event successful and I expect your continuous support in future too.

Sincerely

Dr V Joshi Manohar
Head of the Department
Electrical and Electronics Engineering
